

Dillard Church Plans Activity

By ROSA HEINBACH

Thirty young people of the Methodist Youth Fellowship gathered at the church Saturday night, for their annual Christmas party and caroling. They were transported in the school bus instead of the hayrack, as previously planned. After singing Christmas carols around Dillard - Winston and in Roseburg, they went to the church annex and were served a chili supper by Mr. and Mrs. Ernest Jorgenson. A gift exchange and games followed.

The junior boys of the Dillard church won another basketball game Saturday afternoon in the Benson school gymnasium. The opponent team was comprised of players from several Roseburg churches. This is the third straight win and no losses so far. Rev. Drew sponsors the Dillard team. The Dillard youth group have been invited by the Roseburg Christian church to attend a skiing party on the Willamette pass Friday. Rev. Frank B. Drew will assist with the transportation. The Dillard church is having a

New Years eve party at the church. The youth group will gather at an early hour for games and informal entertainment. About 9:30 there will be a showing of the famous picture, "The King of Kings." The community is invited to this showing. Paul Hult's projector will be used by Ernest Jorgenson to show the film. A midnight communion service will follow.

Rev. Frank Drew plans to leave Jan. 1 for Portland to attend the planning session of the Methodist Ministers of Oregon, who are to plan their part in the National-wide Evangelistic mission being carried on by several of the major denominations. Bishop Gerald Kennedy will direct the planning session.

Average Oregon Wage Up In November To New High

SALEM — (AP) — The average hourly wage of Oregon's industrial workers during November went over the \$2 mark for the first time, the state unemployment compensation commission said.

Last month's average was \$2.01 an hour. It was 2 cents higher than in October, and 17 cents more than a year ago.

However, the average weekly earnings fell to \$26.10, lowest since last March. That's largely because the average work week dropped to 37.9 hours.

The commission estimated that there were 454,400 non-farm workers in Oregon last month. This was 8,900 fewer than in October, but was 6,000 more than a year ago.

Hungary Liberates Four American Airmen

porters were barred. They appeared tired.

Donnelly brought the men through the border barrier in his big car, bedecked with the American flag and his blue ambassador's banner.

Donnelly's car stopped just outside the door of the police post building. The fliers were rushed inside by American officials.

The Air Force plans to set up a news conference with the fliers either Saturday afternoon or Sunday morning, possibly at Wiesbaden. Until that time they were to be unavailable for questioning by reporters.

Informants in Frankfurt, Germany, said the Air Force wants to interrogate the men before they submit to reporters' questions.

The fliers are: Capt. John J. Swift of Glens Falls, N. Y., pilot.

Capt. Davis H. Henderson of Shawnee, Okla., co-pilot.

7-Sgt. Jess A. Duff of Spokane, Wash., mechanic.

Sgt. James A. Elam of Kingsland, Ark., radio man.

They were forced down near Papa, Hungary, Nov. 19 by Soviet fighter planes stationed in Communist ruled Hungary under the World War II peace treaty.

In a twin-engine C-47 they were en route from Erding, Germany, to Belgrade, Yugoslavia, on a routine delivery of supplies, when they reported themselves lost.

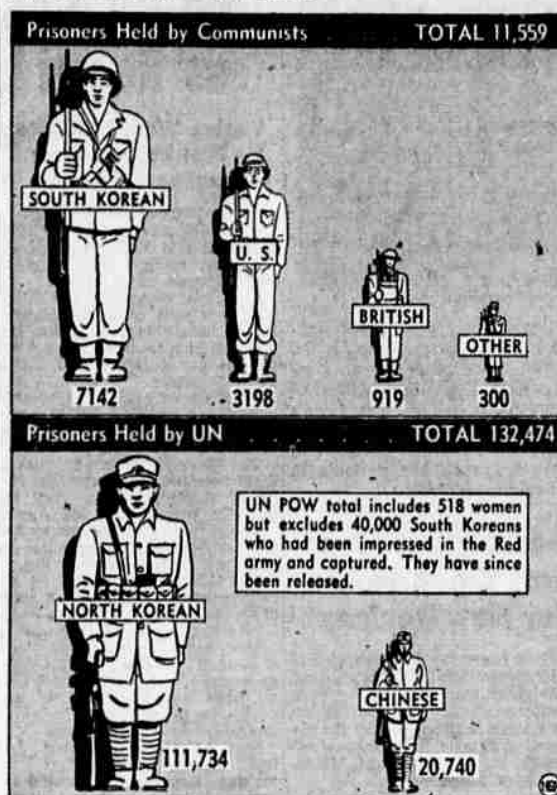

Falsely Branded Spies — They were not heard from until Dec. 3 when Tass, Russian news agency, announced they had been forced down and were being held on charges of violating the Iron Curtain for the purpose of "planting spies and saboteurs."

The United States promptly denied the charges and demanded the fliers be released. American diplomats in Budapest tried without success to see them. Two days before Christmas Hungary announced a secret military court had tried, convicted and sentenced the four fliers. They were ordered to pay a fine of \$30,000 each or spend 90 days in jail.

FAMILY IN FOR CHRISTMAS DINNER—J. L. Hetrick, 81-year-old retired farmer of Fagleyville, Pa., entertains "just my children, grandchildren and great-grandchildren at Christmas dinner" and 82 set down for dinner. "We don't invite anyone else because there just isn't room." Here part of the group poses at the family homestead. The family ate, among other things, four turkeys, six chickens, six ducks, one goose and two hams. (AP WIREPHOTO)

Auto-Train Collision Kills Family Of Six

DAYTONA BEACH, Fla. (AP)—Six members of a Jacksonville family lost their lives in an auto-train collision here Thursday.

Killed were Mack Cooner, 40, his wife, and their four children. Engineer T. L. Norwood of the Florida East Coast Railway freight train said he was about 25 feet from a crossing when he first noticed the auto approaching.

Police Chief H. L. Ham of South Daytona Beach said the Cooners' car plunged into the train's diesel engine.

Senator Laments Blackmail Era

BOSTON (AP)—Rep. Joseph Martin, Jr., R-Mass., said Wednesday night "the United States has retrogressed a great deal when we have to pay blackmail" for the release of U. S. fliers imprisoned in Communist Hungary.

He told newsmen in a press conference that "there was a time when America didn't have to pay tribute."

He said release of the fliers could have been effected by diplomatic negotiations without paying the \$120,000 in fines and without the affair coming to a "force of arms."

MISSIONARIES TO SPEAK

HOW MUCH LIGHT IS ENOUGH TO READ IN BED?

Reading in bed is fun : : if your eyes have better lighting for easier, more comfortable seeing.

Perhaps you'll prefer cool Fluorescent light at the head of your bed. It provides soft, smooth, even lighting : : brings "daylight" indoors to add new color to your home. But for bedroom, or any room where seeing is concerned, be sure you have plenty of good light to help keep your eyes young and attractive.

You owe it to your eyes to find out about better home lighting now.

While Nature provides 500 footcandles of light, even in the shade, some homes show less than 5 footcandles.

For free advice and helpful suggestions on how to improve your present lighting, call in one of our Home Lighting Advisors—at your convenience.
