**RADIO-TV PICTURE**—Above Newschart shows production rates for radio and TV sets over a period of four years, and what can be expected in the way of output for 1952. There are now about 15 million television sets, or one for every 10 persons in this country. **Baptist Church Stonings Probed In Colombia**

**BOGOTA, Colombia**—Roman Catholic and official circles, commenting on recent stonings of a Baptist church here, indicated they believe Colombia's Constitution guarantees non-Catholic religions freedom to worship but not to propagandize.

The foreign ministry and the American embassy have exchanged notes on the stonings, as well as the beating and ducking of Protestant missionaries at Cambao.

Both declined to reveal the contents of the notes, but the government had said previously it deplored the incidents.

Colombia is predominantly Roman Catholic. Interior Minister Luis Ignacio Andrade had termed the incidents reactions by "primitive people" to propaganda for a religion alien to the Colombians. Recent newspaper comment indicated that the incidents might result in a clarification and interpretation of Constitutional provisions on religious freedom.

The Constitution makes no mention of proselytizing.

**Anti-Long Coalition Tops Louisiana Vote**

**NEW ORLEANS**—Six of the eight candidates who opposed Carlos Spahn, Gov. Earl K. Long's choice for governor, in Tuesday's Democratic primary combined Friday in an anti-Long coalition backing Judge Robert F. Kennon for the Feb. 19 runoff.

Also backing Kennon in the runoff was Mayor De Lesseps Morrison of New Orleans, who, with Sen. Russell Long, son of the late Huey P. Long, backed Boggs in the first primary.
