### Two Local Youths Sign For Service In Navy

Two local youths have enlisted in the Navy, according to the local Navy recruiting office. They are Gene Loyal Norris, 19, Sutherland, and Jack Melvin Walters, 20, Roseburg. Norris is the son of Mr. and Mrs. Loyal George Norris, and attended Sutherland High School. Prior to enlistment he was employed by the Empire Mill Works in Sutherland. His wife, Norma Gene Norris, is living in Sutherland. Walters, son of Mr. and Mrs. Emmett S. Walters, was graduated from Roseburg High School in 1949, and worked for Umpqua Dairy Products during the past year.

### PROBATE ORDERS

The estate of Virgil L. Gill, killed Aug. 11 during a truckers rodeo in Sutherland, will be administered by his widow, Opal Gill, Oakland. Gill was instantly killed when caught under the wheels of a logging truck which was being driven a short distance for a test. H. L. Wiley, Rt. 1, Camas Valley, has been appointed administrator of the estate of Jessie May Wiley, who died in Roseburg Aug. 26, 1951.

### MAN WORKS WITHOUT HEAD

Reliable sources today reported that a businessman from this city was presently without the benefit of a head. When questioned, the alleged headless one, Calvin Wolf of Expert Furniture Cleaners & Upholsterers, directly behind Richie's Root Beer Drive-In on Highway 99 North, explained that he prefers working this way. It eliminates the necessity of wearing a hat, and also, it attracts customers. Explaining further, the above upholsterer indicated that he is without a head in the figurative sense only in that he is constantly "working his head off" to produce the finest upholstered furniture obtainable. His earnest claim is that for furniture that is out of this world at a price that is down to earth, call 3-3191. It's an ad.

## Worst Oregon Traffic Crashes Of 1951 Noted

If Oregon drivers had avoided but seven accidents last year, 24 people probably would still be alive today. And if 20 other smash-ups had been forestalled, 40 men, women and children now on the traffic fatality list would be alive.

These 27 accidents were termed Oregon's "worst of 1951" by the Secretary of State's traffic safety division. Seven of the 27 reached the mass highway slaughter class, as each resulted in three or more deaths.

One driver was involved in two which brought death to six people, including his son, his nephew and himself.

The seven worst smash-ups had one thing in common, the division said. Each involved a rate of speed too fast for the driver to control.

And for a safety officer, the division made a strange comment. "Speed, in itself," they said "was not responsible for these deaths any more than the highway or the weather. The real killer was a driver who failed to realize he was over-rating his ability to control the speed of his car."

The division said too many people tend to blame speed for highway accidents and deaths, forgetting that drivers are responsible for speed and that some drivers may be incapable of handling any speed higher than 15 miles an hour. "Even if the law established a top speed limit of 15 miles an hour," the division concluded, "some drivers would still become involved in fatal accidents."

### Chest X-Ray Units Schedule Listed

In addition, Dr. Anderson has been appointed official delegate to the World YMCA Physical Education Consultation to be held in Helsinki, Finland in August.

Twelve laymen and 19 secretaries will represent the United States and Canada at the consultation.

### School Traffic Safety Plans Being Devised

A means of enforcing student traffic safety at Roseburg Senior High School has been approved in a vote of the student body, according to Principal George Erickson. Details of the new project are being worked out by the Student Council. It is being started in conjunction with the Douglas County Safety Committee's campaign to prevent highway accidents.

The primary concern of the high school group, Erickson said, is student safety on school property.

### Noris Elmer Walker Passes After Illness

Noris Elmer Walker, 59, resident of 120 S. Pine St., Roseburg, died Jan. 14 after a short illness. He was born July 28, 1892, in Grant, Mich., and came to Oregon 51 years ago to make his home. He had lived in this community since 1933 excepting for the years 1946 to 1949 spent in Gold Beach where he was a sportsman guide for fishing parties on the Rogue River. He was a member of the Church of God.

Surviving are his widow, Vena, Roseburg; a son, William Henry Walker, Roseburg; three daughters: Mrs. Doris Laney and Mrs. Nellie Best, both of Roseburg; Miss Lillian Walker of the American Embassy in Stockholm, Sweden; three brothers: Rex Walker, Roseburg; Roy Walker, Riddle; Noel Walker, Tallman, Oregon, and three grandchildren.

Funeral services will be held in the Chapel of the Roses, Roseburg Funeral Home, Thurs. Jan. 17, at 2 p.m. with the Rev. H. A. Schlatter, of the Church of God, officiating. Vault interment will follow in Willis Cemetery.

## U Of O Foreign Students Speak At Melrose PTA

Two foreign students from the University of Oregon Eugene, were speakers at Melrose PTA Thursday evening in the school. Miss Nicky Haralu of India and Miss Katherine Cheng of China spoke on the educational systems in their respective countries.

Both girls had attended missionary schools during part of their school days.

Following a question and answer session and the social hour, the girls were taken on a tour through the Melrose school.

This being the girls' first visit to Roseburg, Miss Haralu said that she had always thought Roseburg must be a wonderful place, because the first part brought to mind the beautiful flower, and the second part, "that delicious American food, the hamburger."

