

Senators Blast White Sox, 9-6; Browns Down Yankees, 10-9

By The Associated Press

"We won't finish last."

That's what Bucky Harris, manager of the Washington Senators, said back in February.

And Harris, by astute manipulations in the trade marts, has more than kept his word. The Senators, now in fourth place, are threatening to plunge into the heart of the American League pennant race.

The Senators, victors in only 62 games last year, scored their 32nd triumph Wednesday, outlasting the

cooled off Chicago White Sox, 9-6, in ten innings.

The league-leading New York Yankees dropped a 10-9 decision to the St. Louis Browns.

Rookie outfielder Bob Neiman of the Browns, broke up the game, played in 100 degree heat, with a two-out homer in the eighth inning off Bobby Hogue.

The loss cut the Yanks' lead to 2 1/2 games over the Boston Red Sox who moved into the runner-up slot by trouncing the Detroit Tigers, 10-3 while Cleveland bowed

to the Philadelphia Athletics, 11-9.

Brooklyn maintained its four game National League advantage over New York, beating the St. Louis Cardinals, 3-1, while the Giants edged the Cincinnati Reds, 3-2.

Big Max Surkont and Sid Gordon teamed up to lead the Boston Braves to a 5-2 victory over the Pittsburgh Pirates. Surkont checked the tail-end Pirates on five hits and Gordon drove in two runs on his 12th homer, a double and a single.

The Chicago Cubs snapped their nine-game losing streak by defeating the Philadelphia Phillies, 4-1, in the major's only night game.

SHOCK KILLS GARDENER

OREGON CITY (AP) — Laurence Queirolo, 30, a Clackamas vegetable gardener, suffered a fatal shock Tuesday when a sprinkler pipe he was carrying touched an overhead power line.

A giraffe may be more than 18 feet tall.

Sports

Dark Edging Hamner For All-Star Slot

CHICAGO (AP) — Al Dark of the New York Giants was on his way Thursday to clinching the starting National League shortstop assignment over Gran Hamner of the Philadelphia Phillies in the All-Star baseball poll.

The nation-wide poll of fans will end at midnight Friday and the American and National League starting selections for the All-Star classic at Philadelphia July 8 will be announced Sunday.

Dark's total has soared to 632,518 in latest tabulations while Hamner has 621,402.

In another hot race, Bobby Avila of the Cleveland Indians is leading Nellie Fox of the Chicago White Sox by 16,286 votes in the battle for the American League Second base job. Avila has collected 635,716 votes.

Steel Strikers Forced To Seek Welfare Help

PITTSBURGH (AP) — Welfare agencies are getting more and more appeals for assistance as the defense economy is pinched tighter and tighter by the paralyzing strike of 650,000 CIO United Steelworkers.

Nearly 775,000 workers now are idle in the 24th day of the nationwide strike.

Added to the 650,000 strikers are nearly 125,000 workers in allied industries.

General Motors has ordered a layoff of more than 12,000 workers—the first major layoffs in the auto industry attributed to the steel strike.

Approximately 2,400 Chevrolet forge plant workers in Detroit were laid off Tuesday.

Ten thousand are being furloughed Wednesday and Thursday at GM's big Chevrolet production center at Flint, Mich.

In Youngstown, Ohio, the Mahoning County Welfare office handled 250 applications for relief from steelworkers Tuesday.

In Pittsburgh more than 300 men lined up for financial help at one district relief office.

The steelworkers are not paid strike benefits.

They are not eligible for unemployment compensation but relief agencies are permitted to help them on the basis of their need—and if they have no tangible assets.

Some steelworkers' locals are providing help for what they classify as hardship cases.

are 10 billion tons of gold in the sea water of the world.

"Iron-lunged" machines have taken over the mass production of blown glassware, says the National Geographic Society.

Astoria Golfer Takes Lead In Quarterfinals Of Tourney

PORTLAND (AP) — Ralph Dichter of Astoria, a surprise winner over defending champion Bob Atkinson, paced the field of eight in the quarterfinals Thursday of the Oregon Golf Association championships.

Dichter eliminated Atkinson in Wednesday's round but the match went 20 holes before the Portland golfer fell. In the afternoon, Dichter

er ousted Bob Bronson, also of Portland, 2 and 1.

Pat Lesser of Seattle, co-medalist with Mrs. R. L. Borst of Portland in the women's tournament, gained the semi-final round but Mrs. Borst fell by the wayside.

Miss Less defeated Mrs. Richard Grubbs, Portland, 2 and 1. Mrs. Harry Stepp, Portland, downed Mrs. Borst 1 up.

bark which now is largely wasted.

The agreement with the company was signed by Gov. Douglas McKay, chairman of the Forestry Board.

Most of the wax now used in the United States is imported. The laboratory has said wax from tree bark could be produced much more cheaply.

Mice Act As Barbers, Says Research Expert

NEW YORK (AP) — There are barber mice who shave other mice—without a squeak in a carload of customers.

So said Dr. Theodore S. Hauschka of the Institute for Cancer Research and Lankenau Hospital Research Institute, Philadelphia, in the Journal of Heredity Wednesday.

Hauschka wrote that the barber rodents give close shaves—but no haircuts—by eating all the whiskers off their companions.

No mention was made whether these barbers talk politics.

Use T-4-L For Athlete's Foot Because—

It peels off the outer skin and exposes buried fungi to kill it on contact. If not pleased in ONE HOUR with in stand-drying T-4-L, your 40c back at any drug store. Today at McKay's Drug Store.

Little Atmosphere Where Wind Blows 1,000 MPH

WASHINGTON (AP) — Where does the wind blow 1,000 miles an hour?

About 100 miles above the earth, the National Geographic Society reported Wednesday, adding this odd bit of information:

If you were up there in the ionosphere, exposed to those winds, you'd find them too weak to blow your hat off.

"The reason," said the society in a report, "is that at such heights there is little atmosphere."

"In consequence, nothing exists that could buffet the human and tell him he faced a flow with a speed of more than 13 times earthly winds of hurricane force."

The report discussed the tracking of these "ghost" winds by radar.

It said Cambridge University scientists found one super-tornado streaking through the skies at 1,000 miles an hour.
