Solomon Island Bible Translation Finished

SYDNEY, Australia (P)—The British and Foreign Bible Society will soon publish a translation of the complete Bible by a group of comparatively uneducated Solomon Island natives.

The translation, into Ulesaghi, a language spoken by thousands of natives who live on islands surrounding the Marovo Lagoon in the Western Solomons, has been made by three Seventh Day Adventist native teachers and an Australian Adventist missionary.

CORNY MYSTERY—This young lady with the tape measure seems a bit mystified at the plant beside her. And no wonder. It's a corn stalk growing very lustily out of a crack in the pavement on the corner of Washington and Jefferson Street near Chicago's busy Loop section.

Chess Players Move Indoors In NY Park

NEW YORK (P)—Central Park's chess and checker players will move from the park benches into a brand new heated building this fall, thanks to an anonymous donation of \$38,000.

The brick shelter will house 14 game tables with space for 28 games and a goodly space for kibitzers. The octagonal structure will be 35 feet in diameter.

The park's several hundred chess and checker enthusiasts of all ages have played outdoors in all kinds of weather since an old rustic wooden building burned down a number of years ago.

The French humanitarians Montesquieu and Rousseau are credited with advancing the thesis that soldiers who lay down their arms are entitled to life and humane treatment.

Copper And Aluminum Go Off Critical List

WASHINGTON (P)—The government took copper and aluminum off its critical list today and indicated an improving metal supply situation may permit a big boost in military and civilian production next year.

Do you believe in ^{Dollar} signs?

THERE are a lot of signs to guide you to the best buy in automobiles.

Popularity is a good sign.

It means that a lot of people have tried a car and found it good. So it's important to know that Buick is today—and has been since 1938—the most popular car outside the "low-priced three."

Room, comfort, power, ride are good signs.

So it's important to know that you can pay hundreds of dollars more and not

beat the room and comfort you get in a Buick SPECIAL.

Nor, at the price, can you match its power. And only Buick gives you a real million dollar ride.

Doesn't all this give you a hint?

Doesn't it suggest that you ought to try out a Buick—sample its Fireball 8 Engine—find out how it takes you over the road—feel the sure control that is yours on curves—discover its "big car" room and smoothness?

Do that—and look at the dollars on the price tag—and we know what you'll find out:

If you can afford a new car, you can own a Buick—and boy, what fun that will be!

Equipment, accessories, trim and models are subject to change without notice.

Sure is true for '52
