LEGAL 'JAYWALKING' IN DENVER—Police urged pedestrians to cut across corners recently at Denver, Colo., launched a new traffic control program at busy intersections. Under the plan, everybody crosses streets when a special "walk" light flashes. All traffic is halted during the period. Then pedestrians wait while vehicles move, first on one street and then on the other. Twenty-three extra policemen were on duty to help bewildered residents get the idea. (AP WIREPHOTO)

Negro Accuses Sheriff, Deputy in Shooting Case

Irvin is a defendant in a rape case. Samuel Shepherd, also charged in the same case, was killed Tuesday night while he and Irvin were being returned from the state prison at Raiford.

They were convicted in September of that year and sentenced to death, but the conviction was reversed by the U. S. supreme court and a re-trial ordered.

The supreme court set aside the conviction because Negroes were excluded from the trial jury.

Irvin gave his version of the shooting in a sworn statement to J. J. Elliott, special investigator for Gov. Fuller Warren.

Reds Extorting Millions From Chinese In U. S.

SAN FRANCISCO - (AP) - Sen. William F. Knowland (R-Calif.) says he has asked the State department to investigate reports of a Red China shakedown racket rumored to have extorted millions of dollars from Chinese-Americans.

Knowland said he would seek to have cases brought before the United Nations as a "menace to international morality and human rights."

Lee Dai-Ming, editor of the (San Francisco) Daily Chinese World, said many Chinese-Americans had sent sums ranging from \$250 to as high as \$100,000 to pay "taxes, fines or rent" levied on relatives in Red China.

"No direct demand for blood money is made," Lee said, "but word is sent out through relatives or intermediaries, usually in the British colony of Hongkong. Then the Communists wait for the money to come in."

"When it comes they ask for more. If it doesn't come, they apply torture and, eventually, death."

He did not identify any of the reported victims. He said they preferred anonymity for the safety of relatives in China.
