

WHO DOES WHAT By Paul Jenkins

HAZEL GUTHRIE, in charge of the dining room at the country club, pours a cup of coffee for a guest who? You guessed it. Mrs. Guthrie leaves the club the first of November, having arranged to take over the kitchen at the Speedway cafe, just south of Roseburg, on that date. For three years she had the K & J Lunch and is well known here.

Latest Tax Law Increases Load On Income Levy

By FRANCIS J. KELLY

WASHINGTON - (AP) - A \$5,691,000,000 tax increase awaits the President's signature today after a perilous journey through the House.

A 185 to 160 roll call vote in that chamber yesterday clinched passage of the big revenue measure.

All hands on Capitol Hill took it for granted that Mr. Truman would approve the increase promptly.

It calls for a sharp boost in individual income taxes beginning Nov. 1, and—provided it is signed by tomorrow—for higher rates on dozens of manufactured products, including whisky, cigarettes, gasoline and automobiles.

Corporation taxes also are due to go up, and retroactively.

Over a full year's operation the bill is expected to bring in \$2,280,000,000 additional revenue from individuals, \$2,207,000,000 more from corporations, and \$1,204,000,000 extra in excise (sales) taxes.

The total increase is calculated at \$2,761,000,000 for the current fiscal year, now nearly one-third gone. Added on to revenue from existing laws, the increase is estimated to bring the government's total income to about \$64,700,000,000 for the 1952 fiscal year which ends next June 30.

Skull Below Needs

That total, however, may be three to eight billion dollars below the bill for the period.

The bill provides little more than half the \$10,000,000,000 additional revenue the President asked for this year. The \$5,691,000,000 total of the compromise bill compares with a \$7,200,000,000 increase voted by the House originally. This was pruned down to \$5,400,000,000 in the Senate.

The new measure and two other tax bills passed since the outbreak of the Korean war have added nearly \$16,000,000,000 to the American tax load.

For the majority of Americans, the bill means an increase of slightly less than 11.34 percent in their income tax obligations. Since the bill will be in effect for only the last two months of 1951, this year's tax bills will be about 2 percent larger than those last year. The full effect will be felt in 1952.

Taxpayers in the higher income brackets have an option of con-

(Continued on Page 2)

Two of the three participants in the attempted escape from the Douglas county jail Oct. 10 were taken to the Oregon state penitentiary Friday.

Vernon John Gosso, 24, and Jack Harris McGaughey, 20, were hauled up by Deputy Sheriffs A. A. Eckhardt and E. N. Schwader.

Gosso was sentenced by Circuit Judge Carl E. Wimberly for an 18-year stretch on charges of assaulting a jailer while attempting to escape and robbery under a r.m.e.d. McGaughey was sentenced to two years on charges of contributing to the delinquency of a minor and assisting an escape.

Douglas county next month to face charges of being an habitual criminal.

Edward C. Powell, 25, Gosso's partner in the escape try, is still being held in the county jail. He faces a 24-year prison stretch.

William Kissinger, jailer whom the pair assaulted Oct. 10, was released from Mercy hospital Wednesday.

U. N. Tanks Hit Kumsong With Barrage

Infantrymen Struggle For Last Ridgeline In Windy, Rainy Weather

By ROBERT EUNSON

SEOUL, Korea — (AP) — American tanks smashed into Red-held Kumsong today and blasted Communist targets there for one hour.

They returned to the main United Nations line two miles south without a casualty despite heavy Red anti-tank and artillery fire.

A pooled dispatch said two companies of M-46 Patton tanks rumbled into the outskirts of the Red's central front bastion.

Earlier Saturday Allied tanks probed to within a mile of the city and pounded it with high explosive shells.

About one mile to the south Allied infantrymen battled in wind and rain for the last major ridgeline below Kumsong. Some U. N. ground troops could look down into the town from high ground to the south. Kumsong is 30 miles north of the 38th parallel.

An Allied briefing officer said the tanks were "exploring" the area. They pushed around a "C" shaped bend in the river, and opened fire from the entrance to a valley that leads directly northward into Kumsong.

Troops Inch Forward

Southwest of Kumsong other Allied troops inched forward and captured a hill.

The Eighth army communique said advancing U. N. units were 2,500 yards — less than a mile and a half — from Kumsong.

The general belief around Eighth army headquarters was that U. N. troops could take Kumsong if they wanted to. Whether Gen. James A. Van Fleet would order the city's capture immediately remained to be seen.

