

# In The Armed SERVICES

**Charles E. Hausotter Serving in Far East**

Charles E. Hausotter, aviation structural mechanic, third class, USN, son of Mr. and Mrs. Paul E. Hausotter of box 138, Riddle, is serving in the Far East aboard the seaplane tender USS Pine Island.

The Pine Island services the large Naval patrol planes which are used in aerial reconnaissance work, and quarters the crews.

During its present tour of duty, the Pine Island has visited Japan and Okinawa and the Philippine Islands. Its crew is entitled to the Korean Service medal, the Japanese Occupation medal and the China Service medal (extended). The Pine Island served in 1946 as the flag ship of the eastern task group of Rear Admiral Byrd's famous operation High Jump on the Antarctic survey cruise. The ship was seen in the motion picture "The Secret Land," a portrayal of the Antarctic expedition.

**Two Glendale Sailors Serve Aboard Carrier**

Two Glendale men, Ralph R. McDowell, commissaryman, third class, USN, son of Mrs. George C. May, and Glen C. Meads, aviation boatswain's mate, third class, USN, son of Mrs. Cecil Meads, are serving on the 27,000-ton aircraft carrier USS Essex in Korean waters.

A veteran of 68 World War II combat operations, her aircraft destroyed 1,531 enemy planes and sent 111 Japanese ships to the bottom. The carrier was removed from methalms and recommissioned last January at Bremerton, Wash.

During the last two years of her five-year retirement from active service, the Essex underwent a \$40,000,000 structural modernization program, to enable her to handle heavier fighters and fighter-bombers.

The carrier arrived in the Korean theater in late August to relieve the aircraft carrier USS Princeton.

**Two Local Men Enlist To Serve in Air Force**

Milo M. Claughton Jr., son of Mr. and Mrs. N. Claughton of Camas Valley, enlisted in the U.S. air force on Sept. 18. On completion of his basic training at Lackland AF base, San Antonio, Texas, he will be assigned to one of the many air force technical schools.

Also enlisted in the air force on the same date was Wayne K. Neptune, son of Mrs. Ruby Neptune of Roseburg. Neptune was a recent graduate from the Roseburg high school and was employed by United Petroleum corporation, Roseburg, prior to his enlisting.

**LEGION AUXILIARY SERVES**

The American Legion Auxiliary, Unit 16, urges all members to bring sandwiches or salads to be served to the men who will be working at the Kohlhaagen building on N. Jackson street Sunday.

**Guest Speaker Slated At First Baptist Church**

The Rev. Dewey Mullholland will speak at the First Baptist church tonight at 8. A potluck supper will be served at 7.

The Rev. Mullholland is enroute to Brazil, South America, where he will be engaged in missionary work. His father, the Rev. Ralph Mullholland, who is now in Monterey, Calif., was pastor in Roseburg several years ago. The public is invited.

**Torch Used To Cut Trucker From Cab**

SPOKANE — (AP) — A young truck driver, his body pinned against the steering wheel, his leg broken and his safety twice menaced by fire, was cut free by an acetylene torch Thursday after his truck and a switch engine collided.

David E. Knittle, 24, spent more than 30 harrowing minutes inside the crushed cab of his truck. He was finally lifted out and taken to a hospital with a broken leg and foot, chest and possible internal injuries.

Twenty police, firemen and passersby gathered to get him out. Knittle, unable to move but conscious all the time, watched as a garage mechanic cut through steel with the torch to free him.

The train crew put out one fire that started in the cab shortly after the crash. The torch started another but it was quickly doused. The truck was carrying a load of heavy, damp hog fuel.

**Oregon Beach Home Purchased**

PORTLAND — (AP) — The T. H. Banfield beach home, a 160 acre estate in a picturesque setting at Otter Rock, has been sold to Yachats motel operators.

It was understood here that the new owners, H. B. and Lillian McEwen and Inez Vaughn, planned to convert into a resort hotel some time in the future, possibly next year.

The buyer recently sold the Padlock, a 24-unit motel south of Yachats to Mr. and Mrs. H. C. Garrison, formerly of Texas, for a sum reported greater than \$200,000.

The price paid Mrs. Banfield for the Otter Rock property was not disclosed.

**Fir Production Heading For Top**

PORTLAND — (AP) — Douglas fir production, up last month after a July fall-off, may be heading for a record high, the West Coast Lumbermen's association reported Thursday.

Harris E. Smith, association secretary, said that in the first 35 weeks of this year production was 7,595,846,000 feet compared with 6,863,301,000 at the same time last year. And last year's production set a 12-month record.

