Woman, 113, Asks Change To Safer Living Spot

BERWICK, Pa. —(AP) — Mrs. Mary O'Neill, 113, wants to move off the side of a hill, it's doctors orders.

The nationally-known "little old lady of Stone Crusher hill" is seeking a small home in Shickshinny or Mocanaqua — two communities only a few miles from Stone Crusher hill, near here.

Mrs. O'Neill has been hospitalized three times in recent months. The long, steep lane leading to her present home is unpaved. Each time she was taken to the hospital it meant a jarring, jolting ride down the hill. Her physician decided it wasn't good for her.

Old Testament Revision Given Council's Okay

NEW YORK — (AP) — The National council of Churches of Christ in the U. S. A. has put its stamp of approval on the publication in 1952 of a revised standard version of the Old Testament.

The council's general board voted unanimously to back the project, initiated by the International Council of Religious Education — before the education group merged with the National council.

The revised standard version of the New Testament was published in 1946.

The education council merged last year with many other church agencies and denominations to form the National council, which represents 31,000,000 members of 29 major U. S. Protestant and Eastern Orthodox churches.

The National council also announced plans to sponsor a 15-month evangelistic crusade to open Oct. 7, World Communion Sunday.

Primary goals in the drive will be 2,000,000 migratory workers; 1,000,000, young people, including college students; labor groups, and the families of servicemen.

Dr. Jesse M. Bader, executive director of the council's department of evangelism, said such a campaign is essential for "a resurgence of genuine Christianity no a national and world scale."

In an all-day session, the council's 95 - member board also approved a World Order day message urging American churches to give allegiance to the United Nations.
