

Prevent FOREST FIRE!

VACATION DAYS AHEAD . .

We hope everyone enjoys their outing, their fishing trip, their camping trip. We know you will want to return next year. So do this: Invest a little time and a little effort to be **ABSOLUTELY CERTAIN** your campfire is out—that you have not dropped cigarette butts where a fanning breeze may spread the enemy of every one of us—FIRE.

KEEP OREGON GREEN

1. NEVER toss away a burning cigarette.
2. NEVER leave a camp fire without knowing not a spark remains.
3. REMEMBER — One match tossed carelessly away, may result in the destruction of thousand of acres of growing trees.
