

Hitler's Yacht Going To U.S. Defense Junk Pile

NEW YORK — (AP) — A blowtorch will be put to Adolf Hitler's yacht today, starting the Nazi chief's \$4,000,000 luxury ship on its way to the national defense scrap pile.

The vessel, the 2,500-ton Grille, was presented to Hitler by the German people in 1935.

It was seized by the British, who sold it to Lebanese manufacturer

George Arida for \$165,000. Arida displayed the ship at charity exhibitions in this country.

Scrapping of the Grille will be at the North American Smelting Co. docks at Bordentown, N. J.

11 More West Pointers Given Cheaters' Rush

WEST POINT, N. Y. — (AP) — The exodus of military academy honor code violators was expected to continue yesterday, with almost all of the 30 accused cadets already back in civilian clothes.

A sentry waved 11 ousted youths past the south gate Wednesday, bringing to 44 the total number of ousters for cheating at examinations.

Parents and friends waited for some of the multi-clad youths, but their former classmates in the cadet corps gave them scant attention.

How long they will remain in civilian clothes was problematical. Most have dates with draft boards after their 30-day terminal leave expires. Some hope to enter other colleges.

Youth Festival Near Disaster For Communism

BERLIN — (AP) — The Western Allies sized up the world youth festival in Berlin as a near disaster for communism in Germany.

Official observers are planning to report back to their governments at the end of the festival this week the following conclusions:

1—East German Communist youth were exposed to West Berlin in such numbers they may flood their home areas with pro-Western feeling.

2—Many delegates from the satellite nations, restricted to the Soviet sector of Berlin, were impressed by the fact that the cause of communism has been stopped cold on the Iron Curtain border and isn't pushing westward.

3—The lack of enthusiasm among the German youth has cast a sharp reflection on the party indoctrination work and the men responsible for it.

It's possible these same conclusions are being sent eastward too, for the Soviet politburo to think about. Russian political advisers presumably saw the patent evidence as well as the westerners who kept an eye on the doings.

As an aftermath of Sunday's giant parade, the Soviet zone boys and girls stormed over to get away from regimentation and see something different. West Berlin clocked 107,779 who checked in at youth hostels and other installations set up to feed and entertain them.

In the past fortnight, the Allies and West Germans have distributed to the Communist youths al-

most a million pieces of literature. They said the Eastern boys and girls were avid for something new to read. None of the literature was tossed away and many of the kids inserted the reading matter inside the lining of their clothing to smuggle it back.

Carriages with bodies suspended on straps appeared in Europe early in the 1400s.

Russia Planning Pact With Japan

By JAMES MARLOW
WASHINGTON — (AP) — The Russians are coming to San Francisco Sept. 4 to fire some more anti-American propaganda, this time over the Japanese peace treaty which this country has taken the lead in working out.

On that date this country invited 50 of its wartime partners to the coast city to discuss, agree on, and sign the treaty, which is mainly the work of John Foster Dulles, Republican lawyer working for the State department.

Not every country is satisfied with all parts of the treaty which already has been distributed for examination and criticism in draft form. But the most strenuous objection has come from Russia.

It may be the public feels the Japanese can be trusted now as an American ally in any trouble with Russia. And it's on that very point that Russia will have plenty to say.

Under the treaty, as proposed by the U. S., the Japanese will be able to rearm and the U. S. will be able, by agreement with the Japanese, to keep large military forces in Japan just in case of trouble with Russia.

Japan will become this country's strongest Pacific outpost.

After looking at the proposed treaty, the Russians at first said they wouldn't take part in the San Francisco meeting at all. Later they said they'd send a delegation.

Since the treaty points in dispute between this country and Russia are so fundamental, it's impossible to believe the Russians will change their minds and sign or that this country will alter the treaty to please Russia.

So the only purpose for the Russian delegation in San Francisco must be to make more anti-American propaganda and perhaps try to line up some of the other 50 nations against the U. S.

Hit-Run Motorist Takes Time To Leave Note

"Please park some place than in front of mine."

This was the note left by an unknown motorist, who is charged with damaging an automobile belonging to Harry Childress in a hit-and-run accident, according to Police Chief Lloyd J. Larsen.

Childress said his car was left parked at 930 N. Jackson where it received a broken right front headlight and damaged right front grill. A flashlight was left on the seat.
