

Five Courses Being Offered In Roseburg

The extension service of the Oregon State System of Higher Education is offering five adult education courses in Roseburg and one in Drain.

Courses in Roseburg will be held in the Junior High School library from 7 p.m. until 10.

Registration in the classes is urged because a total enrollment of 18 is required for continuation of the courses. Persons desiring admission to the courses may register during the second meeting.

In Drain, a class in education tests and measurements will be conducted in the Elementary School from 7 p.m. until 10. It began Wednesday night and second session is scheduled Jan. 16. Paul Betten, principal of Howard School in Eugene, is the instructor.

Classes available in Roseburg are:

- Psychology of exceptional children (Ed-462), a three-hour graduate course which began Jan. 6. It will be held each Wednesday night. Dr. John Schulz, Southern Oregon College of Education, is instructor.
- American history and government (Hist-319), a three-hour course offered every other Friday night and Saturday morning at 9. Next classes are slated Jan. 18-19. Herman J. Voltz is the instructor.
- Health education (H. E. 412), a three-hour course each Monday night. Jennie Moorhead, state PTA president, is instructor.
- Intermediate and upper grades educational methods (ED-359), a four-hour course providing graduate credit, being held every other Tuesday and Thursday. Miss Ethel Bork, Southern Oregon College of Education, is instructor.
- Oregon school law, a two-hour course, being conducted each Thursday by Supl. Paul S. Elliott. The second class, which lasts two hours, will be held tonight.

Salem Firm Unfair To Labor, Board Finds

SAN FRANCISCO (AP)—A national Labor Relations Board trial examiner Friday found a Salem automobile agency guilty of unfair labor practices.

Examiner David F. Doyle directed that the Herrall-Owens Co., stop interfering with employees and the AFL machinists, who won an NLRB election at the company in 1950.

The examiner also directed that the firm offer Raymond Powers, fired last April, his old job, and make up any loss he suffered in pay.

The company also was told to bargain with the machinists in good faith.

DECREE QUIETS TITLE

A decree quieting title on property on the South Umpqua River was issued in Circuit Court Thursday to King L. and Burniece L. Heiskell.

Vets Hospital Patients Get Dance Instruction

The American Red Cross sponsors each Monday afternoon a ballroom dance instruction class for patients in the Roseburg Veterans hospital.

This is a very popular program with the patients and it is one which Red Cross wishes to continue because it is so enjoyed by them, said Mrs. Paul Barcus.

At present additional women are needed to act as instructors and hostesses at the class. It isn't necessary, said Mrs. Barcus, that she be an expert as the present instructors can teach them the basic steps.

The class is from 2 to 3 p.m. Monday. Women willing to give their time toward this activity are urged by Mrs. Barcus to call her at 3-2607, and she will provide additional information.

SUTHERLIN

By MRS BRITAIN SLACK

Mr. and Mrs. L. Haslam and daughters, who spent two weeks in California during the holidays, returned to Sutherland last week.

The Volunteer Fire Department was called out Monday evening by a chimney fire at the home of Mrs. Ethylene Freeman on E. Second Ave. The fire was brought under control without doing any damage to the house.

Mr. and Mrs. Vern Holgate, son, Gordon, and Mr. and Mrs. Frank Holgate were dinner guests of Mr. and Mrs. Leo Holgate, at Eugene last Sunday.

Anton Coenenberg and son, Joe, of Burlingame, Calif., were in Sutherland Wednesday greeting friends. Mr. Coenenberg is an old-time resident and at one time owned the bakery in Sutherland. Joe is a transport pilot and flies out of San Francisco.

Lynn Moore, seriously injured in a woods accident last week, is reported as "resting as well as can be expected."

Four Firms Accused Of Price Conspiracy

WASHINGTON (AP)—The Federal Trade Commission Thursday charged four western companies with conspiring to fix prices for dehydrated onions and garlic sold in powder, flake and other forms for use as seasoning or flavoring agents.

Companies named in the FTC complaint are Basic Vegetable Products, Inc. of San Francisco; Gentry, Inc. of Los Angeles; Pucinelli Packing Co. of Turlock, Cal. and J. R. Simplot Co. of Boise, Idaho.

