

Townpeople sweated through the hottest October day since 1945 here Monday when thermometers registered a high of 94 degrees.

On Oct. 1, 1945 the temperature was the same — 94.

But it's been hotter here in October. On Oct. 10, 1934, Roseburg sweltered in 96-degree heat.

Immediate relief is in sight, though, local weather bureau officials report. Today's predicted high is 84, with the mercury expected to drop another two degrees Wednesday.

Hunters keeping loggers and hunters from the forests are still down. Low Monday was 22 per cent in the local area, with a low of 20 to 25 per cent forecast for today.

Phone Employees Receive Award For Safety Record

Telephone employees in Roseburg belong to a group having an accident rate less than one-fifth that of industry in general.

This was made known today with announcement by Pacific Telephone Manager J. S. McGuire that the National Safety Council has presented its award of honor to Bell System companies throughout the country for their outstanding safety record during 1950 and 1951.

ROSEBURG—120 West Oak St., Dial 3-5574
SUTHERLIN—West Central, Phone 2988

WHY WHEN THE TRUTH IS:

More than 80% of Oregon's Dairy Farmers (who really know the milk business) oppose the tricky substitute initiative. They are fighting it with every hard-earned dollar they can spare, because they know it could threaten your steady supply of rich, wholesome milk.

HANS LEUTHOLD, Tillamook dairy farmer, says:

"The milk consumer in Oregon, as well as our many small dairy farmers, should be seriously concerned over the attempt of an out-of-state grocery chain to pass a substitute milk control initiative promoted by them to serve their own selfish interests. YOU are not protected under their initiative. Oregon's \$70,000,000 dairy industry, so vitally important to our state agriculture economy, is not protected, either. Your present supply of rich, sanitary, wholesome milk at present fair prices, and our ability to better our herds and sanitary equipment, IS PROTECTED under our present FAIR law. Let's keep it!"

HERE IS THE TRUTH ABOUT YOUR PRESENT MILK CONTROL LAW!

- IT DOES ASSURE YOU and your family a steady supply of rich, wholesome milk at uniform, low prices the year 'round.
- IT DOES AFFECT YOUR milk's sanitation and purity by giving dairy farmers a stable market and so a chance to maintain better herds and keep modernized the high-priced equipment needed.
- IT DOES PREVENT YOUR milk supply from falling under control of a politically appointed one-man dictator as called for under the out-of-state promoted initiative. At present, a 7-man Board of Agriculture fairly administers the GOOD Oregon Milk Control Law to your best interests.

DON'T BE TRICKED into repealing our FAIR MILK LAW that has worked so well for 19 years.

Vote 333 X NO

PROTECT Your steady milk supply at FAIR PRICES. OREGON'S many small dairy farmers. **VOTE WITH THOSE WHO KNOW THE MILK INDUSTRY... Vote 333 X NO!**

Pd. adv. by Oregon Milk Producers Committee, Stan Church, Sec'y-Mgr., 912 Corbett Bldg., Portland 4, Oregon.

WILL ROGERS, Jr. and JANE WYMAN acknowledge applause in a scene from Warner's "THE STORY OF WILL ROGERS." Technicolor.

Stalin Predicts Capitalists Will Engage In War

MOSCOW (AP) — Prime Minister Stalin said Thursday a war between capitalist countries is more probable than a war between capitalist and socialist (i.e., Communist) countries.

Stalin said wars between the capitalist nations of the world are inevitable.

The Soviet leader made these statements in a 50-page article in the Communist Party magazine "Bolshevik" on the eve of the Communist Party Congress, opening here next Sunday.

Again expressing his views, Stalin said he was correcting the mistakes of other Communists who believed there was little likelihood of conflicts between capitalist countries because the United States, as they stated it, had subjected them to satellite positions.

Stalin said: "Certain comrades contend that because of new international conditions following the second world war, wars between capitalist countries ceased to be inevitable."

These comrades, the Soviet leader said, are mistaken. He explained they felt that contradictions between capitalist countries themselves — that they take the view the United States has subjected other capitalist countries that there is little possibility of future wars between them.

Not so, said Stalin.

The Stalin statement about the unlikelihood of war between the capitalist and Communist world seems to contradict his previous, oft-quoted statement that such a clash must come. That statement was made in 1927 by Stalin to a visiting American workers' delegation in Moscow. Stalin told them:

"Thus, in the course of the further development of the international revolution and the international reaction, two centers will emerge on a world scale — a socialist center attracting the countries gravitating toward socialism and a capitalist center attracting the countries gravitating toward

capitalism. The struggle between these two camps will settle the fate of capitalism and socialism throughout the world."

Last April Stalin told a group of American newspaper editors and radio men that he believed a third world war was no closer at that time than it was two or three years previously. Stalin also added that he believed peaceful co-existence of capitalism and communism was quite possible under these conditions — a mutual desire for co-operation, a readiness to fulfill undertaken obligations, observance of the principle of equality and non-interference in internal affairs of other states.

On Feb. 16, 1951, Stalin told the newspaper Pravda that a new world war "at least for the present time cannot be considered inevitable." This was accompanied by a blast at the U. N. for its action in Korea.

