

Another Hike in Parcel Post Rates Requested

WASHINGTON (AP)—Postmaster General Donaldson asked the Interstate Commerce Commission Friday to grant another general advance in parcel post rates.

The petition did not say just how much will be asked by way of an increase.

It said merely that fourth class mail service—or parcel post—is not paying its way, despite a general 25 per cent increase in parcel post rates granted by the commission last year.

The higher rates became effective last Oct. 1.

That rate revision hiked the total charges for packaged mail by 100 million dollars a year.

Tear Gas Breaks Up Convicts' Riot

SOLEDAD, Calif. (AP)—Prisoners in the medium security block at Soledad State prison staged a riot during the night which was broken up early Monday by guards shooting tear gas into two wings of the new building.

The two wings house about 300 prisoners. None of the prison officials was injured, and the convicts got no hostages.

But there was scarcely a window left unbroken in either wing.

The trouble started about 9:30 p.m. The convicts were in complete control of the two wings until about 12:12 a.m. Monday.

Acting Warden C. J. Fitzharris said a "group of young hoodlums" started the riot.

Three prison officers were in the wing where the riot started.

One got out as the convicts reached the main electric switches and darkened the whole institution.

Guard M. Davis tossed his keys out a window so the rioting convicts couldn't get them. Then he and Guard Frank Rogers fled into a day room and barred the door.

Prison officers, led by Capt. Ray Rollins, climbed to the roof and fired tear gas shells directly at the three-tier wings.

Shortly after midnight the prisoners were driven back to their cell-blocks and locked in.

Truman Nominates Two Interior Aides

WASHINGTON (AP)—President Truman nominated Monday two new assistant secretaries of the interior — Robert M. McKinney, Santa Fe, N. M., publisher, and Joel D. Wolfsohn of Illinois.

McKinney, a resident of Santa Fe, succeeds William E. Warne, who has undertaken new duties in connection with the "Point Four Program" for development of backward countries.

McKinney is editor and publisher of the Santa Fe New Mexican. Wolfsohn, a career man in the department, has been assistant to Secretary Chapman.
