

Controls Bill Awaits Decision Of House

(Continued from Page 1)

stock slaughtering quotas while at the same time allowing rent increases and relaxing curbs on consumer credit.

Defense Mobilization Chief Charles E. Wilson told a Detroit audience last Saturday that "the biggest headache of all — and one for which there is no sure cure — is the danger of runaway inflation."

He said the U. S. must resort to economic controls now "because you simply cannot take some \$150,000,000 out of our economy for defense purposes without creating terrific inflationary strains."

He urged Americans to use their traditional impatience "to see that war production gets rolling and to see that inflation is curbed." Then, he added, "we will have a platform of impregnable strength" for world peace.

Slaughter Quota Sought

Rep. Keating of New York, a Republican, announced he plans to introduce a separate bill today to give the administration the power to set slaughtering quotas. Both houses specifically refused to do this in the controls act.

Mr. Truman also may renew his request to Congress for this and some of the other powers denied him, but the prospect of Congress granting them this year is dim.

"But it may be a different story next year," Spence told newsmen. "The voice of the consumers may be recognized then for, with all the bugs in it, this bill isn't going to do the consumer any good. The ones who will benefit from this bill are the organized interests."

"There are no rollbacks in the bill," Spence added. "This is a roll-up bill and the consumer is going to get the worst of it."

Harold I. Steele Taken By Death

Harold Ivan Steele, 43, resident of Roseburg died July 29, after a short illness. He was born Aug. 5, 1907, in Judd, N. D., and came to Roseburg six years ago to make his home. He was construction foreman for the Miller and Strong Co. He was a member of the Methodist church, the Eagles lodge No. 32 of Missoula, Mont., the Moose lodge of Missoula and the Hoisting and Portable Engineers union of Portland.

Surviving are his widow, Winifred, Roseburg; a daughter, Mrs. Charles Singleton, Roseburg, a son, Rex Steele, U. S. Army stationed at Ft. Worden, Wash.; four brothers: Ray Steele, Minneapolis; Vaughn Steele, Webster, Wis.; Lewis Steele, Edgeley, N. D.; and Ben Steele, Roseburg, and two sisters, Mrs. Bertha Thompson, Yakima, Wash.; Mrs. Mildred Olsen, Minneapolis; and three granddaughters.

Funeral services will be held in The Chapel of the Roses, Roseburg Funeral home, Wednesday Aug. 1, at 2 p. m. with the Rev. Walter MacArthur officiating. Vault interment will follow in the Masonic Cemetery.

DRUNK DRIVING CHARGED

Russell Joseph Alex, 32, has a been lodged in the county jail on a charge of driving while under the influence of liquor, according to state police. He was arraigned early today.

Low Water May Curtail Power

If minimum water conditions prevail at Bonneville dam, the Northwest may experience a power deficiency of 280,000 kilowatts, reports W. E. Trommershausen, southwestern district manager of Bonneville Power Administration.

Trommershausen says that the amount is small in proportion to the peak load — 4,250,000 kilowatts per month — but it represents about one half the power requirements of a city the size of Portland.

If river conditions remain normal, there will be sufficient generation capacity in the area to meet the peak load with little reserve, he said. However, since the Northwest system is primarily powered by a hydroelectric system, a water supply sufficient to operate the installed machinery at capacity is not always assured.

Prediction Not Possible

Minimum water conditions exist about one year in every 25 and there is no information yet available to predict whether the water supply this year will be average or minimum, Trommershausen said.

He pointed out that this is not basis for a prediction of power-curtailment, but does establish the need for completion of additional dams in the Northwest so a reasonable reserve can be maintained at all times.

The substation transformer serving the city of Drain and the Douglas Electric cooperative is approaching full load and congressional authority to procure additional substation transformer capacity has not been received, he said.

Mr. Truman also may renew his request to Congress for this and some of the other powers denied him, but the prospect of Congress granting them this year is dim.

Sutherland

By MRS. BRITAIN SLACK

Two grass fires called the fire department out Tuesday, one near the Southern Pacific tracks east of L & H lumber mill and the other west of town. Both were brought under control before any damage was done.

Wednesday afternoon, they were called to the Al Fisher home east of town on Terrace Lane by a fire which was started when Mrs. Fisher mistook a jug of gasoline for vinegar. She was wiping the dust off the jug when she accidentally dropped it on the floor. The jug broke and the gasoline spilled all over the floor. Mrs. Fisher was in the process of cleaning up the gasoline when the fumes ignited either from the refrigerator or the open flame from the gas water heater. The refrigerator and wall back of it were quite badly burned and the house was smoked. Mrs. Fisher received burns on her feet and legs.

Mr. Fisher had the fire under control by the time the fire department arrived and they soon had it out. Neighbors then came in and cleaned the smoked walls for Mrs. Fisher.

Slayer Granted Parole 30 Years After Escape

FLORENCE, Ariz. — (AP) — Harry N. Nash, 53, is free today to resume ranching in Colorado as Hugh Nolan.

