SUTHERLIN

By MRS. BRITTAIN SLACK
Mrs. Etheline Freeman returned to her home in Sutherlin Friday after spending the past ten days at Astoria, where she was called by the death of her mother, Mrs. Ellen Tweedle, who died Wednesday, Jan. 15 at the age of 80.
Mrs. Tweedle was well-known here, having visited her daughter on several occasions. Mr. and Mrs. Bill Woody of Winchester, accompanied Mrs. Freeman to Astoria. Mrs. Woody is a daughter of Mrs. Freeman.
Douglas Geddes has been confined to his home for some time by illness, and Mrs. Geddes, a Sutherlin High School teacher, has had to be absent from her duties to take care of her husband.
Mrs. Lloyd Thornton underwent major surgery at Mercy Hospital in Roseburg last Friday and is getting along very nicely. It is expected that she will be able to come home next Sunday. Monday morning, the Thornton's daughter, Marcia, was taken ill and sent to Mercy Hospital. Tuesday, she was reported better.

QUINTUPLETS ARRIVE FOR CARNIVAL — The famed Dionne quintuplets, now 17 years old, arrive as special guests of the annual St. Paul, Minn., Winter Carnival. Shown shortly after they stepped off their private railway car are the quint (l-r): Yvonne, Emilie, Marie, Cecile and Annette; Mrs. Elzire Dionne, their mother (far left); Charles Tierney, St. Paul Chief of Police (next to Mrs. Dionne); Mayor Edward K. Delaney of St. Paul (with carnival cap), and Claude Dionne, 5, one of the quint's brothers. (Others unidentified) (AP WIRE-PHOTO)

Tiller

By ALICE LERWILL
Mr. and Mrs. Weston Scott were hosts Friday evening at their home to Mr. and Mrs. Stuart Williams and family. The occasion was Mrs. Williams' birthday.
The community has been canvassed in preparation for the X-ray mobile unit which will be in Tiller at the ranger station on Feb. 5 and 6.
Mr. and Mrs. Ray Hudson and family of Days Creek renewed old acquaintances in the community Sunday.
Vurbel Graves, son of Mr. and Mrs. Carl Graves, has enlisted in the Army Air Corps and will leave for active duty Feb. 4.
The Triangle Logging Co. has moved its equipment in and has set up operations near the Red Butte Road.
Ted Downey, who recently underwent major surgery at Veterans Hospital, has returned to his home and is greatly improved in health.
S. A. Warg President Of OSC Alumni Group
At a recent meeting of the Oregon State College Alumni Association, Sam A. Warg was elected president, to take the place of acting Chairman Maurice Newland. Gordon Smith was elected first vice president; Dr. James R. Fin-

lay, second vice president; Mrs. Charles Hart, secretary, and Ralida Reece, assistant secretary.
Persons desiring information about belonging to the association may contact Mr. Warg.

The association, which for a time was dormant, is renewing its activities, and recently honored Dr. A. L. Strand, president of OSC at a banquet in the Hotel Umpqua.

Yoncalla

By MRS. GEORGE EDES
Mr. and Mrs. LeRoy Hanson had as dinner guests, Saturday evening, Mrs. Maria Beringuel of Manila, Philippine Islands, and Mr. and Mrs. Phillip Phelps. Mr. and Mrs. Phelps took Mrs. Beringuel to Eugene following the dinner.
A Founders Day Tea will be held in the High School Monday evening, Feb. 11, sponsored by the Yoncalla PTA. The public is invited. The Rev. Knight, pastor of the Yoncalla Methodist Church, and LeRoy Hanson, principal of the High School, will be speakers of the evening.
Miss Marilyn Holland of Roseburg spent the weekend visiting at the Eric Stenseth home.
Raphael Wise is recuperating at his home in Scotts Valley following an emergency appendectomy, at the Sacred Heart Hospital, Eugene, last week.
Among those motoring to Cottage Grove to hear Skinnery Ennis' band Saturday night were, Mr. and Mrs. Charles Timmons, Mr. and Mrs. Charles Shively, Mr. and Mrs. Russell Lloyd, Mr. and Mrs. Carl Conaway, Mr. and Mrs. Russell Wamsley, Mr. and Mrs. Bob Booth, Mr. and Mrs. Claude Daugherty, and Mr. and Mrs. Everett Curtis.
Mr. and Mrs. Don Cox of New-

port spent the week-end visiting at the parental Luther Daugherty home.
The World's Day of Prayer will be held at the Methodist Church Friday Feb. 29.
Mrs. Claude Daugherty was surprised Wednesday, Jan. 23, when a group of her friends gathered at the home of Mr. and Mrs. Luther Daugherty, to celebrate her birthday. Mr. and Mrs. Luther Daugherty served dinner to the group. Following the dinner, the honored guest opened many gifts. Present were Mr. and Mrs. Claude Daugherty and daughter, Martha Jo, Mr. and Mrs. Russell Wamsley, Mr. and Mrs. Jug Vest, Mr. and Mrs. Albert Hoffman, Mr. and Mrs. Bob Booth, Miss Pauline Rychard and Mr. and Mrs. Luther Daugherty.
A polo benefit basketball game will be played Friday evening at the Yoncalla High School gym, between the Yoncalla High School Team and the Town Team. At the benefit dance held Saturday night at the

Elkhead hall, \$116.35 was donated. For two hours Saturday afternoon, all money taken in at the Cafes and Loggers Tavern, for coffee and beer was turned over to the March of Dimes. Fifty dollars was realized. A benefit dance will be held at the Hayhurst Hall, Saturday evening for the fund. A western orchestra will provide the music.

