

Revenue Bureau Plans Facing House Battle

WASHINGTON — House tax investigators fashioned a rebuttal Wednesday for President Truman's proposal to reorganize the scandal-shaken Internal Revenue Bureau.

Smarting over White House failure to consult them, they announced plans to start an "independent" hearing Monday and to draw up their own reform recommendations.

The action served to deepen the chill which has settled over the President's plan on both sides of the Capitol—even among administration supporters.

It was revealed, also, that the President did not take House leaders into his confidence before sending the plan to Capitol Hill last Monday. It would reduce the number of top tax collectors from 64 to 25, give them regional instead of a state responsibility and make them Civil Service instead of appointive officials. The proposal also

would establish an independent inspection agency to check corruption.

Rep. Hoffman (R-Mich.) Tuesday introduced a resolution which would put the House on record as opposing the Truman plan. If adopted, it would kill the proposal.

While saying he felt some reorganization plan would be approved, Hoffman explained he introduced the adverse resolution to get a hearing, "and because I want to understand better what the President intends to do with this plan."

Sheriff J. E. Franey, Klamath County, Dies

KLAMATH FALLS — Jack E. Franey, 53, Klamath County sheriff, died here Tuesday night after a short illness.

Franey, a Republican, was elected sheriff in 1948. For 13 years before that he was a sheriff's deputy.

He came to Klamath Falls 28 years ago from Illinois. His widow and mother survive.

Despite Refusal Son's Name Goes On Honor Scroll

WASHINGTON — A young officer who died valiantly in Korea will be enrolled as a winner of the Medal of Honor despite his father's objections that President Truman is unworthy to bestow it.

First Lt. Robert M. McGovern, 23, was awarded the nation's highest military honor for "incredible valor" Jan. 20, when he was killed in action. His 21-year-old brother, 2d Lt. Jerome F. McGovern, fell 12 days later and posthumously won the Silver Star for "absolute fearlessness."

Halsey McGovern, their 65-year-old father, rejected both medals. Tall, white-haired, showing his grief, McGovern told reporters here yesterday:

"Accepting these medals would imply that I think Truman is worthy to confer those honors. And I don't think that fellow is worthy to confer honors on my boys or any one's boys."

But an Army spokesman said the son's name would go down on the honor scroll as a winner of the heroic emblem. He said:

"The medal was not awarded to the father. It was awarded to the son in death."

Auto Power Steering At Low Cost Forecast

DETROIT — Power steering for passenger automobiles at "relatively low cost" was forecast here Tuesday before the Society of Automotive Engineers.

Original equipment on only one make of passenger car in 1951 it is expected to be on at least five makes this year, W. K. Creson, vice president of engineering of the Ross Gear & Tool Co. LaFayette, Ind., reported.

"Further rapid growth of power steering is indicated," he said, "because it lightens work, contributes to safety, and especially because its major technical problems including cost, are yielding to years of testing and development."

Growers Will Protest Potato Price Rollback

PRINEVILLE — A delegation of Oregon potato growers left for Washington, D. C., Monday to ask for an 80-cent increase in the announced potato price rollback.

Members of the delegation are Dr. H. W. Steelhammer and Ray Snabel, Prineville, Scott Warren, Klamath Falls, and Clyde Ward, Baker.

The rollback, which provides for a \$3.65 ceiling price on Oregon potatoes, is scheduled to go into effect Saturday.

Red China Treaty Spurned By Japs

TOKYO — Premier Shigeru Yoshida said Wednesday Japan has no intention of signing a peace and trade treaty with Red China.

But, he added, Japan is ready to sign a treaty with Chiang Kai-shek's Nationalist government in Formosa as soon as legally possible.

Yoshida declared his government's China policy in a letter to U.S. State Department Adviser John Foster Dulles.

"There are many reasons to believe," Yoshida wrote, "that the Communist regime in China is backing the Japan Communist party in its program of seeking violently to overthrow the constitutional system and the present government of Japan."

Furthermore, he said, the Sino-Soviet Mutual Assistance Treaty concluded in Moscow in 1950 is "virtually a military alliance aimed against Japan."
