Federal Judge Sam Driver rejected a note of appeal submitted by the brothers' attorneys, turned down a motion for a stay of execution and denied a writ of habeas corpus.

Sewer Fund Plan Also Turned Down

Roseburg Votes 218-121 Against Special Levy Over 6 Per Cent Limit

Two city measures — a budget exceeding the six per cent limitation and a special sewer assessment — were turned down at the polls Friday by nearly a two-to-one vote.

The voting was extremely light, but heavily against the two proposals.

The levy exceeding the six per cent limitation was voted down by a 121 to 218 vote. A special levy of \$133,017.92 over the limitation was proposed.

The count is unofficial on both measures. The city council will hold a special meeting Monday at 7:30 to canvass the vote. At 8 p.m. the budget committee will again be called into session to draft a new budget to be presented to the people, said City Manager W. A. Gilchrist.

The second proposal, a charter amendment for the levy of a sewer user's assessment, was turned down, 114 to 227.

The sewer charge amendment had been proposed to establish a sinking fund for construction and maintenance of sewer lines and treatment plants.

The budget was to provide salary increases for city employees, to hire additional employees as well as to provide for routine department expenses.

What the City Council will do to slash the budget or increase its revenue was unknown, but City Manager W. A. Gilchrist said quick action will be necessary. Amount of the total budget adopted by the city budget committee was \$457,410.

The budget exceeded by more than \$100,000 last year's amount of \$355,347, although officials doubted that the millage rate for the 52-53 year would be much over last year's 20.1 mills.

Salary increases in every department had been anticipated to keep pace with the rising cost of living, while the addition of one more policeman, another fireman and two temporary street laborers had been planned.

U.S. Exits Barred To Accused Red

WASHINGTON — The State Department has barred to Owen Lattimore while it investigates an "official" tip he was arranging a visit here to the Iron Curtain.

Lattimore is the Johns Hopkins University professor who has been a frequent target of accusations by Sen. McCarthy (R-Wis.). On the senate floor, McCarthy has denounced him as an alleged Red spy and "chief architect" of the Truman administration's Far East policy.

Lattimore's denials of such charges have been vigorous. The latest development involving Lattimore was first reported by the Baltimore Sun Friday morning.

All day long—until just before office quitting time—the State Department maintained a no-comment attitude. Then it acknowledged that such an order had gone out. The department's statement said in part:

"An allegation was made recently to the department that Mr. Owen Lattimore was making arrangements for a possible visit to the USSR and its satellites. The department immediately began an investigation of this allegation.

"Pending the results of this investigation, the Customs Bureau was notified that Mr. Lattimore (who was not in possession of a passport duly validated for such travel) should not be permitted to leave the U.S."

Smith earlier this week was convicted by a Circuit Court jury of six men and six women of manslaughter in the shotgun slaying of John Henry Jenkins, 37, Camas Valley logger.

Sheriff's deputies said Smith, a Camas Valley farmer and bachelor, will probably be taken to Salem late next week to begin serving his sentence. He'll be eligible for parole in slightly more than three years.

Under law, the maximum penalty for manslaughter is 15 years. Smith was convicted after a three-day trial during which testimony indicated he and Jenkins had been drinking beer all day May 12—the day of the shooting—and had become involved in an argument that afternoon by Smith's home.

Smith ordered the man to leave, he testified on the witness stand, and when Jenkins refused he went into his house and returned with his double-barreled shotgun.

He couldn't remember what happened next, he testified. Jenkins' body was found that evening by several Camas Valley youngsters.

Recall Petition On Drain Judge Called Invalid

Petitions to recall Drain Judge Clarence Leonard are invalid, in the opinion of District Attorney Robert M. Stults.

Stults said today that he believed the petitions, containing some 300 names were not legal because of failure to notarize them properly.

The petitions had been filed by five persons last Monday afternoon. Petition chairmen were Gladys N. Wickwire, Dorothy E. Blomberg, George O. Meyer and Vernon N. Rouncey, all of Drain, and Edward F. Jones of Elkton.

Ken E. Morgan, who formerly had been head of the recall Leonard effort, has resigned.

The chairman asserted in a statement filed with petitions that the "intolerable police and justice situation of North Douglas County must be removed."

House Votes To Lift Controls

WASHINGTON — The House has tentatively voted to lift price controls from virtually all consumer goods and drastically reorganize the Wage Stabilization Board.

The ripped and tattered extension of the administration's defense production act faces other sharp changes when it comes up again next Wednesday.

First big vote then will be on a provision requesting President Truman to invoke the Taft-Hartley law injunction proceedings in the steel strike.

With a coalition of Republicans and southern Democrats in control of the legislation, administration leaders concede they have little chance to block adoption of that proposal. Absences have sapped the administration's voting strength.

Sutherlin Police Get 2-Way Radio System

Sutherlin police will soon join the ranks of police departments throughout the state to install two-way communications.

The police department reported today that its two-way radio-telephone between the station and the car will be in operation by about July 1.

Sutherlin City Supt. W. D. Bollman said an engineer would be hired soon by both cities to study costs of the combined plant and also costs of separate plants.

Mrs. Erika Graham's appointment as commander of Douglas County was announced today by the Oregon Division headquarters of the American Cancer Society.

She will succeed Mrs. Celia Day, who has headed the county activities of the society for the past year.

Mrs. Graham is hospital aide instructor at the Veterans Hospital in Roseburg, where she has been on the nursing staff since her graduation from the University of Portland College of Nursing in 1949. She has made her home in Roseburg since 1934. Her first volunteer work with the American Cancer Society was as a Toastmistress on an assignment from the Roseburg Toastmistress Club.

As vice commander for Douglas County this past year Mrs. Graham has been especially active in the service and educational programs of the society, and is responsible for organizing the Loan Closet that is now available for loans to cancer patients in the county who have need of the special equipment it contains.

Mrs. Day will continue to serve as a member of the board of directors. Other appointments will be announced later.

Cop Halts Traffic As Girl's Slip Strap Snaps

WORTHING, England (AP) — What's a gal gonna do when her slip strap snaps while she's riding a bicycle and a policeman halts traffic?

Elsa Ivor, 18, blushed and pedaled furiously on, silk trailing around her ankles.

"It would have been rather awkward if I had dismounted," she told a magistrate Friday. He agreed, but fined her 15 shillings (\$2.10) for ignoring the signal.

Robert G. Davis, former district attorney who resigned June 1, was special prosecutor in the case. He was appointed by Judge Wimberly because of disqualification of District Attorney Robert M. Stults who formerly represented Monk. Deputy District Attorney Donald S. Kelley assisted in the prosecution.

The jury deliberated some two hours and 30 minutes. Judge Carl E. Wimberly set Monday morning at 9:15 as the time for sentencing.

It was the second trial for Monk on the embezzlement charge. The case was tried over because of a Supreme Court ruling.

Defense Attorney Harrison Winston said after the verdict was returned that he was uncertain whether the case would be appealed again.

In the first trial in February, 1951, Monk had been found guilty and sentenced to two years in the state penitentiary. The case was appealed and the conviction reversed on the contention that Judge Carl E. Wimberly's instructions to the jury were incomplete.

Monk was accused of embezzling \$257.25 of VFW Post funds slated for purchase of stationery supplies for wounded Korea veterans. The defense contended the money had been used to purchase supplies for the lounge.
