

Johnson Family Returns From Kiwanis Conclave

Mr. and Mrs. N. D. Johnson and their son, Bobby, of Roseburg have just returned from a five-day Kiwanis convention in St. Louis, Mo. They went there on a specially chartered train, which on the way was stopped several times by the Kansas flash floods.

More than 12,000 Kiwanians and their families were present, about 70 from the northwest.

A special pageant was staged in the Keel auditorium by the Kiwanians of St. Louis, portraying the history of development from St. Louis to the west, entitled "Gateway to Tomorrow."

Among the speakers were Henry Taylor, news correspondent, who talked on travel; Admiral Zachary, who reported on two books he had written: Ronald Regan, film star, who spoke on the fight against Communism in Hollywood; Jimmy Fidler, who explained the Kids' day program, and Arthur Compton, chancellor of Washington university and a former Nobel prize winner. All the speakers expressed confidence in the American way of life and pattern.

One of the highlights of the convention included the appearance on two occasions of singer Lucille Cummings, who is a personal friend of the Johnsons.

The convention even had planned entertainment for the families. Mrs. Johnson and son, Bobby, took an all-day trip in a specially chartered boat down the Mississippi river. They went to the second largest zoo in the world, covering more than 14,000 acres where they saw 2000 animals and several acts by trained animals.

Before leaving, Seattle Kiwanians put on a skit inviting the next year's Kiwanis convention to be held there. The invitation was accepted.

Jacklin Takes Over As Rotary Club President

President-elect Arlo Jacklin officially assumed his new duties as president of the Roseburg Rotary club Thursday noon at the Hotel Umpqua when retiring President Walt Mallory handed him the gavel.

Rotarians responded with hearty applause for musical entertainment provided by Mr. and Mrs. Ham Hamilton on the piano and accordion, respectively.

Mallory received a pas president's pin from Vic Micelli, who welcomed him into that organization. Micelli said he didn't know of any past president who had had more cordial relations with the club or who had done more work to make the club a success.

Mallory thanked the club for the opportunity of serving as president. "I've profited by the experience," he said. "I hope you did." His said cooperation had been splendid from those who had worked with him during the past year.

Mr. and Mrs. Hamilton, who recently moved to Roseburg from Oakland, Calif., played several duets including "Everywhere You Go," "Nola," "Indian Love Call," and "Twilight Time."

Mr. Hamilton, better known as "Ham," came up with his own interpretation of "St. Louis Blues," doing a vocal along with it.

New Director Honored
Four Rotarians gave a report on a party which they attended Wednesday night in Grants Pass. Their wives accompanied them. The four were Jacklin, Mallory, Bill Schell and Roland West. The event was sponsored by the Grants Pass Rotary club.

Highlight of the occasion was the honoring of Charlie Cooley, who recently was elected a director of Rotary International. Cooley is a member of the Grants Pass Rotary club. It was described as a great honor by Jacklin, who pointed out that there are only five such directors in the United States.

Cooley is the first person from the Pacific coast to attain the honor in 30 years, he said. He received more votes than any other candidate elected this year.

Jacklin said the Roseburg delegation to the party received a cordial welcome at Grants Pass. Eddie Sammons of Portland and Cooley spoke at the event, he said, and a dinner, musical entertainment and a dance were also enjoyed.

Youngsters Aided
Lt. Dal Madsen of the Salvation Army made an appeal for funds to send from 10 to 15 youngsters, who would be unable to attend otherwise, to Camp Trestle Glen, Salvation Army summer camp near Portland.

Rotarians donated enough money to finance the 11-day session for the youngsters.

Irv Pugh urged all club members to participate in the 4th of July fireworks display next week which is sponsored by city service clubs.

It was announced that the club participation in the civil defense police reserve program is lagging with only 10 men signed up to date. Mallory urged renewed efforts toward filling the quota.

The club thanked Mrs. Homer Grow for her services as pianist during meetings of the past year.

CARE Director In Roseburg Visit Asks More Gifts

Balance \$5.35 against the lives of 100 children.

This was the challenge of Edward S. Flynn, western director of CARE (Cooperative American Remittances to Europe), in an interview Thursday.

Flynn, in Roseburg to discuss methods of increasing CARE packages to Yugoslavia, explained that \$5.35 pays for 300 pounds of special powdered eggs and milk. He said these items are desperately needed by undernourished Yugoslav orphans.

He added that by arrangement with the department of Agriculture, CARE has obtained surplus of these two items and has packaged them for shipment.

In explaining his mission in Roseburg, Flynn said, "The State department has asked us to step up our operation in Yugoslavia. Now, we have to ask the American public to raise the money to feed orphans of Yugoslavia who don't get state aid."

Coming here from his Los Angeles headquarters, the CARE director is approaching women, veterans' and church groups as well as other organizations which have supported CARE in the past.

"I know Roseburg will respond to this current appeal, because its heart is big and the cause is just," Flynn said.

Flynn explained that CARE has proved to be an excellent way of sending relief abroad to friends and relatives or just unknowns who need it. He said contributions for CARE packs will be received by any church or they may be mailed to "CARE, Portland, Ore."

In conclusion, Flynn said, "Filled stomachs make the ways of peace easier among the little people of the world."

Korea Cease-Fire Negotiations Ordered

like to end the Korean fighting. But what conditions can be imposed to prevent the resumption of hostilities by the Communists are questions for which answers still have to be found.

Senator Bridges (R-NH) and Cain (R-Wash) have introduced a resolution demanding that any cease-fire in Korea provide for release of American prisoners of war they estimated at 10,000.

Fighting Virtually Ends During Cease-Fire Talk

TOKYO — (AP) — The fighting was virtually disappeared from the Korean front today under a mounting wave of cease-fire talk.

"The Chinese don't shoot unless we provoke them," one officer commented. "They sit tight until we come in gun range, then they let loose."

The whole battlefront was like that. The U. S. Eighth army took only 108 wounds Friday to cover the entire ground action in the briefest communique it has issued this year.

Communist radios at Pyongyang in Korea and Peiping in China ignored cease-fire talk.

A high South Korean government source predicted the shooting war would stop within "the next few days."

The Korean legislature unanimously adopted a resolution opposing a truce on the 38th parallel, 20 miles south of the most recent fighting.

The one-house legislature declared it would not approve a cease-fire unless the following conditions were met:

- 1. Complete disarmament of Communist aggressors.
- 2. Withdrawal of Chinese forces north of the Yalu and Tumen rivers (North Korea's boundaries with Manchuria).
- 3. Complete political and territorial unification (of Korea) under the government of the Republic of Korea.
- 4. Assurance of a permanent security of the nation.

Rising Winds Hamper Mt. Scott Fire Fighters

A strong wind last night gave fire fighters a little trouble on the Mt. Scott fire, but the spread was controlled without much difficulty, reports the Douglas Forest Protective association.

The wind blew some live embers across the fire line, causing some spot fires, and a few snags also fell across the trail, but the acreage of burning land was not materially increased. The situation is reported today as "good," in spite of continued record hot weather for the summer.