Headquarters officers also had one car checked toward Panmunjom, where there were indications a compromise might get the stalled truce talks started again.

On the eastern front American tanks rumbled through the canyons east of Heartbreak ridge test enemy strength. One column drew mortar and artillery fire from Red positions along the hill-sides.

Far north of Heartbreak, a U. N. battalion hurled a enemy counterattack 50 miles above the 38th parallel. This was at the advance point of a corridor stretching north along the eastern seacoast under the protective guns of Allied naval forces.

Only major action on the western front was a fight 10 miles northwest of Yonchon. Chinese defenders there hurled Allied infantrymen off a hill.

Fatal Accident Near Yonchalla

State police and deputy coroner were dispatched just before noon today to the Boswell springs district north of Yonchalla, where word was received of a fatal car-truck accident.

State police had no immediate details, but reported one and possibly two persons were believed dead. The accident involved a car and a West Coast Fast Freight truck. No names were available at press time.

WRANGLE SUPPORT

Iranians Gain Victory In Eastern Oil Dispute

By MAX HARRELSON

UNITED NATIONS, N. Y. — In theory the British Iranian oil dispute today is right where it was when it came before the United Nations security council three weeks ago.

The long hours of debate, however, have produced some significant results which do not appear on the face of yesterday's decision to drop the question until the international court of justice can throw some light on its legal nature.

The most significant of all, perhaps, is the fact that the council had to shelve the dispute instead of accepting the British, American position that it make some sort of appeal for the British and Iranians to resume negotiations.

Britain brought the case to the U. N. with reasonable confidence that she could muster a majority behind her position. Iran's wily Premier Mohammed Mossadegh, on the other hand, hammered continuously on the question of the council's legal competence to deal with the dispute.

Raises Doubts

At first Mossadegh found little support except the Soviet union — but finally he succeeded in raising sufficient doubts among several legally-minded members of the council to defeat Britain's strategy.

DROUGHT IS ENDED—Monte Elder (75) is shown scoring Roseburg's first touchdown against Cottage Grove at Finlay field Friday night. On the left, giving that first-time-in-three-games look is Alan Winter, Indian tackle. This scoring run from three yards out marked the first time Elder had ever carried the ball in a varsity game. He is a freshman. (Staff picture)

Permits Totalling \$65,200 Granted Local Builders

Commercial construction permits amounting to \$65,200 have been issued to Roseburg builders since Sept. 6.

Heading the list was a \$23,000 permit granted L. H. Rhoden for the construction of a one-story business building between Oak and Lane streets, which will be built by John Runyan. The unit will be \$9,990.

Permission was granted the Pacific Telephone and Telegraph company to construct a steel building on the corner of Flint and Hoover streets at an estimated cost of \$20,000. The structure will be used to house equipment and vehicles.

The Washington office of the National Production authority approved the building.

Permit Granted Union Oil

A permit was granted the Union Oil company for construction of a five wall and loading dock at the corner of 2nd Ave. and 2nd streets. The improvement will cost an estimated \$10,000. The fire wall is being built to protect storage tanks.

M. Lehman acquired an \$8,000 permit to build a one story commercial structure on the northwest corner of the Douglas and Jackson streets intersection. The building will include a basement.

Charles Adair of Medford was granted a \$4,200 permit to build a business structure on Washington street directly across from the Junior high school. It will be built by Todd Building company.

An \$8,500 permit was issued M. T. Dimmick for the construction of a dwelling in the Wharton Acres area.

Skeleton Recently Found May Solve Old Mystery

DALLAS, Ore. — A skeleton in a shallow grave near the railway station at Valselt may answer a 40-year-old question: What happened to A. K. Handy?

Coroner Paul Billman said he would ask the state crime laboratory at Portland to study the bones, unearthed from where they had lain for, apparently, many years.

A resident of the area said Indians never went into that area, after a white beaver was sighted there, and the site had never been used as a burying ground—and he only known missing person was A. K. Handy who went hunting and didn't come back.

Eddie Lee Halsey Drowns In Pool Of Spring Water

Eddie Lee, 2½-year-old son of Mr. and Mrs. Merlin Halsey, was drowned shortly before noon Friday in a pool of water at a spring near the house trailer where they lived. The Halseys resided at 2140 DeWiter St. near Cloverdale park.

Deputy Coroner Robert Bellows reported that the child, playing with other children, fell into the pool, which was about four feet deep.

Children reported the accident to his mother, and she, with the aid of other women, retrieved the body.

