

FRESH CORN!

Safeway takes special care to bring you sweet corn at its peak of goodness! To begin with, our buyers select only the plumpest young ears. And they insist that the corn be picked in the cool of early morning before the sun's heat can drive away any of the juicy flavor from the tender kernels. Then the corn is rushed to our stores...all its natural goodness protected by controlled refrigeration. Like all our fruits and vegetables, corn at Safeway is *guaranteed to be exactly right...* fresh and flavorful...or your money back.
