Local News

Meeting Announced — The De-Molay Mothers Club Circle will

meet Monday night at 7:30 o'clock at the home of Mrs. Frank Long, 201 S. Pine Street.

Home For Visit — Mickey Coia, student at Willamette University, Salem, arrived in Roseburg Wednesday to spend the weekend visiting his parents, Mr. and Mrs. R. D. Coen, on Overlook.

Moves Studio — Miss Gladys H. Strong has moved her music studio this week from the Masonic building and is combining her downtown and residence studio at 426 South Main Street.

Arrives From Salem — Miss Shirley Helweg, student at Willamette University in Salem, arrived in Roseburg Wednesday to spend the remainder of the week with her parents, Mr. and Mrs. Paul Helweg, in Laurelwood.

Rummage Sale — The Methodist Keystone Circle will hold a rummage sale in the Methodist Church social hall Friday and Saturday, Feb. 12, from 9 a.m. to 5 p.m. Members are requested to leave their donations at the hall by Thursday noon, Jan. 31.

In Hospital — Mrs. Cleo (Lorraine) Sallee, Roseburg, is reported to be improving at Providence Hospital in Portland, where she recently underwent a serious major operation. On account of her illness, Mrs. Sallee recently resigned her junior regent station in Women of the Moose of Roseburg.

Arranging For Campaign — Mrs. Lucille Schrieer, representative for the Community Concert Service, spent Monday in Roseburg with officers of the local Community Concert Association. Plans are being made for the annual membership campaign, which is to be held the week of March 3.

Committee Announced — The Ways and Means committee of the Roseburg Band Parents Club announced includes Floyd Powell, chairman; Clyde Moore, Ed Stiles, Mrs. N. Therman Combs and Mrs. Vernon Keel. Members of the executive committee include the foregoing five members, Mrs. Fred Hargis and Mrs. E. E. Lindell.

He enlisted in August, 1950, and was stationed this last year at Quajalein in the Marshall Islands. He will attend three months of schooling at Fort Hueneme. Before entering the service he worked for Van Dine Meat Co.

Church Council Slated Feb. 8

An annual meeting of the Oregon Council of Churches will be held in the Roseburg First Methodist Church, 129 Main St., Feb. 8.

It is one of four identical conclaves scheduled this year by the Council. Other meetings will be held in Pendleton, Feb. 5; Port-

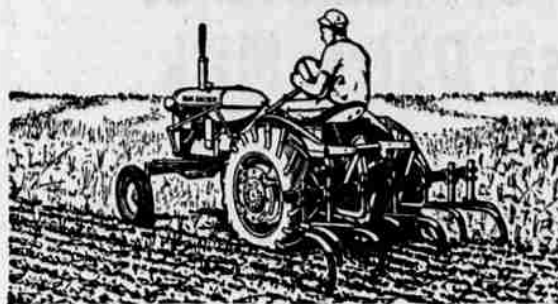

land, Feb. 6, and Salem, Feb. 7. State and national church leaders will participate in each of the sessions.

The program includes a conference on juvenile protection for ministers, laymen, parents, teachers and interested persons. Later, three conferences on "United Protestant Action in the Local Community" will be held.

During the evening session, Ernest Peterson, church editor, Oregon Journal, will deliver an address titled, "Stabbed Wide Awake." "Christian Laymen United in Kingdom Service" will be the title of a speech to be given by John Merrifield, member of the Executive committee of the National Council of Church Men. Further information can be obtained by writing Oregon Council of Churches, 215 SE 9th Ave., Portland, 14, Oregon.

TOOL UP NOW

FOR FULL RETURN FROM TRACTOR POWER

Match your tractor with implements that make full use of modern power features. The implement is just as important as your tractor for faster farming and precision work.

Allis-Chalmers TRACTOR-MATCHED implements attach and operate as if they were a part of the tractor. You get accurate work — almost like having the steering wheel on the implement. You can quick-change from one implement to the other before the engine cools... shift tractor wheel spacing with engine power.

Stop in and look over the most advanced line of tractor implements you have ever seen.

Give it Air and Watch it GO!

TAKE ONE GALLON of good gasoline — 8,350 gallons of ordinary air—mix well and feed in small doses to a Fireball Engine—and what do you get?

Well, mister, we could give you a lot of sparkling adjectives. But the closest we can come to describing the result is to tell you—it's something like the mighty thrust of an airliner — swooshing down the runway for a take-off.

All of which is another way of saying that this newest and finest of Buicks can rev up the highest horsepower in its distinguished history.

Now, you seldom need 170 horsepower. A lot of owners will never let it full out. But it's nice to know it is there for emergency. It's nice to know you can boss it around — even if you use no more than an eighth of it at 40 miles an hour.

BUT THAT IS ONLY one side of the story. Buick engineers never do things by halves.

In the process of getting this whopping new charge of power, they also came up with more miles per gallon from gasoline.

And the way they did it is one of the neatest bits of ingenuity we've seen in years.

Instead of building a whole new engine — they focused on ways to feed a better mixture to the great Fireball Engine they already had. A mixture—that is—of fuel, which costs money, and air, which is free.

The result was the Airpower Carburetor — a four-barrel automatic—which works on a booster principle.

Two barrels supply all the fuel you need for most of the miles you drive — and they're sized and designed to supply the just-right thrifty mixture of fuel and air for anything from smooth-running idle up to some 40 or 50 miles an hour.

But when you call for more power—for a quick spurt out of a tight spot—for an unbroken gait up a steep hill—or for full-throttle operation — the reserves go into action.

You have two more barrels — to feed the just-right thrifty mixture for extra power — something like a "second wind."

LIFE'S GREAT behind this great-powered eight, but that's only part of the story.

The rest, we can best tell you with a new Buick right at hand.

It's a story of interior styling stepped up to a new plateau of excellence and taste — a story of silencing to a point where a whisper almost sounds loud inside this car in motion—a story of bigger brakes and a smoother ride — and of Power Steering* as you have always hoped it might be perfected.

It's a story you need to know, if you want to be up-to-the-minute on what's what in 1952 cars.

How about coming in and getting that story soon?

*Equipment, accessories, trim and models are subject to change without notice. *Available on Buick models at a modest extra cost.

Sure is true for '52
