Drain now has six Eagle Scouts, the highest rank that may be attained.

In addition to the awards presented the boys, their mothers were presented small Eagles for their lapels. About 100 persons attended the program.

The name "Gypsy" is a corruption of "Egyptian," but there seems to be no evidence that the people had any special connection with Egypt.

Why PATTERSON'S?

IT'S TAYSTEE FRESH!

Get active chlorophyll in your toothpaste

Chlorodent brings you active chlorophyll

It's no trick at all to add chlorophyll* to toothpaste. The problem is to make the chlorophyll active . . . instantly available when you brush your teeth.

This takes a special "activating" ingredient. The vital activator used in Chlorodent is patented (U. S. Patent #2216816). No other dentifrice can use it. You can be sure when you use Chlorodent that all of chlorophyll's benefits are put to work.

Here's your visible proof of active chlorophyll: Note that Chlorodent deeply colors your brush with nature's leaf-green chlorophyll color. This rich "chlorophyll-green" shows that you are getting active chlorophyll . . . to give you a clean fresh mouth all day!

No other toothpaste can offer this proof! *water-soluble chlorophyll.

Clean Fresh Mouth All Day Long!

Chlorodent was used in hundreds of tests on people with bad breath. When they brushed their teeth with Chlorodent, their mouth odor disappeared. Two hours later, their breath was still clean in 98% of the cases. Four hours later (end of test), 74% were still free of bad breath. By using Chlorodent regularly—preferably after meals—you can be free of mouth odor all day! Ask for Chlorodent today!

Now strike at the very causes of TOOTH DECAY!

Chlorodent reduces mouth acids that "eat" into tooth enamel . . . and the bacteria which cause them. Keeps teeth so clean that bacteria find it difficult to multiply. No toothpaste offers better protection!

Half of all tooth losses caused by GUM TROUBLES!

An estimated 50% of all tooth loss can be traced to conditions which start with sore, bleeding gums. Chlorodent promotes the growth of firm, healthy-pink tissue. If you have tender gums, be sure to use Chlorodent!
