"consistency, thou art a jewel"

—an old proverb

When Olympia Beer was first introduced in 1896, it met with widespread public favor due to its rare flavor, constant purity and light, sparkling quality. Connoisseurs of fine beers remarked on the consistency of its taste, a rare achievement in the art of brewing. The preservation of this brewing formula became an Olympia tradition.

Today, in keeping with this tradition, the second and third generations of the founder's family continue to combine the costliest ingredients with the rare natural brewing water from our artesian wells to make Olympia the same fine beer as it was over fifty-four years ago. Yes, for three generations, Olympia's "Consistency" has been treasured like a precious jewel. Its quality, flavor and constant purity have never changed.