Nash was sentenced to serve 65 to 70 years for the killing of Martin Schwab in 1921. He escaped over a prison wall.

The escaped convict settled on a ranch near Colorado Springs, Colo., married and lived under the name of Nolan. For 23 years he lived a respected citizen until he was rearrested in 1949.

Because of his record the Arizona board of pardons and paroles granted him a life parole last month.

Waiting for him when he walked out of the Arizona state prison was his wife Opal. They embraced and started making plans to return to Colorado.

Girl Survives Ordeal After Mountain Fall

MILLINOCKET, ME. — (AP) — A 22-year-old girl was recovering today—with no bones broken—from a hundred-foot fall Saturday night down the granite face of Maine's highest mountain which left her helpless on a ledge for seven hours in cold fog.

Marcia Doolittle of Schenectady, N. Y., was reported in good condition at Bangor hospital after her rescue early Sunday from the mile-high peak of Mt. Katahdin.

Landing on the ledge saved her from falling another 200 feet into a basin studded with boulders.

Her hiking companion, David D. Chipman, 23, Boston, raced five miles to the base of the mountain for help.

A nurse, game wardens, forest rangers and lumberjacks removed the injured girl on an improvised stretcher.

LEON SIMPSON, with muzzle-loading rifle and powderhorn, stands beside a covered wagon in front of The Frontier, his store on the North Umpqua near Honey creek, which he erected this past spring and from which he dispenses groceries and picnic foods, sportsmen's supplies, novelties and various articles of craftsmanship. Nearly everything, in fact. —(Paul Jenkins)

Winston

By MRS. GEORGE BACHER

Clarence Raymond Walker of Camp Rucker, Ala., is visiting his parents, Mr. and Mrs. Clarence Walker, of Winston. His furlough extends until August 2. Walker, who enlisted in the army five months ago, is serving with the 4th division of field artillery at Camp Rucker.

All members of Winston Community club are asked to attend the meeting of the community hall on Thursday evening, August 2. The business meeting will begin at 7:30.

Last word received by Mrs. H. A. Winston, who with 22 other teachers and students are on a tour of Europe, indicated that she has left the party and is visiting relatives in Germany for a few days. Later she will rejoin the group and continue with them. She will return here late in August.

Letters written to her husband and her daughter, Mrs. James Gray, have been postmarked in such historic cities as Oslo, Stockholm, Amsterdam and Brussels. The trip over was described as "smooth and thrilling." They embarked on the Empress of France on June 2. Periodically they have paused in the trek to receive instructions in specially conducted classes on customs and languages of various countries before entering.

Accommodations as a whole have been "remarkably blegood," according to Mrs. Winston. While meals were noticeably poor in Scotland and England, Sweden has more than compensated, she said. There the tables "simply groaned with good." Particularly interesting to Mrs. Winston, whose hobby is collecting glass, was the hand-blown glassware in which all food was served in the hotels there.

The tour is sponsored by the Oregon College of Education.

Mr. and Mrs. Hubert Iler and son, Loren; and Mr. and Mrs. Thaedo Hopkins and son, Wayne, have left for their home in Arlington, Tex., following a visit here with Mr. and Mrs. J. Kearby Masters. While here the Texas visitors were taken by their uncle and aunt, Mr. and Mrs. Masters, to points of interest along the coast. It was their first visit in the northwest and the first time they had seen the ocean.

A number of Winston residents have been made jobless as a result of the closure of the battery separator plant in Dillard. The company has as yet given no indication of reopening.

Walter Anderson has been dismissed from the Roseburg hospital and has returned to his position with the Richter logging company.

Mr. and Mrs. William Stevens have moved from Winston to Powers where the former has accepted employment.

On Sunday a day's outing was enjoyed at Bandon by Mr. and Mrs. R. L. Harrison and the former's father, A. O. Harrison.

Ronald Dee Barnes, son of Mr. and Mrs. L. D. Barnes, has enlisted in the U. S. navy and at present is stationed in San Diego. Prior to moving to Toketee Falls a few weeks ago, he had spent a number of years as a resident of this community. He was graduated from Roseburg high school in 1951.

Mrs. James Tynan (Billie Burks) and children, Krea and Jim, are guests this week of Mrs. Tynan's parents, Mr. and Mrs. Fred Burks. Recent guests in the Ray Brosi home were Mr. and Mrs. Don Fowler of Portland. The Fowlers recently returned to the United States from Paris, France, where Mr. Fowler had been stationed with the U. S. Army for three years.

Expected here are Mrs. Chelsea

JANICE PARKS, above, daughter of Mr. and Mrs. Marvin H. Parks of Sutherland, is the Sutherland Business and Professional Women's club candidate for queen of that community's Timber Days celebration Aug. 10, 11 and 12. Janice is 16, a senior next year at Sutherland high and has an excellent scholastic record. She is five feet one inch tall, weighs 108 pounds, has brown hair and blue eyes. Janice's talents include making many friends. She has been a favorite with her fellow students, who chose her as senior carnival queen, junior prom princess, cheer leader and editor of the school paper. She has the enthusiastic endorsement of her sponsors. (Picture by The Photo Lab)

Browne (Beverly Winston) and children, Chelsea James and Cheryl. They will visit the children's maternal grandfather, H. A. Winston. The Brownes resided in this community prior to moving to Portland, and later to Eugene.