Oregon Traffic Law Penalizes Romeo Drivers

Highway Romeos have some advice from the Secretary of State's office — one armed driving, says the office, can be a mighty dangerous practice, in more ways than one.

To prove its point, the office said the September list of traffic violations and driver license suspensions included suspension of one driver's license after conviction of "driving while under embrace."

The court recommended the suspension for violation of a little-known section of Oregon law which says it is unlawful to operate a motor vehicle when the driver "has in his lap, or in his or her embrace another person, baggage or other encumbrance which prevents the free and unhampered operation of such motor vehicle."

Other suspensions for September, for more frequent charges, included 298 for driving while intoxicated, 35, reckless driving; 22, failure to report an accident; and 13, violation of the basic rule.

Eleven drivers had licenses suspended because driving records indicated they were bad accident and violation risks on the highway.

Hollywood Tough Guy To Aid Eddie Cantor

HOLLYWOOD (AP) — One of the movies' tough guys, Edward G. Robinson, leaves for the East tonight to replace Eddie Cantor in the Bonds for Israel campaign. He will visit Chicago, Detroit and Cleveland rallies.

Meanwhile, Cantor continues to improve at Cedars of Lebanon Hospital, where he has been confined since a heart attack last week following his first TV show of the season.

Highway Accident Cause Of Amputation Of Arm

LAKEVIEW (AP) — James L. Blankenship, 67, Klamath Falls, suffered amputation of his left arm in a hospital here Friday afternoon, the result of a highway accident. His car and a grain truck sidwiped on a narrow bridge seven miles west of Lakeview.

In severe shock, his condition was serious.

War Contract Fraud Money Recovery Small

WASHINGTON (AP) — The Justice Department, says a House investigating group, has recovered only \$300,000, allegedly fraudulent World War II contracts totaling 21 million dollars.

Asserting the fraud charges were referred to the department four years ago by the General Accounting Office, a House judiciary subcommittee said the department has "taken an excessive amount of time in moving to recover money due the United States government."

In a report to the House Sunday night, the subcommittee said the department's record in handling cases of overpayments to private contractors is "shameful."

Former Deputy Atty.-Gen. Peyton Ford was held directly responsible for the delays, and Assistant Atty.-Gen. Holmes Baldrige and his predecessor as head of the claims division, H. Graham Morrison, were criticized for lack of forceful prosecution.

None of the three was reached for comment.

Other Criticism Levelled

The report, the first in a series on an investigation of the Justice Department by a subcommittee headed by Rep. Chelf (D-Ky.), also criticized George S. Petzer, former assistant U. S. attorney in Detroit. It said that on Petzer's recommendation a claim of \$1,300,000 against the Michigan School of Trades, Inc., was settled for \$83,000.

In another action over the week end, Rep. Chelf said an examination of FBI files in the 1946 Kansas City vote fraud case disclosed "no new or startling evidence."

Coral Society Orchestra To Present Concert

By CORINNE WOODARD

The Roseburg Symphony Orchestra will join with Roseburg Choral Society in presentation of "The Messiah" at the Junior High School Auditorium, during the Christmas season, in December, Frank Moore, president of the Choral Society, announced.

Two numbers not given in previous concerts are being rehearsed by the Choral Society in weekly practice at the Junior High School music room, under the direction of S. Clarence Trued.

Associate membership tickets were distributed to the members of the Choral Society, following rehearsal Monday night. These memberships entitle the purchaser to two free seats at all Choral Society concerts, and names of associate members will be printed on the programs. All who wish to contribute to the work of the Choral Society, but are not able to give time to singing with the group, may purchase associate memberships from any Choral Society member.

A good-sized group is now in attendance at the rehearsals each Monday night at 7:30, but memberships are still open for anyone who can sing. A goal of 150 voices has been set for the "Messiah" concert.

MARLIN YODER TO SPEAK

Marlin Yoder, principal of the Camas Valley School, will be guest speaker at the Lookingglass PTA meeting Friday, Oct. 10, at 8 p.m., at the Lookingglass School. Mr. Yoder will talk on "The Reorganization of the School District Bill" to be voted on Nov. 4.

Mothers of 6th, 7th and 8th grade students will furnish refreshments.

Cabot's Wife Is O.K. After Blood Transfusion

HOLLYWOOD (AP)—Actor Bruce Cabot's estranged wife, Francesca Cabot Scaffa, was progressing satisfactorily today after a series of blood transfusions following the birth of a daughter.

The child was born Thursday night and was named Alfonsine for Francesca's mother.

The Cabots were divorced last Nov. 27, but last month her attorney won court permission to amend the complaint and put off the final decree, explaining that as the result of a reconciliation she was to have a child. Mrs. Cabot said, however, that she doesn't expect another reconciliation.

"We are not getting along," she explained.

Suterlin's City Hall Plans Will Be Revised

The Portland architectural firm of Roald, Schmeier and Harrington will revise plans for Suterlin's city hall following a meeting with the City Council and planning commission Monday night.

The outward appearance of the building will remain approximately the same, but the interior will be rearranged some, City Manager W. D. Bollman said.

The council is expected to approve the plans at a later meeting.
