

Only Four Diseases Call For Lung Operations

By HOWARD W. BLAKESLEE
Associated Press Science Editor
NEW YORK — (AP) — There are only four diseases for which portions of lungs, or entire lungs, are removed as has been done with King George.

They are cancer, lung abscesses, tuberculosis and cysts. The first three are standard operations, and in themselves not specially dangerous. The fourth is rare because the lung cysts don't show up often, and when they do they already have done most of their damage in other organs.

It is possible to do other lung

operations, but they would be pioneering, and it is unlikely that doctors would risk a king as a guinea pig.

Most frequent lung resection (the medical term for cutting out part or all) is cancer. The first of these operations that succeeded was done only about 20 years ago, in St. Louis. Before that lung cancer operations failed. In that case a tough-minded doctor, whose lung was lunged, told his surgeon to go ahead and take it out.

The pearls in American oysters have little or no commercial value.

NEW FIGHTER PLANES—The McDonnell XF3H-1, the Demon, navy's newest jet fighter (top), makes its initial aerial test at Lambert St. Louis municipal airport. The experimental ship is the prototype for production models to be made by McDonnell and Goodyear Aircraft of Akron, O. The picture at (bottom) was released in New York by the magazine Aviation Age, which described the plane as "the latest product of Russia's aircraft designers, a very fast interceptor-fighter designated the Mig-19." The magazine said it was a "vastly improved version" of the Mig-15. Aviation Age said the picture had been retouched to bring out technical detail. (AP WIREPHOTO from Aviation Age Magazine)

Tone Wants His Rival Punished For Mauling Him

HOLLYWOOD — (AP) — Franchot Tone has made it plain that he wants his rival for the hand and heart of actress Barbara Payton put behind bars.

Tone and Miss Payton conferred with Dist. Atty. S. Ernest Roll. Tone told of the severe beating he was given the night of Sept. 14 by actor Tom Neal. Miss Payton, who has been engaged at various times to Tone and Neal, corroborated Tone's story of what happened.

Miss Payton wasn't able to tell the district attorney who struck the first blow, but she said she told of seeing Tone "flying through the air" and Tone's head bobbing up and down as he was struck after blow.

Neal was to visit the district attorney later to give his side of the ruckus. He was under the impression the Nordic Miss Payton was going to marry him. The ceremony was set for San Francisco just a few days after the scuffle took place.

But his sweetie pie came home in the early hours with Tone and notified him she was discarding him. Tone asked him to leave, Neal said, and added that he'd see to that, even if he had to throw Neal out. Neal maintains he did not strike first.

Dist. Atty. Roll said that Miss Payton admitted under oath that she had seen Neal "at least once" since the fight, but he said she claimed the meeting was "just to discuss the repercussions of the fight." He said she disclaimed any intention of resuming her romance with Neal and informed him that Tone had proposed to her

Masked Cubans Wreck Commie Newspaper

HAVANA, Cuba — (AP) — A group of 15 to 20 masked men forced their way into the offices of the Communist newspaper Hoy early Monday and destroyed equipment valued at \$80,000.

The men used sledge hammers on linotype machines, press equipment, typewriters and desks. The men, armed with pistols, arrived in four automobiles. The newspaper reappeared last Aug. 26 after being suspended by the government for almost a year.

Broadcasting Ban At Public Hearing Kyoed By Court

ASBURY PARK, N. J. — (AP) — This city's ban on broadcasting a public hearing on a proposed new tax was upset by the courts here as violating freedom of the press.

Superior Court Judge C. Thomas Schettino ordered Mayor George A. Smock and City Manager J. Oliver Armstrong to permit radio station WJLK, owned and operated by the Asbury Park Press, to set up microphones at today's hearing.

Smock had ruled out the broadcast on the ground that persons appearing at the session might make objectionable statements. "Irresponsible persons might make assertions that are not appropriate to the hearing," he said.

The station took the case to court. After an hour and a half of argument, Judge Schettino ruled that news broadcasts come within federal and state constitutions' guarantee of freedom of the press.

He declared the case was unprecedented in the United States as far as he knew and said it

Broadcasting Ban At Public Hearing Kyoed By Court

ASBURY PARK, N. J. — (AP) — This city's ban on broadcasting a public hearing on a proposed new tax was upset by the courts here as violating freedom of the press.

Superior Court Judge C. Thomas Schettino ordered Mayor George A. Smock and City Manager J. Oliver Armstrong to permit radio station WJLK, owned and operated by the Asbury Park Press, to set up microphones at today's hearing.

Smock had ruled out the broadcast on the ground that persons appearing at the session might make objectionable statements. "Irresponsible persons might make assertions that are not appropriate to the hearing," he said.

The station took the case to court. After an hour and a half of argument, Judge Schettino ruled that news broadcasts come within federal and state constitutions' guarantee of freedom of the press.

He declared the case was unprecedented in the United States as far as he knew and said it

was proper to rule on it at this time.

The ordinance up for public hearing would impose a three percent city sales tax on such items as amusements, hotel rooms and liquor. Referendum approval would be required to impose the levy which is being fought by hotel owners and Broadway amusement operators.

City Manager Armstrong said he had polled the five-man city council and found it opposed to broadcasts of the public hearing. Three councilmen issued a statement before the court session that they would not object to the broadcast.

POLL FAVORS ROTH

PORTLAND — (AP) — Members of the County Bar association favor Phil Roth, deputy district attorney, for a Multnomah county district judge vacancy.

Results of a poll showed Roth received 83 of the 411 votes. Alex G. Barry former United States senator, pressed him with 79. Next was Carl Eling 48.

Pressure reaches seven tons per square inch 6 miles under the sea.
