Comedy Of Crashes Follows Fire Alarm

PORLAND (AP)—The fire alarm sounded, and off went a fire truck. It never got there, for a fireman fell off on a curve, and the truck had to stop.

Another fire truck set out, only to collide with a freight truck. The freight truck finally pulled free from locked bumpers, but backed into a trolley bus. The bus had to be taken out of service.

Bumper and fender dangling, the second fire truck finally got to the apartment where the fire was reported. Firemen dashed inside and found:

Smoke, from a coffee pot that was burning dry.

GOOD NEWS!

This car bears special significance for you if the car you are now driving is over two years old. The 1952 Mercury is the only really new car in its price field. Next year everybody will be attempting to copy it. Yet recent government restrictions on machine tools will render these attempts ineffectual. And in all probability, prices on all consumer goods will continue to rise just as they have been rising. Therefore, why not get this most forward-looking of new cars now while the price is right and while you can enjoy its exclusive, advanced engineering features years before the others catch up. If the car you are now driving is over two years old, you will be three whole model changes ahead instead of only one! Let us give you further particulars at our showroom.

3 transmission choices: Merc-O-Matic no shift; Touch-O-Matic Overdrive; or Standard. First two optional at extra cost.
