It's Your Duty and Privilege To VOTE

So Vote YES on Proposition No. 1, which states that each Roseburg residence should have a dish washer. (And it should be a Crosley). We mean to clean up the situation. We won't throw cold water on anything but we'll sure make it hot for any dirty proposition. Come out and see a dishwasher at work. It's a pleasure to watch an expert perform. It actually does a better job and really isn't awfully expensive. FHA terms with small down payment and easy payments on balance. . . . Come out to SPECIALIZED BUILDING SUPPLY. We'll be watching for you. (This is a paid non-political adv.)

SPOT ADVICE
KEEP TAFFETAS BEAUTIFUL

One way they can be beautiful is on a beautiful woman. Another way they can be beautiful is for a woman — any of woman — to wear a beautiful taffeta, smartly styled, originally designed and impeccably finished.

But here's something that's for sure: One or two wearings is all you can expect without appreciable trouble from these three types of taffetas:

- Weighted silk taffetas
- Regenerated rayon taffetas, and
- Paper taffetas

These three, dear lady, are unpredictable, deteriorate and, generally cause trouble as they cannot be properly cleaned and come out looking like something you have never bought.

IF YOU WANT TO BE S-A-F-E — buy only pure silk or pure cellulose acetate taffetas, and insist on assurance from the merchant that the dress, bedspread, drapes or whatever it is will stand up under cleaning. Remember, price itself is no criterion because even expensive materials are often interwoven with threads of regenerated rayon. And, if the merchant can't assure you, don't buy it. Go somewhere else, or pick a fabric on which he can give you a positive guarantee.

And let's just make one more thing clear, please. We'd be glad to help you with any garment or fabric problem you may have. Feel free to call on us.
