SALEM (AP)—The Railroad Union Legislative League reported Monday that it will oppose an initiative measure which, if approved by voters in the November election, would abolish the weight-mile tax on trucks operating in the state.
The measure, originated by the trucking industry, would "shift an estimated six million dollars annually on Oregon's private automobiles and local trucks," W. D. Hefner, league chairman, said.

Kitchen Queen Event For Fair
A "Queen of the Kitchen" contest, a feature of special interest to the State's Homemakers, will be a highlight of the 87th Oregon State Fair, opening here Aug. 30 for an eight-day run.
Based entirely on entries in the culinary divisions of the 1952 State Fair premium book, now available to all requesting it, the contest will select one entrant as the Queen of the Kitchen. She will be awarded a number of outstanding prizes.
One of the top prizes will be a complete set of aluminumware for cooking, valued at \$180. Other prizes will be added to this valuable award.
"The Queen of the Kitchen" contest, Leo Spitzhart, fair manager said, "is separate and apart from the various awards and premiums offered by the fair." The prizes in this contest will go to the woman adjudged the tops in kitchen skill as selected on the basis of the awards or premiums her entries accumulate in the judging by the fair judges. A special panel of judges will select the "Queen of the Kitchen."
Awards to the winner will be made during fair week upon conclusion of all judging in the culinary department headed by Mrs. Gladys Turnbull.

CURTIS "CURT" DAY
Curtis "Curt" Day is one of the boys in our shop that you first meet. Drive in and give your repair instructions to him. He then will supervise your repair work to completion.
Curt has been with us for the past six months. He is trained in the very latest of Ford and Mercury repair work, and has several years of actual repair experience behind him. He first worked in his father's garage at Brownsville, Oregon, then moved to Eugene for a year and a half. He came to Roseburg about three years ago and, about the first of the year, he came to work for us.
Curt was born in the state of Wyoming, but has grown up in the state of Oregon. He says that he considers himself an Oregonian, especially when it comes to hunting and fishing. He considers his fishing equipment a must for good living. He is single, but (with a twinkle in his eye) he said "not for long."
To be sure of the ultimate in automotive repair, you can depend on your Ford and Mercury mechanic. He is trained to know your car best.
Curt says to be sure to have your car in perfect mechanical condition for the long LABOR DAY weekend ahead. Bring your car in now and have it thoroughly checked for any possible danger, by trained, competent mechanics... at prices you like to pay.

How the Mighty Fallen—Atlantic, the once-proud white stallion Benito Mussolini rode in scores of Fascist parades and reviews, now humbly pulls a sightseeing carriage around Rome. Immediately after the war, the 20-year-old horse was bought by a movie company and used in several films. Then it was sold to a cab service and until a few months ago hauled sight-seers through the capital. Now, with little demand for horse cabs, the owners of Il Duca's old steed accept any pay load, such as the load of hay he's pulling above.
