Taft, Connally Have Wordy Duel On Korean Issue

By MARVIN L. ARROWSMITH
WASHINGTON (AP) — Enlivening the political war of words, Sen. Taft of Ohio and Connally of Texas traded sharp verbal volleys Monday from a shooting distance of about 1,200 miles.

Taft, a candidate for the Republican presidential nomination, fired first from Houston, in Connally's home state.

In a campaign speech, the Ohioan ripped the administration's handling of foreign policy and said Connally had declared a month before the Korean War started that "we wouldn't do anything about it if the Communists moved into South Korea."

Connally, a Democrat running for re-election to the Senate, promptly flew with an answering barrage from the Senate floor.

Taft then declined to return the fire, saying he had no comment on Connally's Senate speech.

The tall Texan accused Taft of being a "chameleon senator" willing to "subordinate his integrity and his truthfulness in order to grasp a few silly, filthy votes."

Connally, shouting angrily and waving his arms, said Taft had charged that the Truman administration "invited the Communists into Korea," with "an assist" from Connally as chairman of the Senate Foreign Relations Committee.

In Houston, Taft's mention of Connally's name brought scattered boos.

And there was laughter and applause when Taft tore into Connally on the foreign policy issue.

Return Of Ike For Foreign Aid Evidence Urged

WASHINGTON (AP) — Sen. McMahon (D-Conn.) Tuesday formally asked that Gen. Eisenhower be called home this month to testify on the new \$7,900,000,000 foreign aid program.

McMahon's motion was at a closed-door session of the Senate Foreign Relations Committee. A decision was delayed because so few of the 13 committeemen were present.

Eisenhower has said he would accept the Republican nomination for President but would not come home to campaign for it.

However, many of his supporters—McMahon is not one of them—have been hopeful he would return soon for any purpose.

The general is busy with his duties as commander of the North Atlantic Treaty Organization forces in Europe.

man administration in politics, was asked by newsmen whether Eisenhower's return here now to testify on foreign aid might not open political angles and activities.

McMahon said this might happen but "I think the business of survival is more important than any political matters."

McMahon said he would ask the committee to vote in the near future on the invitation to Eisenhower because the hearings on the big foreign aid bill, requested by Truman, get underway Thursday.
