

Soviet Claims US To Launch War On Russia

MOSCOW — Soviet Deputy Premier Marshal Nikolai A. Bulganin has told the 19th Soviet Communist party congress there is a real danger that the United States will launch a war against Russia.

Because of this, the Soviet economy is kept in constant readiness to go on a war footing at a moment's notice, he said in a speech to the congress last Wednesday.

The text of his address was made public here Saturday as party delegates prepared to wind up this historic congress—the Soviet Union's first in 13 years.

Only the last item on the agenda remained. This is the election of party officers, including members of the central committee's ruling secretariat.

Prime Minister Stalin most likely will be re-elected secretary-general.

Under the party reorganization plan already approved by the

Five Salem High Youths In Fraternity Dropped

SALEM — Five Salem High School youths were suspended and another 15 withdrew from school following the investigation Tuesday of an illegal fraternity.

Secret fraternities in high schools are forbidden by state law, E. A. Carleton, principal, said in reporting the suspensions and withdrawals.

The 15 who withdrew, most of them seniors, had admitted membership in the secret society, Carleton said. The cases of the other five will be brought before a school board for further consideration, he said.

Harry B. Johnson, assistant superintendent of Salem public schools, said the boys who withdrew probably would enroll in high schools in the surrounding area.

Ike Only Hope Of Korean War Ending -- Taft

BLOOMINGTON, Ind. — Sen. Robert A. Taft says "the only hope" of ending the Korean War is election of Republican Dwight D. Eisenhower as President and reelection of GOP Senators like William E. Jenner of Indiana.

The Ohio senator urged support of Jenner as a rebuff to "smear artists" he said were set back on their heels by re-election of Taft two years ago in Ohio and the Wisconsin primary triumph of Sen. Joseph R. McCarthy last month.

Taft and 12 other Republican senators fanned across Indiana Friday in a "Bill Jenner Day" program of speeches in various cities. All were aimed at helping Jenner defeat Democratic Gov. Henry F. Schricker's strong bid for Jenner's Senate seat.

In introducing Taft, Jenner called the Korean struggle "a treadmill war which won't let our boys win."

He said he and Taft and McCarthy have been the victims of "smears." Taft agreed, and urged voters to put Jenner "over the hump."

At Indianapolis earlier Taft predicted the Republicans will win a Senate majority Nov. 4 but he said he wanted GOP workers to "worry" about the outcome of the presidential contest because it is "not certain."

HARROW, England — Police announced Saturday 108 persons—including five Americans—died in Wednesday's triple train crash here. Five victims still remained unidentified.

But rail officials said there still are several tons of debris to be untangled and sifted before they can be certain that the last body has been found.

The police death toll announcement revised earlier estimates that had ranged as high as 114.

Ike Promises Public Report On His Finances

PHOENIX, Ariz. — Gen. Dwight D. Eisenhower said Friday he will make public before the election a report on his financial status.

Arriving in Phoenix, Eisenhower was asked this question: "May we have an answer directly from you to the question whether you intend to make public before election time your income tax returns or a financial statement giving substantially the same information?"

Eisenhower replied: "Of course. If anyone is interested they can have a report as soon as it is completed. It is virtually all a matter of public record anyway."

This statement came after reports Eisenhower had no intention at this time of making his financial affairs public.

Eisenhower's statement did not make clear whether he intended to open his full income tax returns for public inspection.

But some of his aides said the statement did not mean necessarily income tax returns would be opened.

They left the impression that a financial statement of some kind will be thrown open for inspection, however, which they say would give virtually a complete story of the general's financial position.

Canadian Co. Is Authorized To Build Line

OTTAWA — The Board of Transport Commissioners Saturday authorized Westcoast Transmission Company to build a natural gas pipeline from the Peace River area to Vancouver, B.C., and the British Columbia-United States border.

Earlier, the board had given the company a qualified authorization for the 960-mile project, provided there were enough gas reserves in the Peace River district to justify the line.

