

### Shakespearean Festival Casts Open Rehearsals

ASHLAND, Ore. — Top roles in the Oregon Shakespearean festival for 1952 were almost evenly divided between newcomers to the event and old hands, as rehearsals for the coming season opened in Ashland this week.

Almost all the actors in the company of 60 appear in several roles in the four plays which run in rotation from August 1 through August 30 in Ashland.

In "Julius Caesar," four players will play top roles. Bill Oyster, Stanford University, will be seen as Brutus; Bill Ball, Carnegie Tech, Mark Antony; Paul Kliss, Buhl, Idaho, Caesar; and Philip Hanson, University of Illinois, Cassius.

The lead in the chronicle play, "Henry V.," went to a newcomer, Richard Rizzo of San Jose State. Others prominent in that play include Dion and Virginia Chesse of San Francisco, who play Fluellen and Katherine respectively. John Bethencourt of Rio de Janeiro, Brazil, who plays Harfleur. All are newcomers.

In "Much Ado About Nothing," Richard Graham of New York, veteran festival actor and director plays Benedick; Eleanor Prosser, a newcomer from San Marino, California, plays Beatrice; Pat Hines, Corpus Christi, Texas, and here for the first time plays Leonardo, and Philip Hanson plays Dogberry.

Paul Kliss will be seen as Prospero in "Tempest;" Douglass Meeker, Washington State speech instructor from Portland plays Caliban; Bill Ball plays Ariel, and Tom Brennen, Cleveland, Ohio, plays Trinculo. Meeker and Brennen are new here.

The producing director, Angus Bowmer, and all three play directors — Graham, Hanson, and Allen Fletcher of Yale university are festival veterans.

Eighteen states and one foreign country are represented in the company.

### Won't Use T-H Law, President Tells Murray

GARY, Ind. (AP) — CIO Steelworker Boss Philip Murray said Sunday that President Truman assured him last December "you need have no fear" of a Taft-Hartley injunction if the union would postpone its scheduled Jan. 1 strike.

And he called Inland Steel President Clarence Randall a liar for saying that Murray and Truman had "made a deal."

Murray addressed an audience of 7,500 at a steelworkers rally in this community of 130,000. About 27,000 persons in Gary and adjoining East Chicago earn their livelihood in the steel mills.

Steelworkers have been on strike three weeks, since the U. S. Supreme court ruled government seizure of the industry illegal. President Truman has not started Taft-Hartley Law injunction proceedings to stop it. A pending resolution urged him to do so has passed one house of Congress.

Before an overflow audience including steelworkers, politicians, mayors of the two hard-hit steel towns and Lt. Gov. John Watkins of Indiana, the president of the Steelworkers Union:

1. Accused major steel producers of "a conspiracy" to prolong the steel strike.
2. Predicted the steelworkers will win the strike regardless of "what kind of suppressive weapon may be used against you."

### OLD LOCOMOTIVE STILL BUSY

ROCHESTER, N.Y. (AP) — Old 999 is busy going from party to party these days.

The old locomotive, spruced up in black and gold paint, is making appearances at fairs and community socials and the like. She's still in her glory as she was before the turn of the century when she was queen of the New York Central.

Old 999 is the retired speed queen of the rails. Her record of 112 1/2 miles an hour set back in 1893 still stands.
