

Youth Weekend To Be Observed At N. Roseburg

The weekend of Jan. 18-20 will be observed at the North Roseburg Church with "Youth Evangelism" as the theme. A group of five students and a faculty member from Cascade College of Portland will attend.

Included with the group will be the Rev. Keith Bell, dean of men and professor at the college and formerly youth director of the Oregon-Washington conference of Evangelical United Brethren Church. Assisting with the program will be five students: Wesley Bertrand, Joan Nee, Bob Schnaible, Shirley Speece and Dorothy Schlater.

The youth banquet will be held Friday night at the church. The hall is to resemble a "winter wonderland" with snow, stars and winter forest scenes. Reservations are limited to 65. A ham dinner will be served. Girls are to wear

formals and boys, suits with ties. Bertrand of Cascade College will be master of ceremonies and the Rev. Mr. Bell, the main speaker of the evening. Stunts, skits and snowmen will be combined to entertain the church youth.

A city-wide youth rally featuring the quartet from Cascade College is on the agenda for Saturday night. The Rev. Mr. Bell will be the speaker in this inter-denominational "Youth for Christ" type rally. The evening will include performances by local talent, songs by the quartet and informal congregational singing.

Sunday will be devoted to youth starting with the youth division of the Sunday School having complete charge of the morning service, under the direction of Mr. Bell. Special music will be provided. Sunday at 3 p.m. there will be a showing of a colored film on Cascade College, followed by the students conducting a panel discussion, "Why go to college," Mr. Bell will be on hand to provide details and answer questions. The general public and anyone interested in the College is invited.

A buffet supper at 5:30 p.m. will provide the farewell function for the group from Portland. Following this, will be informal recreation, a youth choir practice, and the evening sermon, "You're Only Young Once," at 7:30 p.m.

Farm Program Violations Set For Inquiry

WASHINGTON (AP)—The Senate Agriculture Committee decided Wednesday to make a "full, complete and vigorous investigation" of three separate charges of negligence and wrongdoing in programs under the Agriculture Department.

The three matters are:

1. A report from Comptroller General Lindsay C. Warren listing shortages of more than four million dollars worth of government stored grain.
2. A charge that a Kansas City, Mo., concern made thousands of dollars of profit by leasing surplus army buildings at Camp Crowder, Mo., and then subleasing them for grain storage to the Agriculture Department's Commodity Credit Corporation.
3. A charge that government employees of the Federal Land Bank and farm credit agencies at St. Louis, Mo., formed a pool to speculate in oil and gas leases on land formerly owned or controlled by the government.

Cool Reception Given Request For Tax Boost

WASHINGTON (AP)—Congress gave a chilly reception Wednesday to President Truman's call for upwards of five billion dollars more in taxes in this election year.

The general attitude was that something might be done in the way of closing "loopholes" to pick up additional revenue, but that Congress was in no mood to enact another general tax increase.

House Speaker Rayburn (D-Tex.), whose position makes him one of Mr. Truman's legislative lieutenants, told reporters that in his opinion Congress will not vote "any substantial" increase in taxes this year.

Senator George (D-Ga.), chairman of the tax-writing Senate Finance Committee said, "I am not in favor of any general tax increase."

Last October, after Congress voted a \$5,891,000,000 tax hike, George declared he would not support any further general tax boost unless there was an all-out war.

George said, "If he (Mr. Truman) wants to stop up loop holes, all right. If the house stops them, we'll stick by them over here."

Storm Ravaged Town Asks Emergency Aid

PORTOLA, Calif. (AP)—This little railroad and lumbering town sought a declaration of emergency Wednesday because of a record snowfall that has collapsed buildings, stranded 118 bus passengers and made all emergency equipment useless.

One house blew up, killing a woman and injuring her husband. Cause of the explosion was not learned immediately.

Fire engines only two blocks away were unable to reach the scene for one-half hour on the heels of a bulldozer.

The body of Mrs. Robert English and her injured husband had to be removed by truck. An ambulance was unable to reach the house.

Russian Bonds Tossed In Street And Mail Boxes

VICTORIA, B.C. (AP)—Some disillusioned soul's dream of a return of the Russian czars apparently died in this provincial capital.

The appearance of several thousand rubles worth of Russian First World War bonds was the telltale evidence of the shattered hopes—or dying sentimentality.

The bonds were stuffed into mailboxes or thrown on the street.

Issues in 1916, some of the bonds had interest-bearing coupons clipped from them until mid-1922. They are a 15-year, 100-ruble issue, bearing 5 1/2 per cent interest.

Five were dropped into mailboxes and a man found one on the street.

The old Imperial Russian seal

Imprisonment Of Red Plotters In U. S. Asked

WASHINGTON (AP)—Sen. Eastland (D-Miss.) asked Congress Wednesday to declare "a state of internal security emergency" as a move toward placing "under lock and key as soon as possible thousands of Communist conspirators now in this country."

He introduced a bill calling for a declaration of emergency under the McCarran Internal Security Act.

This law—named for Sen. McCarran (D-Nev.)—allows the Justice Department, in time of emergency, to round up subversive characters and hold them in detention camps.

guaranteed payment of interest on a 2 million ruble issue.

There was no clue to the identity of the person whose hope died so hard.

Stock Exchange Lists 1st Woman In Its History

NEW ORLEANS (AP)—Seventy-seven years ago the New Orleans Stock Exchange was opened by a group of men, with no one but men as members and with few customers who weren't men.

Maledom's monopoly of management died Tuesday when a trim figured little woman who spends most of her time as a wife and mother became a member of the exchange.

Mrs. Leonie Landry, the female trail blazer through a wilderness of males, sees nothing strange about her unique position. She says that women should make good brokers even if they are new to the trade.

Why should they? Simple, she says? "For generations women have been learning how to stretch a dollar."

Began As Secretary
Ten years ago Mrs. Landry be-

came a stock broker. She had worked as personal secretary for Blaise D'Antoni, then one of this old city's best known traders. She watched him work, studied the market and methods, and in short time she knew enough to operate alone.

Exchange President M. B. Wheeler confirms that Mrs. Landry is the first woman of the exchange. "And she's the first woman ever to ask for membership—at least for as long as I can remember," Wheeler said.

Mrs. Landry's husband, A. L. reached a total of 414,646 an Associated Press survey showed here Wednesday.

Delegations and governments were sources for the figures.

The most recent U.S. totals issued last week showed U.S. casualties mounted to 104,084 up to the first week in January. These included 15,950 killed, 75,374 wounded, and 12,760 missing or prisoners.

Totals for the Armies, Navies and Air Forces of 15 other U.N. member nations were at least 8,698, representing 1,848 killed, 3,524 wounded and 1,522 missing and captured.
