Finance System Opens Roseburg Branch Office

GENE MCCOY
Heads New Loan Office

The eighth branch office in Oregon of Pacific Finance Loans, reportedly one of America's largest finance companies, was opened today in Roseburg at 300 W. Cass St. This is the company's 152nd office to be opened in the 15 western and midwestern states in which Pacific Finance now operates.

According to Gene McCoy, manager of the local office, his company has taken over the Roseburg branch office of Calkins Finance and expects to invest heavily

ily in consumer loans in this community.

O. J. Kennerly, formerly of the Calkins firm, will remain in Pacific's employ as assistant manager.

Before coming to Roseburg, McCoy, the new consumer loans manager, worked in Pacific Finance's Salem office. During the last war he served in the army as an ambulance driver and served in Korea during the early days of the occupation.

McCoy states he has been interested in Roseburg for several years because of its many activities and was very happy to learn of his transfer here.

Opening today of the PF Roseburg office is part of the company's long-range expansion program begun in 1951. According to McCoy, the company has opened more than 50 consumer loan offices in the past year and a half. Branches are located in Missouri, Arizona, Arkansas, Texas, Oklahoma, Utah, Idaho, Michigan, Indiana, Illinois, Ohio, Wisconsin and the three Pacific Coast states.

ORDINANCES RE-CODIFIED

City of Oakland ordinances dating back to the city's formation in 1878 are being re-codified, City Recorder Fred Hewitt reports.

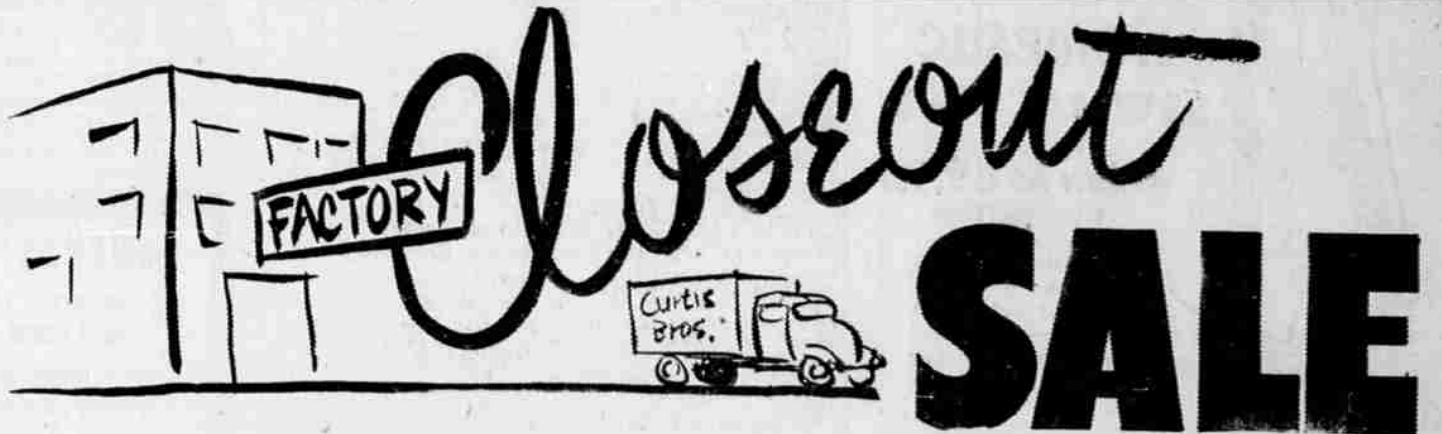

He said the ordinances were in bad shape with many of them written in long hand and hardly readable.

WE JOIN OUR OPPONENTS!

Monday, September 29, 1952.—Ellery Silla, President of the Oregon Highway Council, the organization which placed the highway tax initiative measure on the ballot that is under fire in a suit in the tax court of Marion county, that court of Ben Chandler, chairman of the Oregon Highway Commission and others, today endorsed the objectives of this suit and expressed the hope that the court would decide in favor of the plaintiffs.

"This suit," he stated, "asks that a price be placed on this law—that is, that under the provisions of a 1951 act, there be a statement printed on the ballot giving the amount of revenue that will be affected by its passage. This figure is arrived at by a committee composed of the Secretary of State, the State Treasurer and the Executive Secretary to the Governor.

"Attorney Gen. George Neuner has ruled that the provisions of the act do not apply to this particular measure, and we have been willing to abide by his decision.

"However, we see in this suit a means for getting a fair and impartial estimate of the public and the presented to the public and the clearing up of fantastic and irrational claims that are now being made. We hope the suit is successful, and offer any assistance in our power.

"We want only a fair and impartial presentation of this problem, and will do everything possible to bring it about."

On Saturday, September 27, the following news release was issued to the Portland newspapers and news services—