Orders and shipments also are up, Smith said. The August weekly averages were: production, 221,781,000 board feet; orders, 185,365,000; and shipments, 208,212,000.

Unfilled orders at the end of August were 533,236,000 feet and gross stocks 886,889,000 board feet.

**Blocked Alleys Warning Needed**

The city fire or police departments should be notified if alleys are to be blocked overnight or for longer periods, according to Tony Shukie, assistant fire chief.

The principal offenders in blocking alleys are persons who must have their wood dumped there, and in some cases cannot get the wood moved into their woodsheds immediately.

The people are privileged to dump wood in alleys, if they have no other place, but in cases where the wood cannot be removed until the next day or longer, the city should be notified. This is to keep fire department trucks from turning down blocked alleys in case of fire, said Shukie. The delay of the fire truck may prove costly, he pointed out.

**25-Ft. Boat Sea Trip To Continue Despite Mishap**

EUREKA, Calif. — (AP) — Despite another mishap, a Salem, Ore., couple plans to continue a round-the-world trip in a 25-foot boat.

Towed to port here by a coast guard cutter, Mr. and Mrs. Luis A. Martine-Lally said they would repair the engine of their boat, "The Magic Carpet," then would set out again on their voyage.

They admitted they were a "little scared" when their boat sprung a leak off-shore, their engine wouldn't work, and a dense fog surrounded them. They feared they could not be found in the fog, after calling for help by radio.

The cutter found them, though, and by that time Martine-Lally had plugged the leak.

From here they plan to sail to San Francisco, then to Los Angeles and on to Honolulu.

A series of mishaps has delayed the couple, who left Astoria four weeks ago.

**Alaska Company Given Contract**

WASHINGTON — (AP) — The Bureau of Reclamation announced Thursday the awarding of its first major construction contract outside the United States — for a part of the Ekkluta project in Alaska.

The contract went to Palmer Constructors, Omaha, Neb., on a low bid of \$17,348,865. The firm is a combine of three companies, Peter Kiewit Sons, Coker Construction Co. and Morrison-Knudsen Co.

The price is almost \$4,000,000 less than a low bid received last June, when the bureau rejected a \$21,321,695 offer as excessive.

The Ekkluta project is expected to cost \$33,800,000 and to provide more than 164,000,000 kilowatt-hours of energy for the anchorage area. A 30,000-kilowatt power plant will be built at Tidewater on the Anchorage-Palmer highway.

**GIBSON TO RETURN**

Cpl George G. Gibson, Riddle is listed among 1,077 combat veterans from Korea who will arrive Saturday, aboard an MST5 transport, the name of which will be disclosed later. The passengers include rotation, combat personnel coming home for reassignment and enlisted reserve corpsmen returning to civilian life.

**HARTFORD DIES**

NEW YORK — (AP) — John A. Hartford, 79, chairman of the board of the A. & P. chain food stores, died yesterday after a heart attack in a Manhattan skyscraper elevator.

**Ridgway Withholds Reply To Red Resumption Offer**

TOKYO — (AP) — Gen. Matthew B. Ridgway withheld his answer today to a communist proposal to resume the Korean truce talks at Kaesong.

The battle of words over how to get the wheel of peace revving again was as muted as the United Nations' limited offensive action was loud.

Even Red China's Peiping radio — the Communist sounding board that pours out tens of thousands of words each day in anti-United Nations command propaganda — was notably silent.

There was only a dribble of hased-over complaints of Kaesong neutrality violations where torrents used to flow.

**Battle For U. S. Institutions Urged By Truman**

SAN FRANCISCO — (AP) — President Truman has called for an all-out fight to safeguard the United States and its institutions, which he said "are threatened as they have never been before."

In a message to the AFL convention, the President said the nation and its institutions are threatened by communism, inflation, and reaction.

"They are threatened by the danger of Communist aggression," the President said.

"They are threatened by the danger of inflation with its terrible burdens on the great body of our citizens."

"They are threatened by reaction here at home, threatened by people who want to turn the clock back, who want to strike down all the social and economic progress we have made, and by people who are using the threat of communism as a screen for their attacks on the very foundations of our civil liberties."

"These are real threats, threats that must be met."

The President paid particular tribute to the AFL and called the working men and women of the nation "our greatest single resource."

Earlier, leaders of the AFL had assembled evidence charging that Russia is engaging in kidnappings in western Germany, Austria and other free areas of occupied countries. The AFL said it would place this evidence before the United Nations.

