further expansion.

000 dollar a year business for the Roseburg Public Schools

AFL Workers Barred By CIO From Car Plant

TERRE HAUTE, Ind. — CIO
United Auto Workers bolstered
picket lines at the Allis-Chalmers
plant Tuesday for a second AFL
invasion that failed to materialize.
Eight persons were injured, one
critically, in a pitched battle Mon-
day when members of the AFL
International Union of Operating
Engineers tried to take over jobs
of the striking auto workers.
The AFL men agreed Monday
night not to try to break through
the lines Tuesday, but about 150
CIO pickets marched in tight cir-
cles in front of the plant gates,
prepared for a change in the rival
union's plans.
There was no sign of AFL men
around the plant Tuesday.
Several AFL members managed
to crack the picket lines Thursday
and worked in the plant until about
an hour and a half before quitting
time when they slipped out a back
door while the crowd waited for
them in front.
Yield To Mayor's Plea
The defending CIO group barred
plant manager Martin Carson and
about 300 supervisory employees
from the building early Tuesday,
but later permitted them to enter
after a plea from Mayor Ralph
Tucker.
When Carson was barred from
the plant he walked across the
street to Police Chief Frank Rid-
dick and said:
"I want to go to work this morn-
ing."
Carson said Riddick advised him
to close the plant and go home.
The plant is the first unit of a
large new plant to produce jet air-
craft engine parts for the Air
Force.
Because of the long strike the
Air Force has removed some ma-
chinery and sent it to other plants.
