**WHAT WILL CONGRESS DO?**—Congress is expected to move cautiously, if at all, through the legislative woods after reconvening this month. President Truman will probably get little that he seeks, except continued high military spending. Foreign aid is expected to find tough stalling, as will the President's expected request for higher taxes and his whole "Fair Deal" program. The Newschart above lists some of the major items before Congress. As in 1951, the legislative body is likely to continue to be most noteworthy for its investigations.

**SYMBOLS OF LIBERTY** — Communist prisoners-of-war at a United Nations stockade on Koje-do Island, off Pusan, put the finishing touches on a replica of the Statue of Liberty. They also built the model church in the background. These Red captives, who appear to have undergone a change in their beliefs, are among 132,000 prisoners at the camp.

**MYSTERY SURROUNDS BITHORN DEATH** — Former Chicago Cubs baseball player Hiram Bithorn (shown above with his wife) was shot and killed in El Mante, Mexico, by a Mexican policeman. "It is very mysterious," Commandant of Police Fidel Garza said. "He had \$2000 in American currency in his pocket when he was picked up." Dist. Atty. Jesus Govea said police arrested Bithorn as he was trying to sell his 1947 Buick for \$350 without proper documents. The ex-burlier's brother, Waldemar, denied that Hiram was a Communist, and scoffed at the story of the Mexican policeman who reported that Hiram had confessed being a member of a Communist cell after he was shot.
