**Personnel In Australian Communist Party Drops**

CANBERRA, Australia (AP)—The Australian government claims membership of the Australian Communist Party today is about half what it was in 1949. In 1949 Communist Party membership was believed to be about 12,000. Labor Minister Harold Holt says the Liberal-Country Party government had made a well planned penetration of Communist ranks since it gained power in 1949. Communists have lost control of some trade unions since the government introduced secret ballots, supervised by Arbitration Court, for positions as union executives.
