"FLYING TRAILERS" FOR FAST FREIGHT—Huge helicopters, each as big as a conventional air liner, carrying removable "pods" filled with freight, are expected to be in operation next year. The helicopters are a version of the Piasecki XH-16, now being built for the Air Force. The artist's conception shows a centrally located "heliport" in operation. At (1) an XH-16 is ready to take off with an attached pod, big as a cross-country bus, which a trailer-truck has just hauled in. Another helicopter (2) has laid its huge "egg," which has been coupled to a truck and is being hauled away. At (3) a third helicopter prepares to spot-land in the circle with its loaded pod. In foreground and background (4), trailer trucks leave and approach the heliport.

PTA Meeting Was Held At Azalea Schoolhouse

The PTA of school district 127 met at the schoolhouse Thursday evening August 2.

The meeting was called to order by the president, Mrs. Nora Gae-decke, and the following committees were appointed: program committee, Mrs. Cecilia Head and Mrs. Loveta Cantleberry; friendship committee, Mrs. Ruth Chambers and Mrs. J. H. Quirk. The question of having community group singing was discussed and it was decided to try it in the near future.

Two new members were added to the membership roll, and after adjournment refreshments of cream puffs and coffee were served. Next PTA meeting is scheduled for September 6.