Miss Cheng, a tiny Chinese girl, wore a heavy black silk Chinese gown with a necklace of Chinese design. Miss Haralu, a slim girl with her shiny black hair cut short, wore the American skirt, blouse and jacket. But she said, "occasionally I like to wear my native costume to 'keep my identity'." She will wear it again when she returns to India, she said.

Jack Hausotter's sixth grade room won the parents' count, so will share the new aquarium with the first grade, who won last month.

It was decided the PTA will buy the remaining items needed for the cafeteria.

Ray E. Doerner, chairman of the school board, suggested that members of the board pass along suggestions to District 4 when the board meets this week with Paul Elliott, superintendent of Roseburg schools.

### Ailing Mother Kills Infant And Herself

GRAND RAPIDS, Mich. — A mother dropped her infant son from a third floor landing, then jumped to her own death from a fourth story roof—of the Sunshine Sanitarium.

Victims of the double tragedy Monday night were Mrs. Mauida Reinhardt, 39, and her two-months old son, Allen.

A note left in the family car, found parked on the sanitarium grounds, said: "I took the only way out."

### Angling Rules Drop Certain Restrictions

Two previously enforced angling restrictions have been eliminated from proposed rules for the coming season, the Oregon Game Commission reports. In its tentative 1952 regulations, the commission eliminates the special 14-inch maximum length limit formerly provided on the McKenzie river, and removes the restriction to artificial lures only on Diamond Lake.

Reporting its decision approving the recommendation of the regional staff for exclusive fly fishing area on a 33-mile section of the North Umpqua River, the Commission held that the restriction "would afford protection to spring chub and summer steelhead, both at critically low levels in the Umpqua River, while still allowing recreation through fly fishing."

It also is announced that a punch card will replace the salmon tags now used on fish exceeding 20 inches in length. The card will be similar to that used in the State of Washington. Anglers will punch a hole in a card, entering a record of the catch, instead of being forced to equip themselves with wires and tags necessary under previous rules.

The five-fish bag limit is removed from Fish, Buckeye, Cliff and Twin lakes, thus permitting anglers to take the normal limit of 10 fish. A special season, opening April 19 and closing Oct. 12, is provided for Loon Lake. Elsewhere in Zone 3 the opening date will be May 3.

Final decision on regulations will be made following a public hearing in Portland Jan. 25.

### Brief Colleague 'Refresher' Set Here Tonight

A diversified program touching on economics, music, physics and sports is in store for those attending tonight's brief colleague "refresher" course by four top educators from the University of Oregon.

This "community educational" meeting will be held in the Hotel Umpqua Civic Room, starting at 6:30 p.m. The general public is invited, reports George Luoma, Douglas County director of the University Alumni Association.

The speakers will be Dr. J. H. Gilbert, emeritus professor of economics; Dean Theodore Kratt of the University School of Music, Dr. Edwin G. Ebbighausen, associate professor of physics, and William J. Bowerman, head track coach. Dr. Gilbert addressed the Kiwanis meeting at noon today.

Former head football coach at the University, Jim Aiken, now of Roseburg, will be master of ceremonies. The program will be made up of talks by the four speakers, whose topics will be of general interest to the laymen, said Luoma, who with Dick DeBernardi, Duck Club president, and Mrs. Erwin Stinner, Roseburg University Mothers Club president is arranging the program. Tickets will be available at the Hotel desk.

## MIRACULOUS HEALING Is NOT For Today

At the present time a series of meetings are being conducted in which the evangelist, Mr. Wilbur Henry, claims the power to heal miraculously. We believe his claim is false, that he does not have divine authority today to heal as the apostles did.

**His Claim A Failure**  
I saw him try to heal a person last Friday evening and failed in the attempt. This person was brought to the place of meeting in an ambulance to be healed. The attempt failed, and the party was returned home in an ambulance. I visited in the home the following day to find this person confined to bed and unable to walk. He claimed the failure was due to a lack of faith on the part of the person to be healed. However, in apostolic times the party to be healed was not always required to have faith.

**Will He Affirm His Claim?**  
Since Mr. Henry claims to have miraculous power, he should be willing to publicly affirm his position. I will deny it. I submit the following propositions for debate:

**RESOLVED:** The Scriptures teach that the signs and miracles done by the apostles and other disciples, as recorded in the New Testament, are for today.

**Affirmative:** \_\_\_\_\_  
**Negative:** J. C. Clifford

**RESOLVED:** The Scriptures teach that the signs and miracles done by the apostles and other disciples, as recorded in the New Testament, were to cease, or be done away with, at the close of the apostolic age, or by the time the complete will of God was revealed and confirmed in the New Testament.

**Affirmative:** J. C. Clifford  
**Negative:** \_\_\_\_\_

**A Chance To Prove His Claim**  
Mr. Henry has publically made the claim that he has power to pass judgment upon one. I infer from his statement he means divine judgment. In Acts 13:11, we find that the Apostle Paul passed judgment upon a man by striking him blind. I am willing to submit to the same test. I plan to be at his meeting next Tuesday evening to see if he will do so. **Will he strike me blind?** Remember, it doesn't require faith on my part for him to do so!

J. C. CLIFFORD, Minister  
Church of Christ
