**Reedsport Basketball Team Looks Rugged This Season**

Reedsport was one of the toughest basketball teams in district 5 in the 1950-51 season. Judging from the early season turnout this week, the Braves are going to be even tougher this season. So they could recover fully from Coach Norm Olson greeted 35 men in the first turnout Tuesday. Of these, seven were returning lettermen. The most impressive factor, however, was the fact that the seven returning initial holders averaged in at close to six-foot two inches. Back for his last year of prep competition was Duane Leggett, a loose-jointed forward who has sprouted to six-three. The other first stringer is Henry Husko.

**Expected To Carry Punch**  
Leggett is expected to carry the scoring punch since he was one of the most dangerous men on the court in games last year. He will be joined by Dick Kylo, a reserve last year, who also scales in at six-three. Another young giant on the way up, and one who will

probably see plenty of action is sophomore Bob Wheeler. He's six-three also. One of the scrappiest men on last year's squad was Berge Borrevik. The young Scandinavian broke his leg in football this fall, but it came out of the cast early this week. Coach Olson expects to put him into action by the middle of December. Incidentally, he's six feet 3/4 inches tall. The big job for Olson will be to replace guards Orval Dodd and Frank Jackson, who graduated. Top possibilities are juniors Jerry Rose and Dick Olson and sophomores Bill Earls and Jerry Flug. Larry Rose, Reedsport's outstanding fullback in football this year, will be top material for a forward berth when his injured foot is healed. He suffered a toe separation in a game against Marshfield.

Athletic Director John Seeley reports that the prospects will probably be swelled to 50 when the football players turn out on Monday of next week.

**Football Briefs**

**By The Associated Press**  
**OREGON STATE** — Coach Kip Taylor and a 37-man traveling squad were to fly to Palo Alto today to keep their important Saturday date with the Stanford Indians. A limbering up workout at Palo Alto was on the schedule. Taylor ended home workouts yesterday with a light drill at Corvallis. OSC is the underdog in the top coast conference thriller.

**OREGON** — A 37-man Oregon football squad rode a train into Berkeley today for tomorrow's game with favored California. Coach Len Casanova praised the work of quarterbacks Hal Dunham, George Shaw and Barney Holland in final home drills yesterday.

**WASHINGTON STATE** — Light no-contact drills were on tap today for the Cougars, scheduled to face a weak Montana eleven in a Dad's day game at Pullman tomorrow. Coach Forest Evashevski told his charges to take it easy so they could recover fully from bruises and charley horses received in earlier games.

**WASHINGTON** — Coach Howie Odell hoped for clear weather and a fast field for tomorrow's crucial conference clash with the UCLA Bruins. The Huskies arrived in Los Angeles by plane late yesterday.

**PLANE CRASH KILLS THREE**

**LANGLEY AIR FORCE BASE, Va.** — A twin-engine air force bomber crashed here Thursday night, killing two crewmen and probably taking the life of another.

The crash occurred as the plane's pilot was attempting a ground control approach landing. Names of the men are being withheld until next of kin are notified.

**D. L. Mentzer Promoted To Private First Class**

WITH THE 45TH INFANTRY DIV. IN JAPAN — Douglas L. Mentzer, son of Mr. and Mrs. Ben Mentzer, 1245 Shanandoah Ave., Roseburg, was recently promoted to private first class while serving with the 45th "Thunderbird" division in Japan.

The Oklahoma National Guard unit was activated in September 1950 and arrived in Japan last April. Strengthened by addition of men from all parts of the United States, the division currently is undergoing extensive combat training.

Mentzer is switchboard operator with battery B, 171st Field Artillery battalion of the 45th Infantry division. He joined the unit on Nov. 1, 1950.

Before entering the army Oct. 17, 1950, Mentzer was employed as a teletype operator for the News-Review in Roseburg.

**Jim Thorpe Discharged From Lankenau Hospital**

PHILADELPHIA (AP) — Jim Thorpe, famed Indian athlete, is being discharged from Lankenau hospital today after an operation for a lip cancer.

Doctors at Lankenau said the surgery, performed last week, was successful.

The 63-year-old Thorpe will go to

New York within a few days to remove performances with his traveling all-Indian show.

**Liquor License Request Notice Needed In 1952**

Prospective licensees of the Oregon liquor control commission will be required after January 1 to post public notices of application on their premises before their applications are considered, the commission decided at its November meeting. The new policy provides that a placard be posted at least ten days before an application is submitted to the local governing body for approval. The commission states that the ten-day notification period was deemed advisable to give residents of an area opportunity to make known any opinions regarding the establishment of a new licensed outlet. The staff to file with the Office

of Price Stabilization appropriate records of commission prices and procedures used to determine the retail price of liquor sold in state agencies and stores. OPS requested that this data be filed before the first of the year so that the Commission could re-price all liquors sold by its stores and agencies in accordance with newly issued regulations of the Office of Price Stabilization.

Two regulations were revised by the commission. Regulation 1 was changed to prohibit delivery of alcoholic beverages, including beer, to or from licensed premises after closing hours. This change will not prevent the delivery of a restaurant or club patron's bottle to him after closing time if he is not visibly intoxicated. A second revision established minimum lighting requirements in areas of premises where food and beverages are served and consumed at one foot-candle. The minimum requirement for portions of premises where food and beverages are prepared is still ten foot-candles.

The "gray" penny, containing a minimum of tin, was minted in 1943 and proved so unpopular it was retired after that year.
