"DIAMOND T's NEW HOME"

- The Cadillac of the Truck Field -

We would like to express our appreciation to our faithful customers throughout the past year. And now with our improved facilities and new and spacious location we plan to give you better and more complete service than we have in the past. We are equipped to handle all types and models of trucks and equipment. Beginning this summer Newhouse and Hutchins will double their staff of certified factory trained mechanics and will operate on a double shift basis. By doing this we hope to be able to handle those rush jobs that must be gotten out in a hurry. Drop in and see our new location and check our facilities. Don't worry about being in the way. We have a 3-acre black-top and crushed rock parking lot, built to handle anything from an Austin to a Semi.

Newhouse and Hutchins are proud to be growing with Roseburg. For this reason we feel that our program of expansion and move to our new location are in line with the trend of growth in Roseburg. So when you are in need of new equipment or repair work on your present truck, come in, and let us assist you in your problem. We will be looking forward to your visit in the coming years.

**COMPLETE TRUCK SERVICE BY OUR
FACTORY TRAINED MECHANICS**
