Says Wonderful Things About You!

The instant your beautiful Cadillac points its crest into view, it begins to say wonderful things about you.

It says, almost as plainly as if the words were written out, that you are a person of achievement in your own world of affairs.

It talks of your good judgment and your splendid taste—and indicates your sense of responsibility for those who ride with you as passengers, or drive beside you in the traffic lanes.

It speaks of your family and home and your way of life—and, in general, paves the way for the respect of those you encounter as you sit at its wheel.

This is true because those who own Cadillacs form a virtual "Who's Who" of America's highways. In almost every community in the country, it is obvious that Cadillac is the favored car of the leading people.

The reason for this, of course, is found in the history of the car itself.

For fifty years, it has been the unwavering purpose to make Cadillac as fine a car as it is practical to produce. Goodness has always been the watchword—craftsmanship has always been the creed.

As a result, Cadillac has long been known and accepted as "The Standard of the World." And, inevitably, people who want and seek the finest have turned to Cadillac.

That's why the man who sits at the wheel of a Cadillac is an accepted member of the most distinguished motoring family to be found anywhere.

If you are ready for membership in this incomparable group, better come in and see us soon. We'd be happy to welcome you at any time.