The Roseburg fire department was called, but resuscitation efforts failed, and the boy was rushed to Douglas Community hospital. He was pronounced dead upon arrival, although efforts to revive him were continued for some time at the hospital.

Eddie Lee was born at Walla Walla Wash., May 11, 1949. He moved with his parents to Sweet Home and later to Roseburg about two months ago.

Surviving besides his parents are a brother, Gerald Halsey, Roseburg; his paternal grandparents, Mr. and Mrs. Frank Halsey, Loveland, Colo., and his maternal grandparents, Mr. and Mrs. W. O. La Bonte, Mountainview, Mo.

Funeral services will be held in the chapel of the Long & Orr mortuary, Monday, Oct. 22, at 10:30 a. m. with the Elder E. F. Coy of the Roseburg Seventh Day Adventist church officiating. Concluding services and interment will follow in the Masonic cemetery.

Pheasant Season Claims 1 Fatality

ONTARIO, Ore. — (AP) — One man was killed and two others wounded within a few hours after pheasant hunting season opened yesterday noon.

Broad Tillett, 36, Ontario, died from what state police said was an accidental wound inflicted by his own shotgun. He was found by a companion, Hugh Kennington, lying on the ground with a wound in his stomach. Tillett, who survived by four daughters, ages 6 months to 4½ years, died before he arrived at an Ontario hospital.

Orley Milligan, 26, Coos Bay, and John Westfall, 39, Burns, suffered non-critical shotgun wounds while hunting. Police said they both were shot accidentally by other hunters.

Speaker Will Examine Economy Of Oregon

Facts concerning "The Economy of Oregon" will be presented to the people of Roseburg by Giles L. French, state representative, at the chamber of commerce forum Monday noon, announced Al McBea, chairman of the forum committee.

French, in his acceptance of the invitation to be the guest speaker, indicated that in his study of the subject he learned many strange things, some of which, might be interesting to the people of this area.

He further revealed that he would dislike coming to Roseburg without being able to make statements worthy of a hearing. McBea reminds us that French's visit to Roseburg requires a drive of more than 600 miles. The public is invited to attend the forum.

KILLED BY SHOCK

VERNONIA — (AP) — Howard LeRoy German, 25, died yesterday when a 12,000-volt electric shock passed through his body.

He was reported to have jumped up to touch a sagging power line. The wire was low because an early morning wind had tilted a power pole.

British Send More Troops To Suez Zone

Protest Note Delivered By Egyptian Officials; Truck Drivers Injured

By FRED ZUSY

CAIRO, Egypt — (AP) — Egypt maintained her defiance of Britain today with words and small deeds — but her armed forces carefully kept out of range of strong British forces dug in along the strategic Suez canal.

From Cyprus came word that the British garrison on the island was completely stripped to reinforce the 40,000 Tommies in Egypt with a full brigade of parachute troops. The last 2,000 troops on Cyprus left for Egypt today.

More Disembarking

A British military spokesman in Cairo said 450 army men and 750 for the Royal Air force are disembarking today at Port Said but that they are "mere replacements."

The spokesman said that after a night without incident, two native drivers of a Naafi (army post exchange) truck were ambushed this morning. One man was wounded in the thigh. The shooting occurred about 20 miles west of Ismailia, a British base on the canal.

In Cairo, Egyptian officials delivered a formal protest note accusing Britain of "endangering peace in the Middle East" and blaming her for Wednesday's pre-dawn battle at the El Ferdan bridge over the canal. Two Egyptian soldiers were killed in the battle.

An Egyptian official, ordered to stay out of the Sudan by the Colony's British Governor General Sir Robert Howe caught a plane for Khartoum, the Sudanese capital, today.

The official, Mohammed Abdel Hadi, controller-general of Egyptian education in the Sudan, said he had not received Howe's order to stay out of the Sudan, which Egypt is trying to annex after repudiating a 52-year-old agreement to share jointly with Britain in ruling the country.

Only 1,500 Men Oppose

Abdel Hadi said British-controlled forces in the Sudan include 1,500 British regulars, 3,000 native Sudanese against only 1,500 men under Abdel Hadi's orders.

The Egyptians have publicly sworn to throw the British out of the Suez Canal area.

Egyptian tanks, artillery and a detachment of infantry in armored cars drew up on the highway about halfway between Cairo and Suez yesterday, then pulled away from the thrilling British fox holes and artillery emplacement.

Backed By Navy

The British forces are backed by the naval guns of the heavy cruiser Gambia and a small flotilla of destroyers.

