Dial Log

PROGRAM SHUFFLE for Thanksgiving day to make way for special Thanksgiving features. Be sure to tell your small fry Bob McCarl, with Torrence, in Sleepytime Tales, will be heard at 12:30 p.m. in place of MAN ON THE STREET, presenting the story of Thanksgiving. Then at 1:30 p.m., Hansen Motors presents a special program of Thanksgiving music. And yet another one: THANKFUL HOUR presenting top flight Hollywood talent and stars from Broadway's "white way" will join to headline Mutual-Don Lee's Thanksgiving feature, 7:00 to 8:00 p.m. For the second consecutive year Richard Widmark will be heard as the narrator of this hour-long extravaganza of music and drama. Such outstanding personalities as James Alexander, Ann Blyth, Ann Jamison, Marina Koshetz, Pat O'Brien, Rod O'Connor and Enzo Pinza will head the parade of stars from movieland, stage and radio. "The Thankful Hour" is presented by the Mutual-Don Lee network in cooperation with the Rev. Patrick Peyton, C.S.C., producer of the "Family Theater" series, which is aired each Saturday evening over this station. Joseph Mansfield is the director of this special broadcast and music is under the

direction of Harry Zimmerman; Tony LaFrano is the announcer. Due to limitations of space, only a very few of the personalities are mentioned. With such a cast as already mentioned, it can't help but be listenable. The perfect climax for the day.

ODE TO A LOST DRUMSTICK
By Jack Kirkwood

When science plans for greater things
They should think of family needs.

For it would be serendipity if...
Yes sir! It sure would. That word isn't even in the dictionary. Just leave it to Kirkwood. It's a good idea, though — don't you think?

REPORTERS ROUNDUP
Inter-view guest Thursday, 8:30 to 9:00 p.m., will be Gen. Hoyt S. Vandenberg, the air chief of staff. Gen. Vandenberg appears upon his return from a tour of air force installations in Korea, throughout the Far East and in Europe. His preliminary remarks to newsmen on his return to the Pentagon recently — that the B-29 is already obsolete and that the Communists have greater air strength than we — have precipitated heated nationwide discussion on air force development.

Accordion Band Presents Concert

A concert was presented by Jene Smith's accordion band at the Douglas County home Armistice day. The band, made up of 19 children, represented the Zonta club of Roseburg. Included among the selections were several marches by John Phillip Sousa.

Mrs. Leslie Long, one of the Gray Ladies who conducts classes in Christian education at the Veterans hospital and a group of singers from the Church of the Open Bible, held their weekly service at the Home on Friday afternoon. This service consisted mostly of singing.

Mrs. Mattye Harms, head nurse, has returned to work after a month's vacation. Mrs. Burr Drulliner filled her position during her absence.

Among visitors at The Home during the past week were Mr. and Mrs. Ross Hutchison. Mr. Hutchison was a former county commissioner. Mr. and Mrs. W. O. Gilderse also called to greet old friends.

Several boxes of good clothing have been given to the patients by Mr. and Mrs. R. E. Marsters of Oakland and Mr. and Mrs. Shaffer of Camas Valley.

At the present time there are 62 patients registered at The Home.

U.S. Prisoners Murdered By Reds

By HAL BOYLE

NEW YORK — (AP) — There is no parallel in American history to the cold-blooded massacre of some 5,500 prisoners of war by the Communists in Korea.

Assuming that the current official investigation bears out the report of Col. James M. Hanley, chief of the advocate section of the Eighth army, then:

It is by far the greatest atrocity committed against our nation since its founding.

It negates the principles upon which our republic is built — the value of the individual and human rights.

In the seven year struggle to achieve American independence the U. S. army estimates "at least 4-044 American soldiers were killed" in battle.

Yet in less than a year-and-a-half of the "police action" in Korea the enemy has murdered in cold blood more than 5,500 captured and defenseless American troops. They have murdered more Americans than died to make us a free people.

The figure is almost too shocking to comprehend. For these outright murders of our men are only a small fraction of our total Korean casualties — now at the 100,000 mark.

And the murders of our men are only a small fraction of the murders committed by the Reds among captured South Korean civilians and the South Korean civilian population.

But the number of disarmed Americans they have brutally shot down or clubbed to death makes the Custer massacre of the Indian wars or the Malmedy massacre of the last World War look like misdeeds.

These endless, fruitless and useless slayings by the Chinese and North Korean Reds must put before civilization mankind again its oldest question — does human life hold any dignity, or must peoples feed upon each other as animals? Gen. Patton's Action Cited

The 20th century mind, brought up in a time of atrocity, is dulled to the very word atrocity. It tends to regard atrocity and propaganda as the same word.

There are people today who already are willing to believe that Hitler's human death factories were only legends.

Gen. George S. Patton was aware of people's tendency to shrug away distasteful facts. When his Third army captured a Nazi concentration camp, he forced the civilian population of the nearest town to walk through the camp and gaze at the inmates — the piled dead, the starving living. He wanted them to remember forever what their government did to helpless men.

These massacres in Korea are no more legendary than the massacres of Hitler, and no more to be condoned.

What Was Seen in Korea

In the prison at Taejon in Sept. 1950, I saw the corpses of 400 civilians shot by the retreating Reds. What crimes had these dead folk committed? The crime of many consisted in the fact that they owned a rice paddy, were landlords or merely had remained indifferent to the communist cause.

How can these dead soldiers ever rest easy in their graves until American does something about it?

In chemistry the suffix "ide" indicates the combination of one element with another.