**WALLACE, Idaho — (AP) —** The mayors of the mining towns of Wallace, Kellogg and Mullan have joined in proclaiming the week of Sept. 23 as "anti-communism week."

The mayors, C. A. Magnuson of Wallace; H. C. Seeber of Kellogg and Dan Colohan of Mullan, in a joint proclamation declared they believe "that all subversive activities against the government of the United States should be brought to light and destroyed," and that "all Americans and all other peoples . . . should be cognizant of the inroads of communism creating a dangerous condition existing in our localities in the United States and abroad."

The proclamation says the week is proclaimed "in order to call attention to such subversive activities and this dangerous condition . . . and it invites 'all the people in our communities to assist in stopping subversive activities.'"

**FATAL HEART ATTACK ENDS ANNIVERSARY TRIP**

KLAMATH FALLS — (AP) — The 25th wedding anniversary of Mr. and Mrs. Robert Whiting, Glendale, Calif., ended in tragedy Wednesday.

Vacationing in this area, they left their motel to spend the wedding anniversary at Crater lake. As they were leaving the lake to return here, Whiting, 57, died of a heart attack.

**EAGLES SPONSOR PROGRAM**

The broken program that provides gifts at Christmas for needy children is being sponsored by the Eagles Lodge instead of the Elks lodge as reported earlier.

**Idleyld Park**

By MRS ARTHUR SEBLY — Mrs. Arthur M. Selby wrote in article appearing in Thursday's News-Review concerning the Lone Rock bridge. Mrs. Selby's by-line on the article was unintentionally omitted.

Guests of the Forrest Losee's of the past week were Mr. and Mrs. Royal Wilkinson of Eugene, sister and brother-in-law of Forrest, and his brother and wife, Mr. and Mrs. Clyde J. Losee, of North Hollywood, who are fishing on the North Umpqua. Clyde Losee is the general maintenance superintendent of the Chrysler assembly plant at North Hollywood.

Idleyld Park has three new families: Mr. and Mrs. G. R. Greenup and children, Jerry and Sharon, moved from Cloverdale Park to the Brown property. Greenup is employed by the Kuckenburg Construction Co.

Also, Mr. and Mrs. Ellis Campbell and children, Linda, La Juana, Wayne and Rosella, who moved from a house on the Wellborn ranch on Lone Rock road to the Snellstrom property. Mrs. Campbell's parents, Mr. and Mrs. Dale Wilson, and granddaughter, Vicki, brought their trailer house onto the same property. Campbell and Wilson are employed by the Holm Lumber Co. The Wellborn house had been sold to an Elgarose couple who were burned out by the fire.

Mr. and Mrs. Si Enlow and daughter, Harriet, have returned from a week's visit to Enlow's parents in Tacoma, Wash. They returned via Astoria to visit friends there.

T. B. Dally of Oakland, Calif., a guest at Idleyld Park lodge, spent a week fishing.

Mr. and Mrs. Ed Lobe of Galt, Calif., accompanied by their son and daughter-in-law, spent a week at the Idleyld apartments owned by Clyde Watkins.

Mr. and Mrs. Jos. Hicks of Manhattan Beach, Calif., have been spending the last two weeks as guests of Clayton Milner. Mr. and Mrs. R. G. Allen of Portland were also weekend guests.

Roy Sills has sold his property to Jack Lambright who is in Oklahoma. Lambright's son-in-law and daughter, Mr. and Mrs. Bud Watts, have moved into the cabin. The Watts have a new son, born Wednesday, Sept. 19.

Mrs. W. Davis is the new clerk at the Idleyld store.

Mrs. Lonnie Brooks has just returned from a 3-day visit with relatives in Mapleton.

**Checker Game Draws Son Into Death With Mother**

LONDON — (AP) — The story of how a young mother played her seven-year-old son a deadly game of checkers in a gas-filled room was unfolded at an inquest here.

Coroner P. B. Skeels found that Mrs. Dorothy White, 34, kept her son's attention by playing the game until both died in the kitchen of their home. Friends said she had been despondent because of a nervous breakdown.

The jury returned a verdict of suicide and murder.

**British Bookies Give Odds On Conservatives**

LONDON — (AP) — British bookies Thursday offered six to four on the Conservatives to win the British national election Oct. 25.

Professional politicians among the Conservatives warned against overoptimism, pointing to the United States presidential elections in 1948.

"Remember the Republicans," one Conservative leader said.

**Last Of 10 Escapees From Idaho Captured**

SAN DIEGO, Calif. — (AP) — James Henry Cesena, 21, surrendered to FBI agents last night, ending a manhunt that started Saturday when he and 10 other federal prisoners escaped from the county jail at Caldwell, Idaho.