Free Library of Grassland Facts & Methods Offered Farmers!

There Is Something NEW about GRASS

... THAT EVERY FARMER, DAIRYMAN AND STOCKMAN SHOULD KNOW FOR HIS PROFIT ...
GRASSLAND FARMING — the newest trend in American Agriculture — in its modern form, is an entirely new farming method, nothing less! Properly applied, it results in fabulous increases in productivity, tremendously improved stock feeds, natural soil conservation practices with restored fertility ... and more stable profits for the Farmer, Dairyman or Stockman. Yet modern Grassland Methods are so flexible that they can be applied to any type of land, from arid range pasture to the richest soils.

BETTER FORAGE HANDLING METHODS MEAN BETTER RETURNS FROM ALL LIVESTOCK
Grasses and Forage Crops for winter feeding today show astonishing increases in food value ... because they contain more of the green food values, proteins and digestible nutrients, formerly obtainable only in rich summer pastures. Modern Forage Handling Methods and Equipment are responsible ... they make it possible to store better milk and meat-producing feeds, full of healthful "sunshine", in silos and barns.
Here are just a few of the outstanding benefits of Grassland Farming.
1. **Bigger Dairy and Stock Profits** — through greater quantity and better quality feeds.
2. **Lower Farm Operating Costs** — Grassland farming saves time and labor—less cultivation and harvest.
3. **Restores Soil Fertility** — Checks erosion, other destructive effects of "bare soil" farming. Rebuilds worn lands.
4. **Increases Crop Returns** — Grassland Farming is one of the most intensive uses of soil, boosts annual output.
Field Baling harvests a much better grade of hay at less cost. Several handling operations are eliminated, saving hay leaves and labor.
LABOR-SAVING FORAGE EQUIPMENT
Today's Forage Crops would be impossible except for the greatly improved machinery used in their handling. With this modern equipment, one or two men can drive into a field and cut and store a crop in a few hours ... doing a job that only a few years ago would have required a full crew several days.
This faster, reduced-man-power, trouble-free equipment is as important to the quality as to the quantity of Forage Crops. No farmer can take full advantage of a Grassland Program without knowing the uses and abilities of these modern tools.

NEW HOLLAND FORAGE HARVESTER Also Available with SICKLE BAR Fastest and easiest to operate of Forage Harvesters. From window to silo, one man for two for extra speed can handle up to 18 tons per hour, in grass. Available with Windrow and Row Crop attachments.	NEW IDEA ALL-PURPOSE FARM WAGON Best Equipment for Forage Harvesting Strength for big capacity or speed, up to 20 miles per hour. All steel for a lifetime of rugged use. Short turning, adjustable wheel base, for any type load on box.	WAGON UNLOADERS Halle "Convey-O-Matic" or "Five-Way" Unloader Convey-O-Matic "moving floor" for wagon boxes is galvanized steel mesh belt. Operates at unloading speeds of 2 1/2 to 22 minutes per load from a tractor power take-off or a standard small motor. Also available: Halle all steel wagon box with adjustable extensions for optional equipment. Five-Way Unloader has a canvas unloading belt — a canvas-driven belt — for any length box.	NEW HOLLAND BALER WIDE-TIE Model 65 THORNE Model 77 Tractor operator easily controls the entire field-baling operation. So automatic that the storage and feeding convenience of baled hay for horse use is now actually cheaper and easier than other methods. Hay is better quality, too.
TRIAD FARM LOADER Completely mechanizes field-to-barn loading and storage operations. Picks up bales in field and conveys to wagon or truck. At the barn, elevates to 12 ft. height, more with extensions. Ground or Paved drive.	SILVER SHIELD STEEL SILO A successful Grassland Farming program is built around the silo. It protects the best feed quality of Forage Crops, and saves space (stores 3 times as much as new 40 in.) Silver Shield STEEL Silos are durable, rust-proof and do not rot. They are the long run, one-time investment.	NEW HOLLAND FORAGE BLOWER Blows up to 40 tons of silage per hour — 30 tons of green hay. Feed bales right up out of the way to let a truck load of forage by. Maltese pump unloader also available.	LEACH SILO UNLOADER Modernize your silage handling — automatically. Flip a switch and your silage is delivered into a cart. From there, silage comes down broken into ready-to-feed bits. You never have to climb into the silo for feeding.
