# Glendale Pre-School Clinic Required For New Students

By MRS. GERALD B. FOX

One hundred and fifteen students, first graders and high school freshmen, were examined at the Glendale pre-school clinic held at the school on the morning of Aug. 22. This was fewer than expected by school authorities. According to Mrs. Densley, P.T.A. president, any students entering either first or ninth grades, who missed this examination, must have examination certificates from their family doctor before entering school this fall. Blanks may be obtained from Mrs. Densley at her home near the Cow Creek bridge east of town. In addition to the doctor's certificate, first graders are required to bring birth certificates on the opening day of school.

**Unusually Wire To Go**

The Glendale Telephone Company is expecting shipment any day of 1000 feet of cable to stretch from the telephone office to the Glendale arch. The use of the cable will eliminate wires in the area.

According to a recent announcement by the Glendale branch of the California Oregon Power Company, all electric bills are to be paid in the future at the office of the Glendale Telephone Company 24 hours a day, and it is rendering a real public service in making this possible. The Copco representative, Mr. Reibling, has found that he has too many responsibilities to keep his office open for payments.

**License Examinations Here**

Drivers License Examiners will be in Glendale September 10. Air breaks went out on a heavy truck in Glendale last week. The truck, parked on a slope on Pacific Avenue, Glendale's main street, slammed into the parked car of Mrs. Ray Cobb of this city. The automobile, which she had left on a few moments before, was thrown up onto the sidewalk, walked into the window of Al Mohr's Shoe Shop. The truck involved in the accident belonged to a street paving crew which was working on Glendale streets at the time. Mrs. Cobb's car was a total wreck, but both vehicles were covered by insurance.

The Glendale Beauty Shop opened recently under new management with Dorothy Rondeau, new proprietress. In addition to moving the business one door west—it now occupies the space formerly used by the Glendale Service-Yourself Laundry. The Glendale Laundry carries on its business in the old beauty shop location. Miss Rondeau has had the building redecorated. A new partition has been built, walls have been painted and floors refinished. The shop was closed about three

months before Miss Rondeau took charge late last month.

**Glendale Hotel Repaired**

The Glendale Hotel is being renovated by H. McDougall, operator. An entire new roof was installed this summer with insulation beneath. In addition, the hotel is being painted, inside and out, and much furniture has been replaced. Mr. McDougall has closed out his second-hand store business on the first floor because he hasn't time to manage both.

Some time ago, new mattresses and springs were added, and now, with walls repainted, new plastic curtains, new pictures on the walls, and new floor finish where necessary, the hotel is taking on a wholly bright and modern look. A new bathroom and linen closet have been installed, and lobby furniture has been reupholstered and covered with attractive plastic.

## Both Parties To Spend Millions On Riado, TV

WASHINGTON (AP)—Republicans and Democrats plan to spend more than \$3½ million dollars to put their national candidates on radio and television.

Robert Humphreys, publicity director of the Republican National Committee, said yesterday up to two million dollars will be spent by the GOP.

The Democratic National Committee has contracted for more than \$1½ million dollars.

**SLICKERS' VICTIM**

RICHMOND, Ind. (AP)—A 12-year-old country boy in town to buy school books turned in a false fire alarm.

Some city boys, he explained to police later, told him if he pulled the lever in the red box a bird would pop out and forecast the weather.

He was given better information and sent home.

**Flying Saucers Just Imaginary, Pace Says**

NEW YORK (AP)—Secretary of the Army Frank Pace says he thinks flying saucers "are products of the imagination."

"I think we have enough real problems to worry about without conjuring up imaginary ones," Pace said on an NBC television program last night.

**MERLIN LOGGER KILLED**

GRANTS PASS (AP)—A log slipped from a truck at the B & B Lumber Company operation 25 miles northwest of here Wednesday, killing Melvin Lee Hurst, 24, Merlin, Ore. Hurst, employed for only three days, was working with Harold Brunner, part owner of the company. His skull was crushed. The widow and two small children survive.

**Angry Patrons Request Removal Of Phones**

LONE WOLF, Okla. (AP)—Telephone users at this small Kiowa county community, faced with higher rates, decided to forget Alexander Graham Bell ever invented the machine.

So 84 out of 165 subscribers told the Southwestern States Telephone Co. it could come and get the phones.

The furor started Aug. 21 when residential rates went up from \$2.50 to \$3.75.

M. E. Barnes, telephone company manager, commented: "We have nothing against Lone Wolf, but this is just a state-wide increase."

**If It's Wood—McCulloch Will Cut It!**

McCulloch chain saws are in the news. You can't beat them for high-speed logging, cutting cordwood, land clearing, and other timber work. The reason for the McCulloch's great popularity is simply this: the power there... but the weight isn't! You don't need to take our word for it. Come in and see for yourself.

**Try One Yourself**

Within the next few days, stop by our store for a real demonstration of wood cutting. Or give us a call and we'll try to arrange a show for you at your place. There's no obligation. We want you to see what a McCulloch can do.