Cesena was the last of the 10 still at large.

The FBI said his surrender was arranged by relatives. Agents quoted him as saying he gave himself up because San Diego police had put on "too much heat."

Another of the 10, Richard T. Fisher, 21, of Phoenix, Ariz., was captured here Tuesday by a policeman who questioned him as a loiterer.

**Jap Wife Draws Forgery Charge**

TOKYO — (AP) — The Japanese wife of an American army captain was charged with forgery today in occupation provost court.

She is accused of forging 14 bills of exchange in a Japanese bank. The aggregate sum was 450 million yen, which is \$1,250,000 at the legal rate of exchange.

The woman, who is the wife of Capt. Thomas E. Wood, surrendered voluntarily and was released immediately on her own recognizance.

Capt. Wood, from 5625 Grand Ave., Des Moines, is stationed at Yokohama. They were married Feb. 17, 1951. The alleged forgeries took place in August, 1950.

Originally indicted by Japanese courts, Mrs. Wood held that the Japanese courts had no jurisdiction because she was the wife of an occupation officer. The Tokyo district court upheld her motion.

Gen. Matthew B. Ridgway, supreme commander of the occupation court, then authorized the occupation court to assume jurisdiction. No trial date has been set.

**Aluminum Slated For North Dakota**

WASHINGTON — (AP) — Senator Young (R-ND) said a \$100,000,000 aluminum reduction industry is "assured" for North Dakota if railroads serving the area will reduce shipping rates.

Negotiations are now going on with the railroads, Young told a reporter. They are the Northern Pacific, Great Northern, and the Soo Line railroads.

"Among those interested in putting in an aluminum plant in North Dakota are Olin Industries and the Aluminum company of America (Alcoa)," Young said.

**British Bookies Give Odds On Conservatives**

LONDON — (AP) — British bookies Thursday offered six to four on the Conservatives to win the British national election Oct. 25.

Professional politicians among the Conservatives warned against overoptimism, pointing to the United States presidential elections in 1948.

"Remember the Republicans," one Conservative leader said.

**Highway Project To Be Discussed At Sutherlin**

Citizens of Sutherlin will discuss the relocation of highway 99 at a public meeting in the old gymnasium of the high school Sept. 24 at 8 p.m.

The decision to hold the meeting was made Tuesday night when the five-man committee appointed by the city council to study the relocation convened.

The hearing is being held to acquire information from the public on the relocation problem prior to presenting the case before representatives of the State Highway department Oct. 9.

Sutherlin committeemen will be given 30 minutes to lay their proposals before the representatives.

During the public hearing the type of access roads to the city will be discussed, the arguments for and against the relocation will be considered.

The State Highway department will hold similar meetings in towns affected by the highway construction project.

**Power Executive Blames Fishing**

PORTLAND — (AP) — James H. Polhemus, president of Portland General Electric Co., said Thursday that fishing interests were partly responsible for the current power shortage in the Northwest.

He said they had blocked for two years construction of Pelton dam on the Deschutes. With that dam turning out power, the present shortage would be less severe, he said.

John Beach, chairman of the Oregon Fish commission, said Pelton dam wouldn't be big enough to be much of a factor in the northwest power picture.

Plans announced by PGE last spring said Pelton would have a peak capacity of 120,000 kilowatts. That is about half of the interruptible power cut off by Bonneville last Monday.

**Jury Convicts McCracken Of Murdering Child**

SANTA ANA, Calif. — (AP) — A jury Wednesday convicted Henry Ford McCracken in his second trial on charges of murdering 10-year-old Patricia Jean Hull last May 19.

The hulking hillbilly musician was found guilty of first degree murder. The jury did not make any recommendation. Under California law the death penalty would be mandatory.

In his first trial, which ended Aug. 2, a jury was unable to agree on a verdict on the murder charge, but convicted the 34-year-old guitar player of child stealing. It acquitted him, however, of kidnappings.

**IRWIN HELD**

Herbert Leonard Irwin, 59, Drain, is being held in the county jail pending arraignment in district court on a charge of driving while under the influence of intoxicating liquor, reports the state police.

**ARRIANGMENT SET**

Two men will be arraigned in district court today, reports the state police. They are Fred Jackson Marshall, 633 E. 2nd Ave. S., who was arrested Thursday on a charge of being drunk in a public place, and Newman Edward O'Brien, 37, California, who was arrested in the Happy Valley area and charged with vagrancy.
