The difference between city and rural planning primarily is that city planning is to be very effective in correcting past mistakes is usually very costly. Rural planning can be relatively inexpensive, if done before the area has been developed, the speaker pointed out.

UMPQUA

By JULIA OSBORN

The Umpqua School Association meeting, which will convene Friday evening at 7:30 at the Grand hall, will be a brief one. Upon adjournment, the comedy, "Billy's Goat," will be presented by the South Deer Creek players. Umpqua School children are pushing the sale of tickets, for the school's share of the proceeds is to be spent on playground equipment.

From reports of those who saw the play at previous presentations, it is well worth the 50c and 20c admission price, and a large crowd is expected.

Refreshments will be served following the play, and Association members are asked to bring cup cakes.

Vernon Leonard, who, after two years in the Navy, received an honorable discharge recently, returned to his home Sunday. He is planning to go back to work for the New Service Laundry, where he was employed before he went into the service.

About sixty Umpqua School children attended a skating party at the rink in Roseburg on Sunday. They report having had a wonderful time, and some of them were exhibiting blistered feet to prove it.

Flood Situation Eases Along Ohio River

PORTSMOUTH, O. (AP) — The Ohio River flood crest — a winter-time sneeze that drove upwards of 10,000 from their homes — swept to the doorstep of Gallipolis, O., Wednesday.

But, its Sunday punch was about gone.

Bitter cold, the killer of floods, cut the crest to somewhat less damaging depths.

The river rose slowly — if at all — at Roller Dam, 10 miles upstream from Gallipolis and at Gallipolis itself. The 7 a.m. reading was 53.7 feet at Gallipolis. Flood stage is 50 feet. It was expected to crest at 53.8 feet before pouring southward to Portsmouth.

X-RAY TOTALS LISTED

Ninety per cent of the adults living in the coastal area, and about 60 per cent of those in northern Douglas County were X-rayed during the initial weeks of the X-ray campaign now being conducted.

He was a retired railroad engineer of the Northern Pacific Company and was a communicant of the Episcopal Church; a member of the Masonic Lodge, the Eastern Star and Shrine, all of Fargo, N. D., and a member of the Brotherhood of Railroad Engineers.

The body will be shipped by the Roseburg Funeral Home to Glendale, Calif., for funeral services and interment in the Forrest Lawn Cemetery.

Hit-Run Driver Taken To Prison To Pay Penalty

James B. Phillips, 21-year-old convicted driver of the hit-run vehicle that struck and fatally injured a 5-year-old Myrtle Creek boy, was taken to Salem today.

Phillips will begin serving his eight-year prison term given him in Circuit Court Monday on charges of negligent homicide and failure to stop.

Deputy Sheriff Jack Cater transported him to the State Penitentiary.

On good behavior, Phillips would be eligible for parole on serving one-third of the term — slightly more than two and one-half years.

Also fined a total of \$6,000 on both charges, Phillips was allowed by the court to serve time in lieu of payment at the rate of \$20 per day. This would add another 300 days to the term if he fails to pay the fine.

It was late last Saturday afternoon that Phillips, who admitted he had been drinking all day, swerved clear across the highway from his north-bound lane of traffic and struck the boy, Paul Van Osten, who died the next day of multiple injuries.

Warm weather melted snows, turning sections of the 155 mile Korean ground front into a quagmire.

MUNSAN, Korea (AP) — Communist negotiators in a double reversal agreed Wednesday to the Allied rotating 25,000 troops a month during an armistice and said Chinese would join in administering the demilitarized zone.

The Reds balked, however, at restraints on moving their troops secretly into threatening concentrations during an armistice.

Previously the Communists had agreed to rotating only 5,000 U.N. troops. The Allies are asking for 75,000 a month.

The Reds indicated Tuesday the Chinese would take no part in civil administration of the northern half of a buffer zone during an armistice.

They reversed it Wednesday.

All these actions were taken by staff officers working their way slowly through an 18-page allied draft of a plan for supervising an armistice.
