PGE Offers Indians Pay For Dam Rights

PORTLAND — The Portland General Electric Co. plans to offer the Warm Springs Indians yearly payment of at least \$50,000 for the right to build one end of Pelton Dam on their reservation, a PGE spokesman said here Wednesday. He added that if the company based on the amount of power proposed.

He said the payments would be paid in installments. The dam is built seven miles upstream from Pelton Dam later the payments would go up to \$100,000 yearly.

Sorrows Fill Life Of Mother Of King George

LONDON — The queen grandmother, Mary, mourned in total seclusion Thursday the death of a third son, King George VI.
But from the top of Marlborough House, her official London residence, her flag still flew at full staff.

A police sergeant on duty near her home explained, "It is the personal flag of Queen Mary. It always has flown as now when she is in residence—and is not lowered to half staff." All other flags throughout the country were.

It was just before 9:30 a.m. Wednesday when the queen grandmother was preparing to go through the day's letters with her private secretary that she was told her son had died.

At once the 84-year-old queen withdrew to a first-floor lounge and stayed there throughout the day, refusing to see anyone.

Outlives Three Sons

Queen Mary has lived to see the close of five reigns, the death of three of her five sons and her only daughter widowed.

As Duchess of Cornwall and York, she saw the death of Queen Victoria on a bleak January day in 1901.

Nine years later on May 6, 1910, as Princess of Wales, she was in

the bedroom while Edward VII was dying.

Her husband, George V, died in January, 1936, and she passed through the abdication of her eldest son, Edward VIII.

Her youngest son, Prince John, died in 1919, and the Duke of Kent was killed in an airplane crash in 1942.

Her only daughter, Princess Mary, was widowed two years ago when the Earl of Harewood died.

And now the indomitable old lady the English cockney calls

"the grand old 'un'" mourns another son.

WHAT'S IN A NAME
GRANTS PASS — V. B. "Lucky" Guttery opened an elaborate market east of here recently and named it Lucky's Market. Tuesday just about 6 p.m. a young man came in, Guttery said, and at pistol point made off with \$1,578 in currency.

Let's get down to the Solid Facts!

*Chevrolet Trucks Can Save You Money
All Along the Line*

RUGGED
and Thrifty too!

(Continuation of standard equipment and trim illustrated is dependent on availability of material.)

The facts show you how a Chevrolet truck can mean real substantial savings on your hauling or delivery job.

Chevrolet trucks cost less to buy, less to own and operate. Their dependable valve-in-head engines, famous for power and stamina, keep fuel consumption low. Sturdy hypoid rear

axles, channel-type frames and other Advance-Design features keep maintenance costs down. Value is built in to stay in—safeguarding your truck investment.

All over America there are more Chevrolet trucks in use than any other make. Come on in and talk over your truck needs with us.

Fact No. 1

More Truck for Less Money

Stack up a Chevrolet truck against any other truck with comparable specifications. You'll find the Chevrolet truck lists for less, and brings you great truck features you won't find in many trucks costing much more.

Fact No. 2

Rock-Bottom Operating Costs

Chevrolet costs the least of all to own and maintain. Valve-in-Head economy, in the 105-h.p. Loadmaster or 92-h.p. Thriftmaster engines, saves on gas. 4-way engine lubrication system reduces wear, keeps oil costs low.

Fact No. 3

Engineered and Built for Your Loads

Chevrolet trucks are factory-matched to your payload requirements. You buy as much truck as you need. Frame, axles, springs, body, brakes, and power are part of a well-balanced team that does the job at lowest cost.

Fact No. 4

Lower, Slower Depreciation

Records show that Chevrolet trucks traditionally bring more money at re-sale or trade-in than any other make of trucks which cost about the same when new. Chevrolet's market value stays up because the value stays in.
