WHAT'D YOU SAY YOUR NEW COAT WAS, A MINX COAT?

FROM NINE TO FIVE By Jo Fischer

Isn't it lovely, Mr. Wump? I won't be working here much longer. Rancid has promised to marry me as soon as I get a raise.

**Awning Breaks Man's Fall Of Four Stories**

SAN FRANCISCO (AP) — Officer Dick Wader was checking in on a police call box when he saw a man fall from a fourth floor hotel window. "Send the ambulance, we got a leaper," he cried. But Kenneth Udell 56, was no leaper. He had just leaned out too far. He dropped through an awning, hit the sidewalk, and was back in the hotel when Wader caught up. "I feel all right . . . Just the same as before," he told the cop.

**Democrats Not To Place Ike's Name On Ballot**

PORTLAND (AP) — Backers of Gen. Dwight Eisenhower for President on the Democratic ticket, Friday acted to take his name off that party's Oregon primary election ballot. They said that was what the general wanted. State Sen. Thomas R. Mahoney said he had written the Oregon Secretary of State withdrawing the petitions which had placed the general's name on the May 15 ballot. The state attorney general said earlier such a request would be ineffective. Republican backers of Eisenhower have not yet filed petitions for him, but report they have them ready and will file them later. Mahoney filed the Democratic Eisenhower petitions before the general indicated he was a Republican. Democratic National Committee member Monroe Sweetland threatened to go to court if Mahoney didn't withdraw them. Mahoney said he would wait and find out what the general wanted. Friday he said he had that word from "an authoritative source" and was starting the withdrawal procedure. That, he said, is what "Eisenhower himself would approve."

**THE ALL-PURPOSE SIDE-DELIVERY RAKE**

The Morrill rake, because of its flexibility, rakes clean over borders, contours, and rough fields, as well as flat, smooth ground. It will rake a windrow without excess roping; a fluffy windrow that cures faster, perfect for baler pickup and windrow harvesters. The Morrill rake with its gentler action does away with excess leaf-shattering and results in more feed value per ton. The Morrill rake can do this with a speed and capacity never attained in any other rake.
