3-Nation Pact For Fisheries Gets First OK

WASHINGTON (AP)—The North Pacific fisheries convention was approved by the Senate Foreign Relations committee Friday. Senate ratification may come next week. The committee action followed testimony that early ratification of the convention is needed to avoid American fishermen in the Bering Sea. William C. Herrington, special assistant to the undersecretary of state, said approval of the agreement—which sets out North Pacific fishing rights of the United States, Canada and Japan—is necessary to "minimize frictional incidents" such as resulted from Japanese fishing in the Bristol Bay area of Alaska in 1937. Without the machinery provided for in the tri-partite agreement there will be no means by which this country can observe the operations to make certain fishing is limited to crabs.

Steel Lack Forces Ford To Close Auto Plants

DETROIT (AP)—The Ford Motor Co. announced Friday it is shutting down all its Ford assembly plants and three out of four of its Lincoln-Mercury plants after Monday because of a steel shortage. Manufacturing operations will be cut down progressively starting Tuesday and continuing through Thursday, longer if possible. Full production will be maintained Monday. But the Detroit Lincoln plant will be the only assembly plant still in operation as of Tuesday, and it is scheduled for closing July 3. About 22,000 workers will be affected by the Ford shutdowns and 5,200 by the three Lincoln-Mercury closings. About 69,000 are employed in manufacturing operations.

21 B-36s Cross Atlantic To Landing in Britain

BRIZE NORTON, Eng. (AP)—Twenty-one B-36s landed here Friday in the first mass flight to Europe of the U. S. Air Force's biggest bombers. Brig. Gen. Joe W. Kelly of Fort Worth, Texas who was in command, said the trip across the Atlantic went off "very smoothly—without incident." It was described as a "routine training flight." The 10 - engine bombers, which took several different routes, came down at an RAF base in this village just west of Oxford. It took them from 12 to 20 hours, depending on their route.