In its final decision Saturday the board said a survey made by federal engineers had indicated reserves of two trillion, 506 billion cubic feet in the area straddling the Northern Alberta-British Columbia boundary.

On the basis of evidence before the board, the estimated reserves would be enough to supply for at least 25 years the company's expected markets in British Columbia and the U. S. Pacific Northwest.

To get into the U. S. market, Westcoast will need authorization from the Federal Power Commission of the U. S. It now has an application pending before that body.

It has been indicated the U. S. authorization is essential to the construction of the line, as the available British Columbia market is not considered large enough to carry the \$111,000,000 cost of the Canadian section of the project.

State Prison Guards Protest 26-Cent Meals

SALEM — State penitentiary convicts long have kicked about the food, but now the guards are complaining about it, too.

A grievance committee of the union chapter of the Oregon State Employees Association filed demands with the State Board of Control Friday.

They complained that the guards' food is poor, that their pay is too low, and that there aren't enough guards at the prison.

Guards don't have to eat at the prison, but most of them do. Their meals cost each guard 26 cents.

'Get Tough' Policy With Russia Urged

PORTLAND — A "get tough" policy with Russia was advocated here Thursday by Robert A. Vogeler, American businessman imprisoned for 17 months by the Red Hungarian government.

"We've tried appeasement long enough," said Vogeler, who was convicted on spy charges in Hungary. "It is time we started leading from strength and not from weakness," he said.

Vogeler is in Portland on a lecture tour.

Churchill Would Support Either Ike Or Adlai

SCARBOROUGH, Eng. — Prime Minister Churchill declared Saturday that either Gen. Eisenhower or Gov. Stevenson will insure America's leadership of free nations "in resistance to Communist aggression."

He described the rival candidates as "in character and ability two of (America's) finest men, and added: "Whichever wins, the United States will not abandon the mission of leading the free nations in resistance to Communist aggression and the underlying unities of the English-speaking world will grow broader and deeper and stronger as the years roll by."

Thirty-five hundred delegates at the Conservative Party's annual conference here cheered Churchill's pledge that Britain, for her part, will work for tighter British-American bonds. He accused the Russians of laying a snare to divide the two English-speaking nations, but said Britons will avoid this trap.

Lack Of Action In Davies Case Stirs Senators

WASHINGTON — The Senate internal security subcommittee said today it was "gravely concerned" because (1) the Justice Department has not taken perjury action against John P. Davies Jr., and (2) he continues to hold an important government post.

In a letter to Atty. Gen. McGranery, the subcommittee requested that he advise Chairman McCarran D-Nev. of the Justice Department's "position and intentions in this matter."

Involved in the case is a mysterious intelligence Agency CIA, the tery-shrouded operation of the Congovernment's top counter-espionage organization, and the part played in it by Davies, a senior State Department official.

The subcommittee's letter to McGranery indicated the members feel that undisclosed evidence in the case should be made public now that Gen. Walter Bedell Smith, the CIA director, has said Communist agents may have infiltrated all federal security agencies.

Miss Who Became Mr. Weds His Housekeeper

ALFORD, Scotland — Dr. Ewan Forbes-Sempill, who changed his name from Elizabeth recently because of a sex change, married his housekeeper in a ceremony which locked doors here Friday night. The bride was 40-year-old Miss Isabel Mitchell.

The 20 guests included the doctor's brother, Lord Sempill.

Until an hour or two before the marriage, Forbes-Sempill carried on his medical duties as usual—without dropping a hint of the planned ceremony.

Then a few guests began arriving at his home, Brux Lodge. Soon afterwards the local priest, the Rev. Peter McEwan, knocked at the door.

Immediately afterwards the doorbell was disconnected and all callers were refused admission.

LOS ANGELES — A big Pacific Electric bus and a butane tank truck collided Saturday and the bus plunged 40 feet into an excavation, injuring an estimated 20 passengers, one critically.

Police said an even worse disaster was averted when the truck, teetering on the brink of the excavation, failed to tumble in atop the bus.