British troops have succeeded in sealing off the canal and splitting Egyptian forces on the Sinai peninsula in Asia and in the main, African part of Egypt.

So far the Egyptians have offered no determined challenge to them.

REOPENS DISABILITY CLAIM

Edwin Adolph Baxter filed suit Friday against the State Industrial Accident commission for reopening of disability claim and compensation for 60 percent loss of function of a leg.

Eugene Anderson Killed In Korea

Cpl. Eugene A. Anderson, 23, above, was fatally wounded in Korea.

Word of his death was officially announced by the Secretary of the Army on Oct. 15. He had been seriously wounded Oct. 6 in Korea and had been taken to Tokyo General hospital in Japan.

Surviving besides his parents are four brothers, Pfc. Donald R. Anderson, with the U.S. marines in Korea; Tony, Wallace a n.d. Lewis Anderson, all of Roseburg, and two sisters, Mrs. Edwin (Pat) Fuchs, Roseburg, and Eileen Anderson, Seattle.

Funeral services will be held in the chapel of the Long & Orr mortuary, Monday, Oct. 22, at 10:30 a. m. with the Elder E. F. Coy of the Roseburg Seventh Day Adventist church officiating. Concluding services and interment will follow in the Masonic cemetery.

Lawmakers Compromise On Measures

Veterans' Aid Proposal Vetted By President; Postal Rates May Rise

WASHINGTON — (AP) — Senate-house conferees on the \$4,000,000,000 military construction bill broke up in disagreement today.

WASHINGTON — (AP) — Three big money bills were maneuvered into position today so that Congress could pass them quickly and go home.

The three, which include a \$7,328,903,000 foreign aid measure, are the only major items standing in the way of adjournment of the first session of the 82nd Congress. The lawmakers hope to call it quits some time this afternoon. They have been in session for nine months and 17 days.

Two of the appropriations bills were whipped into final compromise form at Senate-House conferences last night.

These are the foreign aid bill and a \$1,550,000,000 supplemental measure carrying funds for defense purposes, economic stabilization agencies and various government departments.

The third, a \$4,000,000,000 military construction bill, still must be worked out in a conference.

All Others Out of Way

Except for some miscellaneous odds and ends, all other "must" bills were out of the way a \$5,691,000,000 tax increase bill having left Capitol Hill with White House last night.

anxious to get the year's business over with, house leaders called their branch into session earlier than usual. They hoped for side die, or final, adjournment in mid-afternoon.

The Senate meets two hours later since the House must act first on the leftover appropriation bills.

Topping the day's calendar in the House is a vote on the President's veto of a bill to help disabled veterans buy automobiles.

Legislation providing \$1,600 for the purchase of automobiles for certain disabled war veterans became law today over President Truman's veto.

The House overrode the veto by a vote of 223 to 53, or 39 more than the two-thirds necessary to override. The Senate overrode it yesterday, 55 to 10. No further action is needed.

The legislation would require the government to pay up to \$1,600 on the cost of a car for any veteran of World War I or the Korean fighting who has lost a leg or an arm or is blind or has impaired vision as a result of service.

In a burst of speed in sharp contrast to the slow pace of previous

(Continued on Page 2)

Fifty Percent Of Chest Goal Has Been Noted

Shooting for a "victory dinner" Tuesday at 6:30 p. m. in the Hotel Umpqua, the Roseburg Community Chest committee announced today that it has reached 50 percent of its goal at the close of the first week.

A lot of the "easy money" is already in, and the next 50 percent will be harder to get, commented the Rev. W. A. MacArthur, drive chairman.

However, he said, there are a lot of contacts yet to be made and also a number of call backs. There will also be some Oct. 25 payroll payment promises to come in under the date set for the victory dinner.

Want Districts Completed

But the main thing, he emphasized, is for the workers to keep plugging along and complete their assigned districts as quickly as possible, so as to wind up the affair.

A list of top contributors was announced. Roseburg Lumber and Youngs Bay each contributed \$1,000 and Umpqua Dairy \$500.

Contributions ranging from \$100 up were made by Douglas County Lumber Co., Si Dillard Motors, Douglas County State bank; Douglas Manufacturing Co., Douglas Supply, Sig Felt; Fiesler Transfer and Storage, Green Valley Lumber Co., Hotel Umpqua, Lockwood Motors, Montgomery Ward, Nielsen's Market, J. C. Penney Co., Roseburg Motors, Standard Oil, Todd Building, Umpqua Plywood, U. S. National Bank, E. K. Wood, Wilbur Lumber Co. and Modern Furniture Co.
