LESSON IN POKER—Biddy, the trained chicken looking over the cards, is giving someone a lesson in poker at the Northwestern Turkey show being held at the Douglas county fairgrounds. The educated bird selects her cards by pecking them, and seldom comes up with less than four aces. "Guess my chickens just lacked educational opportunities," was the comment of one chicken raiser after watching the birds perform. Biddy, with other members of the troupe, will perform each day during the turkey exhibit. (Picture by Paul Jenkins)

Forstander, senior chaplain at Pearl Harbor, will be heard from the USS Arizona shrine, CPO Henry Johnson, imprisoned for hours in a compartment of the USS Oklahoma by the attack, and Rear Admiral C. A special a cappella choir rendition of "America" will background the ceremonial reading of a plaque on the Arizona memorializing the Dec. 7 date. This will be heard Friday, Dec. 7, 9:30 to 9:55 p.m.

Nielsen Market's Publicity Wins National Award

HOLLYWOOD BEACH, Fla. — A citation "for excellence in informing its customers" was awarded Monday at Hollywood Beach, Fla., to Nielsen's Market, Roseburg owned by L. F. Nielsen.

The company's advertisement was selected in a nationwide competition to receive honorable mention in the third annual McCall's Super-Market advertising awards from among those submitted by 10 super market companies, representing 2,634 stores throughout the United States, Canada and Mexico.

In presenting the citation to the store, at the annual midyear meeting of Super Market Institute, William B. Carr, vice president, McCall corporation, said: "American business has a vital role in keeping the public fully informed—and newspaper advertising is the primary tool of the food industry. Your newspaper advertisement has made a significant contribution to this job of public education."

The competition, the third of its kind, is held each year under the auspices of Super Market Institute and McCall's, and is designed to aid super markets in making their newspaper advertising a more effective medium of public information.
