"LAST POST" FOR MEN IN GRAY—The Confederate Army of America has been dissolved because of the extreme feebleness of the seven surviving members of the once-proud legion. Meeting at Jackson, Miss., for the last time. Gen. William D. Townsend, 106, of Olla, La., left, and Gen. William Bush, also 106, of Fitzgerald, Ga., right, recall memories of old campaigns for Marilyn Pedgett, of Baytown, Tex. The two old soldiers were the only ones able to make the last encampment.

## Oregon's G.O.P. Gave Ike 64.53 Pct. Of Primary Vote; Warren 2nd Place Choice

SALEM (AP)—Gen. Eisenhower got 64.53 per cent of the vote in Oregon's Republican Presidential primary a month ago, and California's Gov. Warren is the overwhelming choice of the state's GOP voters for vice president.

The official vote for the Republican contests for President, vice president and convention delegates was announced Monday by Dave O'Hara, chief of the State Elections Division.

Oregon's 18 Republican convention delegates will be pledged to support an Eisenhower-Warren ticket when the convention meets in Chicago July 7.

Eisenhower received 172,488 votes, while Warren placed second with 44,034, or 16.47 per cent.

In third place was Gen. MacArthur with 18,603, or 6.96 per cent. Sen. Taft, whose name wasn't on the ballot, received 18,009 write-in votes, or 6.74 per cent.

The fifth man on the list is Sen. Wayne Morse, who got 7,105, or 2.66 per cent. Next was Harold Stassen with 6,610, or 2.47 per cent. The low man is William R. Schneider, St. Louis lawyer, with only 350 votes.

Gen. MacArthur, Morse and Taft were unwilling candidates in the state primary.

## Notice to Septic Tank Owners

There's nothing more simple than a septic tank—when it works! And there's nothing more embarrassing than a septic tank that doesn't work! Usually there are two reasons why they stop-up and overflow—first, because the tanks are not cleaned at proper intervals; secondly, toilet tissue that does not readily disintegrate may clog the drains and force them to back up!

Few toilet tissues are made with the septic tank problem in mind. The one that is—MD Toilet Tissue—is scientifically processed so that it absorbs water completely and quickly. Try it in a glass of water and see for yourself.

Best advice: Consult your County Health Department, your plumber, or a septic tank service company, for advice on cleaning your tank. Use MD Toilet Tissue!

In the vice presidential balloting, all done by write-in, Warren got 22,467 votes, while Stassen ran second with 3,815. Others were Morse 2,721, MacArthur 1,676, Taft 947, Eisenhower 406, and Thomas E. Dewey 148.

There were 267,310 votes cast for president, or 68.94 per cent of the number of registered voters. This total was slightly larger than had been expected by political observers, who had forecast a 66 per cent vote.

O'Hara also announced the vote for Republican Party offices. Jesse Gard, Portland, was elected National Committeeman with 79,451 votes. Others in the race were Lowell C. Paget, Portland, 62,992; Charles L. Paine, Portland, 57,808; and Glenn R. Jack, Oregon City, 44,677.

Mrs. Marshall E. Cornett, Klamath Falls, was re-elected Republican National Committeewoman without opposition. She got 178,564 votes.

### Delegates Chosen

Those elected as the 10 Republican delegates at large were: Gov. Douglas McKay; Sen. Morse; Lamar Toome, Portland; Robert A. Elliott, Medford; Howard C. Belton, Canby; Gordon Orput, Portland; William McAllister, Medford; Mark O. Hatfield, Salem; J. O. Johnson, Tigard, and Frank E. Fowler, Astoria.

The unofficial totals immediately after election showed that Leslie M. Scott and Zylpha Zell Burns, both Portland, had been elected, but the official figures replaced them with Johnson and Fowler.

Delegates elected from congressional districts were:

First, Carl W. Hogg and Mrs. James W. Mott, both Salem; Second, H. H. DeArmond, Bend, and Howard Dent Jr., The Dalles; Third, Tommy Luke and John Morgan, both Portland; Fourth, Lars P. Peterson and William E. Walsh, both Coos Bay.

O'Hara said the rest of the election results would be announced during the next few days.

## Oregon Bankers Elect Officers

SALEM (AP)—Godfrey C. Blohm, vice president of the U. S. National Bank of Portland, Eugene Branch, was elected president of the Oregon Bankers Association Tuesday. The convention closed its two-day meeting.

### Other new officers:

Vice president, Clifford C. Clarkson, Portland; treasurer Dwight E. Gard, Portland; executive committee chairman, Henry E. Shelton, Forest Grove.

Members of the executive committee, C. F. Adams, Portland; Joseph R. DeJardin, Taft; John B. Rogers, Baker; and J. L. Searcy, Hillsboro.

Rogers is the retiring president. Blohm also was elected Oregon's member of the nominating committee of the American Bankers Association.

C. Francis Cocke, Roanoke, Va., president of the American Bankers Association, warned the bankers to be on the alert against inflation, which he called "the second threat to the foundations of our banking system."

The first threat, he said, is government competition with the bankers.

## Six Nations Sign To Pool Outputs Of Steel And Coal

ROME (AP)—The Schuman plan to unite Western Europe's coal and steel production under international control cleared its final parliamentary hurdle here Monday night.

In a 265-98 vote, the Italian Chamber of Deputies ratified the 50-year treaty pooling the key industrial output of six West European nations. Only the signature of President Luigi Einaudi—expected within a few days—was needed to complete endorsement.

The other nations—France, and the economic-allied Saarland, West Germany, Belgium, The Netherlands and Luxembourg—already have ratified the treaty, which their foreign ministers signed in Paris on April 18, 1951, 16 months ago.

The six nations linked by the treaty produce about 38 million metric tons (of 2,200 pounds each) of steel a year, just under the estimated 41 million tons turned out by Russia and her satellites. The Schuman nations mine 225 million tons of coal annually but hope to make up present shortages—now

filled from the United States. Under the plan, the six nations will work together for more output, reduction of trade barriers, lower prices, and more efficient operations.

## 57 Pct. Of Collegians Pass Draft Ban Test

WASHINGTON (AP)—The Selective Service System reported Tuesday that 57 per cent of the 54,755 college students who took its last two college qualification tests made passing grades of 70 or better. The tests were the sixth and seventh given.

College students may be considered by their local boards for draft deferment if they stand in specified upper portions of their classes or make 70 or better on the qualification test. The decision is left to the boards.