Greasy Thumb Guzik Freed Of Contempt

WASHINGTON (AP)—Jacob (Greasy Thumb) Guzik was acquitted Thursday on charges of contempt of court.

Federal District Judge Edward A. Tamm ruled that Guzik, whose name has long been linked to Chicago gangsterism, was within his legal rights in refusing to answer questions of Senate crime probes last March 22.

Legally what the judge ruled was that the Fifth Amendment to the Constitution gave Guzik the right to refuse to answer questions which might incriminate him.

How Important Is Advertising In The Nation?

What would happen in the United States if all advertising stopped at 10 a.m. this morning?

It would mean a collapse of the nation's economy.

That was the opinion expressed by LeRoy Hiatt, manager of radio station KRNR, in an address before members of the Roseburg Rotary club in the Umpqua hotel Thursday noon.

A partial list of Hiatt's predictions includes: a shut-down of 2,000 radio stations, unemployment of 50,000 radio personnel, closure of 108 TV stations, readjustment by papers and magazines, order cancellations, clerks let out, a drop in market prices and a general emergency.

Muffling the voice of the seller would also cut the money collected by the federal government, Hiatt said.

The station manager employed the hypothetical situation to emphasize the importance of advertising in an industrial nation.

Made Growth Possible

Communication made possible a tremendous growth and advertising gave birth to mass production and distribution, the speaker said.

In his estimation, selling—one of three elements necessary for a balanced economy—is the most important phase in the marketing of merchandise of growth and industry.

But he stressed the necessity of support from the public.

"It is the responsibility of advertising to employ its creative talent in the best manner where-by the public can be served," Hiatt stated.

Turning to the difficulties within the advertising profession, Hiatt pointed to the disagreement between advertising media as the largest barrier to be overcome.

Advertising should be dedicated to the good of U. S. economy, and the charlatans should be driven from the profession if it is to serve fairly and adequately, he explained.

Verdict In Damage Suit Is Set Aside

A Circuit Court jury verdict in favor of plaintiff W. O. Blaylock in motor vehicle accident suit against Gust A. Westlund, has been set aside by Judge Carl E. Wimberly.

The jury had awarded Blaylock \$543.50 damages.

Judge Wimberly said the jury was not instructed that the defendant had the right-of-way over the plaintiff, who was making a left turn across the defendant's path.

A new trial was granted by the court on its own motion.

Yoncalla Voters Approve Bonds By 79 Margin

Voters of Yoncalla School District approved by a margin of 79 an \$80,000 bond issue for initial construction of a proposed 16-room grade school. The vote was 151 to 72 in favor of the issue.

The money will be used to construct the first unit of the school—four classrooms, boys' and girls' toilets, janitor's room and boiler house. A lot across from the Grade School gymnasium will be the building site.

A special election for balloting on the bond issue was called after the district was ordered to submit a plan of improvement before March 15, 1952. The elementary school had been declared conditionally standard in an inspection Dec. 5, 1951.

If the improvement plan had not been submitted, the district risked loss of state financial support amounting to \$80 a year for each school census child, or a total of \$23,000 yearly.

Construction of a new grade school will eliminate Pleasant Valley school, a two-room building housing Yoncalla first and second grade pupils. The school lacks inside toilets, hot water and lunch facilities.

John Luvaas, school attorney, at a special meeting in the grade school Friday night, allayed the concern of many by explaining that the tax rate would actually drop despite bonding because certain obligations had been paid off.

Even with the increased seven mills required by bonding, the millage rate should drop from 50.2 mills to about 48, he said.

Al Hoffman, grade school principal, says the district is in "excellent" financial condition. There is no bonded indebtedness, and the district's capacity is about \$95,000.

Poles Decree Death For 3 Alleged Spies

WARSAW, Poland (AP)—Three Poles charged with spying for the United States were sentenced to death Thursday night and two others were given life sentences.

In a one-day trial before the Warsaw Regional Military Court, all five pleaded guilty to slipping into Poland illegally after going to work for American intelligence agents in Berlin.

The prosecutor, in his final speech to the court, accused former U. S. Ambassador Arthur Bliss Lane and many of his staff of espionage.
