Boost In Living Costs Will Hike Railway Wages

WASHINGTON — The government's latest cost-of-living barometer moved up Thursday under pressure of rising food and rent costs to within a tiny fraction of the record high reached last January.

The living-cost index, measuring prices of food, clothing, shelter and a host of other things climbed during the month ending May 15 two-tenths of one per cent to 189 per cent of the 1935-39 average.

That is 4.1 per cent over the mark of 18 months ago when price and wage controls took effect. The peak figure last January was 189.1.

A million and a quarter two-cent hourly wage boost as a result of the latest increase in living costs. Their work contract ties wages to the cost-of-living index and adjustments are made each three months.

Another 100,000 wage earners in textiles, aircraft and oil refining industries also get at least a one-cent boost.

Rent Boost Increases

Leading the over-all living-cost rise was a boost of four tenths of one per cent in rent across the country. The price of food at the grocery store moved up three tenths of one per cent.

Although prices on most items have climbed Office of Price Stabilization officials announced Wednesday ceilings would be suspended this week end on bottled whiskey and wine. They have been selling for months below ceiling levels.

The two-cent wage boost for the nation's railroad workers goes into effect July 1. The same railworkers three months ago lost a cent-an-hour when the Bureau of Labor Statistics cost-of-living index

dropped between January and February. Since April, 1951, the railworkers have accumulated a total cost-of-living wage boost of 12 cents an hour.

Ex-Cardroom Operator, Wife Face Tax Liens

PORTLAND — Hugh Earle, internal revenue collector, Tuesday filed tax liens totaling \$276,128 against the proprietor of a former downtown Portland cardroom.

Irving I. Hasson, former operator of Pasha's Sports Center, owes the government \$161,412 in tax, penalty and interest for 1946, Earle said. Another lien was filed against Hasson and his wife, Eda, for 1947 to 1950.

The cardroom was closed down last year after Hasson was arrested on a bookmaking charge.

Legion Protests Sale Of Bonus List Names

PORTLAND — A list of Oregon veterans about to receive a state bonus, offered for sale to merchants, was obtained from an established mail list company.

That was the report Wednesday of L. C. Swafford, an Army reserve captain, whose offer of the list for sale brought a protest from the American Legion.

Swafford said he got the list from the C. B. Rhoades Mail List Company, which has been selling various types of lists in Portland for 40 years. The Rhoades company got the names from county courthouses, Swafford said.

Letters were mailed to merchants offering the list for sale at 2 1/2 cents a name in units of 1,000. The letters were signed by D. L. Swafford, who is Swafford's wife.

BIBLE CHAPTER MISSING

RICHMOND, Va. — The Rev. G. Houston Patterson of Bluefield, W. Va., found a chapter missing in the Bible — much to his embarrassment.

He was conducting the baccalaureate service for the graduating class of Union Theological Seminary. For several minutes, he thumbed the massive Bible in the pulpit while the audience waited and watched.

Finally, he said: "I will read the 23rd Psalm." "A bit red-faced, he then added: "I am reading this psalm today for a very special reason. It is one with which I hope you will never be confronted. I find myself with a Bible from which the 23rd chapter of St. Luke is unaccountably missing."