An Award of Merit has been received by Mrs. George Bacher "in recognition of meritorious service" in the 1951 Red Cross campaign. The award was made by Robert P. Kidder, fund chairman of the Douglas county chapter. Mrs. Bacher was assisted by twelve other housewives in making a door-to-door canvass early in the spring. Winston has been commended on the amount donated which was over and above the designated quota.

10 Air Force Privates Accused Of Auto Thefts

FAIRFIELD, Calif. — (AP) — Ten air force privates are in jail here charged with stealing more than 100 automobiles.

Authorities recovered parts of some 30 cars stolen from used car lots in northern California cities.

They had tried for a year to break up the car stealing gang, one of the largest ever uncovered in California. The cars were stolen methodically from used car lots in Sacramento, Vallejo, Napa and San Rafael.

Highway patrol Sergeant Walter Simmons said the ring was directed by Private George R. Brines, 23, Seattle. He said Brines was convicted in Seattle in 1944 of car theft and, when arrested, had a set of master keys.

Auto Accident Probe Leads To Stolen Funds

SPOKANE — (AP) — The \$1,095 stolen from the Washington Kennel club Saturday night was discovered by a Spokane policeman Sunday in a cardboard box atop a viaduct leading to a brewery.

The find was the lucky result of a routine investigation into an automobile accident.

Policeman Jack Tenney had gone with a fellow officer to check on the accident when he thought he saw a man on the brewery roof. He climbed the viaduct to head for the roof and stumbled on the box.

BIG CHINOOK LANDED

A 46½ pound chinook salmon was the prize of a weekend fishing trip by a Roseburg party. George West, owner of Umpqua Valley Hardware Co., and his two sons, Richard and Robert, fished at the mouth of the Rogue river and brought back a limit catch. The big fish was taken Saturday by 15-year-old Richard after a long battle.

V. Gallantz Dies At Age Of 73

Valentine Gallantz, 73, resident of Douglas county for the last 21 years, died Saturday at a local hospital after a short illness. Born Jan. 11, 1878, at St. Stephen, Austria, Mr. Gallantz came to this country as a boy. As a young man he worked in the coal mines and in the woods in the vicinity of Iron Mountain, Mich. He was married to Magdalena Truppe in 1907. The family later moved to Minnesota, where Mr. Gallantz followed railroad work for a number of years. For the last eight years he has been residing with his daughter, Mrs. Eugene Princen, of Tipton road. For a number of years, Mr. Gallantz operated a small farm at Brockway.

Surviving is his widow, Mrs. Magdalena Gallantz of Roseburg; three daughters: Mrs. Helen Princen of Roseburg; Mrs. Betty Land of Alameda, Calif.; and Mrs. John Tehelish of Minneapolis, Minn., and three grandchildren. Reincarnation of the Rosary will be held in the chapel of Long and Orr at 7:30 p. m. Monday, July 31. Requiem mass will be held Tuesday at 9:30 in St. Joseph's Catholic church, Father Buckley officiating. Interment will be in the Roseburg Catholic cemetery. Funeral arrangements are in the care of the Long and Orr mortuary.

Dispute On Buffer Zones Deadlocks Korean Parley

(Continued from Page 1)

attitude to be adopted at the armistice negotiations.

Reds Increasing Power

While Nam spoke, Allied reports told of an ever-increasing Red buildup of their forces in North Korea.

Fifty U. S. air force night attack pilots reported highways in western Korea above Pyongyang were clogged with traffic last night. They said they spotted more than 3,800 enemy vehicles, and attacked more than 600 of them.

Last week they reported as many as 1,000 vehicles a night moving south along coastal roads.

This followed reports last week that the Reds had massed 300 tanks 55 miles north of Kaesong, possibly deployed for a new offensive along the same route they followed in opening the Korean war 13 months ago.

Allied military sources are keeping their own intentions to themselves, but it is evident they are ready for whatever the Reds might throw at them.

(Three senators at Washington have urged that the Korean cease-fire talks be broken off unless the Communists permit U. S. medical teams to treat Allied war prisoners now in Communist hands.)

Senators Bridges (R-NH), Cain (R-Wash) and Dirksen (R-III) asked that this be made "an immediate condition of continuing truce talks."

They estimated 10,000 Americans are now prisoners of the Communists in Korea.

The senators introduced a similar proposal in a senate resolution a month ago.)

Russia Upping War Danger, Marshall Says

(Continued from Page 1)

our undoing unless we take steps to prevent such undoing."

"If peace in Korea means a let-down in defense," Bradley said, "we have lost the time that our valiant soldiers, airmen and marines — and our allies — have bought for us and other free nations."

"If peace in Korea means a let-down in production, we will be cutting back on weapons just as we have begun to modernize and properly arm our forces."
