

**Warning On Trinkets In Machines Issued**

WASHINGTON — (AP) — The food and drug administration cautions parents of small children against vending machines which shower out plastic and metal trinkets along with candy and chewing gum.

"When this brightly colored merchandise is intermingled in the glass globe of the machine, it attracts children of an age group that would be likely to put inedible objects in their mouths," the agency said.

"There is danger that the trinkets will lodge in the child's windpipe."

**Third World War Peril Grows, Says U.S. Mobilizer**

EVASTON, Ill. — (AP) — Defense Mobilizer Charles E. Wilson said here the danger of a third world war is "greater than ever" and it can be averted only in building America's might.

Warning the country against being lulled by Moscow's "sweet talk," Wilson said military and industrial strength is the only lan-

guage Soviet Russia really understands.

On the domestic front, he said that price control changes recently directed by Congress may mean meat black markets and living cost boosts of five to eight percent.

He said the ban voted by Congress in the new defense production act against government slaughtering controls may concentrate meat supply in large packers. This may lead, he said, to "local meat famines — which the customer can avoid only by paying illegal and extortionate prices for black market meat."

Wilson said new rules directed by Congress for calculating price ceilings will require higher prices and consequently higher wages.

"The dog keeps chasing his tail," Wilson said. "And where it stops nobody knows."

The mobilization chief said the Soviet haggling and quibbling in the Korean peace talks, coupled with other developments, plainly indicates the Kremlin is not matching its declared desire for peace with deeds.

real name, Samuel B. Mussman, but noted he is "otherwise known as Samuel B. Mason."

**Alleged Faker 'Mason' Faces Swindling Charges**

WASHINGTON — (AP) — Sam Mason, accused of swindling victims of \$250,000 by promising profitable lease of government buildings, was indicted here on nine counts of perjury and six charges of grand larceny.

The charges of perjury — lying when under oath — arose out of Mason's testimony June 27 to a senate investigations subcommittee which checked up on what Chairman Hoy (D-NC) called Mason's "fantastic machinations."

The larceny charges are based on the alleged swindles. The indictment used Mason's

**Woman Spy On Reds Given Medal By Legion**

ROANOKE, Va. — (AP) — Mrs. Mary Markward now has a gold medal to wear as a reward for six years of spying on American Communists.

But she doesn't think she deserves it as much as the men who gave it to her — members of the Virginia American Legion.

"What I did was nothing to what you men have done," the modest Fairfax county housewife tearfully told the Legionnaires as the medal was presented. "I am honored that I could be of service."

The medal was the only citation Mrs. Markward has received since she gave the house un-American activities committee the names of hundreds of Communists last month. At the request of the FBI, she spent the years 1943 to 1949 as an active Communist, reporting the doings of the Reds to the government agents.

Stentor, a native of early Greece, was said to have a voice as loud as that of 50 men. The word, "stentorian", derives from him.

**MOTORLESS**  
Guaranteed 10 years!

Like magic  
**BIGGER INSIDE! SMALLER OUTSIDE!**

COME SEE Servel's big new Freezer Compartment—holds up to 70 pounds. And plenty of ice cubes in Quick-Release Trays, easy to get out!

NOTICE the handy new "Odds and Ends" Basket that keeps left-over bits of meat and cheese easy to find. It keeps shelves clutter-free, too!

SEE HOW the Quick-Change Shelves adjust for bulky foods—like a giant turkey or an outside watermelon. So convenient—no more juggling!

Servel gives you the world's only freezing system with a Ten-Year Warranty. The reason? Servel alone has no motor to wear, no machinery to need repair... not a single moving part in its freezing system. It's marvelous, it's motorless, it's modern through and through. Actually, you'll find thousands of Servels still in use, still silent—still trouble-free... after twenty years and more. For Servel stays silent forever, lasts years longer.

Imagine!  
No moving parts to monkey with!
