U. S. Delegate Benjamin Cohen told a news conference that the U. S. could not understand why the Soviet Union had made such a proposal at a time when truce talks in Korea appeared to be making slow but sure progress.

Cohen said the U.S. was decidedly and unqualifiedly opposed to a Russian resolution calling for a special high-level Security Council meeting to discuss how to aid the armistice talks.

Cooperation Urged

The work of the Junior Chamber includes the contacting of property owners along the stream, most of which has already been done, erection of necessary stiles over fences, posting of signs to prevent infringement upon private property, and general care of the stream. This would have to be carried on over a period of years in order to eliminate obstructions and to make the stream more accessible to the young fishermen.

Cooperation of fathers and other persons interested in promoting fishing for the boys as a step toward combatting juvenile delinquency is urged by Vaughn and the Jaycees.
